Perfection in Death Patrick M. Clark,2015-11-03 Perfection in Death compares and contrasts the relationship between
conceptions of courage and death in the thought of Aquinas and his ancient philosophical sources At the center of this
investigation is Aquinas identification of martyrdom as the paradigmatic act of courage as well as the greatest proof of the
perfection of charity Such a portrayal of perfection in death bears some resemblance to the ancient tradition of noble death
but departs from it in decisive ways Clark argues that this departure can only be fully understood in light of an accompanying
transformation of the metaphysical and anthropological framework underlying ancient theories of virtue Perfection in Death
aims to provide a new theological account of this paradigm shift in light of contemporary Thomistic scholarship The
