Perfect Endings A Conscious Approach To Dying And Death:

Perfect Endings Robert Sachs, 1998-04-01 Written with lucidity and compassionate understanding *Perfect Endings* shows how the death experience is an expansion into a wider dimension of our core being As we move through our dying process all the strength and wisdom we have gained in a lifetime is called forth This is a time of quickening in which the final stages of living work themselves out as we step into our death and what lies beyond No matter how it appears it is in fact our finest hour our perfect ending Robert Sachs explains how he uses the Tibetan practice of phowa or conscious dying to aid this process in his own counseling practice Written as a series of stories that allow us to be privy to the inner workings of the dying process of individuals with whom Sachs worked as a professional hospice counselor each case illustrates a particular aspect of the transformative process that led each person to his or her own interior landscape Journeying in tandem with these souls Sachs presents different solutions to the task of letting go of life and provides valuable guidance for caregivers family members and those who are facing death themselves [Principles of Health Care Ethics](#) Richard Edmund

Healing Through the Shadow of Loss Deborah Morris Coryell,2004-04-21 In *Healing Through the Shadow of Loss* Deborah Morris Coryell describes grief as the experience of not having anywhere to place our love She reminds us that all losses must be grieved and that paying attention to even the most minute experience of loss can help us to be more in tune with ourselves allowing us to once again join the rhythm of life from which we have become disconnected **Becoming Buddha** Robert Sachs,2012-01-01 To Become Buddha is to AWAKE We need to awake to our personal responsibility not only for our own lives but for the world around us Individual efforts can change the world This book does not promise enlightenment but it will provide a path a path that if you follow it will transform your life Buddhist masters say that we are in a Dark Age Terrorist attacks wars economic failures and natural disasters have created an atmosphere of fear Tibetan masters encourage us not to lose heart catastrophes have happened before and we have overcome them Robert Sachs shows how Tibetan Buddhist teachings can have a real influence on our personal lives and equally on contemporary politics He

presents the four thoughts that revolutionize the mind and demonstrates how we must take personal responsibility for the future The Four Noble Truths show us there is no need to despair and the four components of action will change our attitude to life and give us practical instruction on how to act Using the power of meditation to make a difference we can turn the inherent goodness of the human race into positive energy to help transform the world The Venerable Chogyam Trungpa Rinpoche used to say A mind that is transformed free and cheerful can help create peace and happiness Let us start down the path from this very moment **The Quest** ,1998 The Passionate Buddha Robert Sachs,2002-07-01 Discusses the Buddhist meaning of true love and how to attain it in the modern world Interweaves Tantric Buddhist teachings with modern concerns such as monogamy and contraception Gives a holistic view of a healthy relationship from physical pleasure to emotional connections and spiritual transformation Discusses love in the broader Buddhist concepts of karma and reincarnation Beginning his book with the ringing question what are you waiting for Robert Sachs goes on to interweave traditional Buddhist thought with the concerns of the modern couple Using clear playful language Sachs describes the different aspects of healthy relationships within a Buddhist context However rather than just setting an ideal he clarifies how Buddhist practices not only can be integrated into a modern lifestyle but also can be powerful tools for the many changes that occur in any loving relationship Sachs also considers the role of each individual in a relationship showing that a couple may develop or possess qualities of being an indivisible unit but that where the real work lies is when two people are committed to grow and change with one another He offers techniques for finding oneself both in and out of a relationship and ideas on how to deal with anger and other emotions that arise in the course of life emotions that occur most intensely over the course of an intimate relationship The Passionate Buddha acts as a guide for all of those fumbling toward ecstasy in today's confusing world of relationships The Publishers Weekly ,2000 *American Book Publishing Record Cumulative 1998* R R Bowker Publishing,1999-03 **Death, Dying and the Ending of Life, Volumes I and II** Leslie P.
