Perfecting Your Emotional Energy Sphere Shyam Mehta,2006-02-01 Nowadays it is fashionable for psychologists to invent personality tests You are deemed to be one personality type or another All this is not helpful for a person wishing to effect fundamental cure You need to tackle the root cause which is the single emotional disease that is adversely impacting the ability of your mind to absorb information properly to analyze it dispassionately and come to correct decisions In this book I set out how you can solve your emotional difficulties Poems and Songs Shyam Mehta,2009-08-23 In reality a poem can also be a song So this book is also a collection of songs on different topics With good wishes to you all *Yoga: The Iyengar Way, Part II* Shyam Mehta,2009-07-05 The book *Yoga The Iyengar Way* was immensely popular amongst all yoga students across the world It was the first book to in an attractive way set out how to do the yoga asanas in a considered and reflective fashion with enormous attention to detail that the postures warrant Here one of the co authors of *Yoga The Iyengar Way* adds all the additional knowledge you need to be able to help yourself with all the structural and mental ailments that afflict mankind today The Psychology of the Mind Shyam Mehta,2009-07 Academic knowledge is of academic interest In this book I set out several new sciences relevant to mankind All of these sciences can be directly applied by yourself for your benefit They make predictions about the consequences of your actions and are testable You can use your intuition or judgement to determine whether they are true or not from your perspective or you can wait for the outcome of scientific testing In reality this book sets out a new psychology for both the mind and the self These sciences and analyses and thoughts can help you in all the major aspects of your life Why wait **Oxford University** Shyam Mehta,2009-07-03 Book Comment from Leeds University Dear X Cool How about senile this has 2 letters less than demented Do I have your approval now All best wishes Shyam Look forward to it too I just think suffering from dementia sounds so much more sympathetic than demented but as you say you are straight to the point I don t think I disagree with the substance of anything you say as ever

Yoga Philosophy and Practice Shyam Mehta,2014 There are three sacred texts i e giving the word of God on Yoga the Bhagavad Gita the Yoga Sutras of Patanjali and the Hatha Yoga Pradipika by Svatiarama These set out completely different paths loving God self knowledge and health The Yoga Sutras in particular is shown in this book to be very strange There are three sacred texts underpinning the philosophy of Hinduism known as Vedanta the Upanishads the Bhagavad Gita and the Brahma Sutras There is one text underlying Christianity the Bible One version of the bible differs from another It has been subject to complex theological and political influences over the millennia Even in the New Testament Jesus says some nice things but some silly things Christianity gives a fourth path following Jesus There is one sacred text underlying Islam the

Koran Islam is a fifth way to submit to and serve God The Gita the Koran and the Yoga Sutras all state that you need to surrender to God in order to make progress on your life path Hatha yoga is preparatory to this They all say that you need to serve humanity Unlike with the Bible and the Yoga texts though the Gita and Koran do not ask you to believe in magic The author with 57 years of yoga practice 40 years of yoga teaching experience and a deep study of these texts has written this book from a practitioner's perspective He surrendered his body mind and soul to God in 2002 and since has been practicing Bhakti yoga with a view to serving God by helping all nice people he meets to be happy In this book he shows that the different texts highlight different paths that you may wish to follow you need to choose Whatever path you choose you will find that Kundalini Iyengar yoga will help you to serve God better by improving and maintaining your health The author hopes that this book will help you to find your life path to progress in it using Kundalini or Iyengar yoga to help you and to solve any physical sexual emotional love mental spiritual or divine energy sphere issues you may have and to become happier

Physics Shyam Mehta,2009-07-03 Dear Henry I think I need to think over what you say But you are not focussing on the big issues and the solutions that I propose I am really saying that Schrodinger is correct and that time is independent of space and that when these two are factored in the whole of modern physics then fits the facts About light travelling at the speed of infinity can we take that as a postulate in the book And then see how the equations of modern physics drop out if that is done E Mc DEGREES2 is another postulate as is that Schrodinger is correct These are the three postulates of new physics
