**Blackness at the Intersection** Kehinde Andrews, Kimberlé Crenshaw, Annabel Wilson, 2024-02-08 A ground breaking collection applying Crenshaw's concept of intersectionality to the black diasporic experience in Britain In the 1980s Professor Kimberlé Crenshaw first coined the term intersectionality Since then the concept has spread across national and disciplinary boundaries and has had a transformative impact on the way in which we understand identity and the experience of discrimination But outside the US the application of intersectional theory has largely been disconnected from any analysis of Blackness despite intersectionality's origins in critical race theory CRT Curated by Crenshaw Andrews and Wilson as well as several of the leading scholars of CRT this collection bridges that gap and is the first to apply both these concepts to contexts outside the US Focusing on Blackness in Britain the contributors examine how scholars and activists are employing intersectionality to foreground Black British experiences Its essays encompass key issues such as gender and Black womanhood issues of representation within contemporary British culture and the position of Black Britons within institutions such as the family education and health The book also looks to the role intersectionality can play in shaping future political activism and in forging links beyond Blackness to other social movements

*Children and Cultural Memory in Texts of Childhood* Heather Snell, Lorna Hutchison, 2013-11-07 The essays in this collection address the relationship between children and cultural memory in texts both for and about young people The collection overall is concerned with how cultural memory is shaped contested forgotten recovered and re-circulated sometimes in opposition to dominant national narratives and often for the benefit of young readers who are assumed not to possess any prior cultural memory From the innovative development of school libraries in the 1920s to the role of utopianism in fixing cultural memory for teen readers it provides a critical look into children and ideologies of childhood as they are represented in a broad spectrum of texts including film poetry literature

and architecture from Canada the United States Japan Germany Britain India and Spain These cultural forms collaborate to shape ideas and values in turn contributing to dominant discourses about national and global citizenship The essays included in the collection imply that childhood is an oft imagined idealist construction based in large part on participation identity and perception childhood is invisible and tangible exciting and intriguing and at times elusive even as cultural and literary artifacts recreate it Children and Cultural Memory in Texts of Childhood is a valuable resource for scholars of children s literature and culture readers interested in childhood and ideology and those working in the fields of diaspora and postcolonial studies

**Mnemopoetics** Valérie Bada, 2008 From its very beginning African American drama has borne witness to the creative power of the slaves to maintain their human dignity as well as to fashion a complex culture of survival If the memory of slavery has always been at the heart of the African American theatrical tradition it is the way in which it is processed and inscribed that has developed and is still changing Through the close reading and socio historical analysis of eight plays from 1939 to 1996 the author seeks to unravel the fluctuating patterns in the shaping of the theatrical memory of slavery long after its abolition To do so she defines the concept and practice of mnemopoetics as the making of memory through imagination as well as the critical approaches that decipher and interpret cultural productions of memory As a constellation of processes akin to the fluidity of memory mnemopoetics blends creative representation and critical exploration to suggest that the cultural creation of memory necessarily entails a self reflexive involvement with its own interpretation If slavery embodies the deep foundational memory of America African American drama represents the open communal space where it becomes possible to convert the irretrievable nature of a vicarious past into the redeeming function of a collective memory

Wimbush, 2022-03-18 These essays written over more than thirty years of Vincent L Wimbush's career as a scholar provide a response to the nearly universal persistent and sedimented modern world hyper signification of Black flesh always needing to be framed humiliated policed and dirtied Because Wimbush is a scholar of religion as culture having to do with social practices and their psycho politics as regimes of knowledge discourse formation and power relations his ex centric transdisciplinary interest in scriptures has been viewed in some circles as controversial Yet it is Wimbush's linkage of the modern hyper signification of Black flesh leading to racialization and racism especially anti Black racism to the scriptural as shorthand for discourse and relations of power that makes this work compelling      *Beyond A Love Supreme* Tony Whyton, 2013-07-18 Recorded by his quartet in a single session in 1964 A Love Supreme is widely considered John Coltrane's magnum opus and one of the greatest jazz albums of all time In *Beyond A Love Supreme* Tony Whyton explores both the musical complexities of A Love Supreme and the album's seminal importance in jazz history Marking Coltrane's transition from the bebop and hard bop of his earlier recordings to the free jazz style perfected throughout the rest of his career the album also embodies the deep spirituality that characterized the final years of his life The titles of the four part suite Acknowledgment Resolution Pursuance and Psalm along with the poem Coltrane composed for inclusion in the liner notes which he recites instrumentally in Psalm reflect the religious aspect of the album a quality that contributes to its mystique and symbolic importance within the canon of major jazz recordings But Whyton also shows how A Love Supreme challenges many of the traditional unreflective assumptions that permeate jazz culture the binary oppositions between improvisation and composition black music and white music live performance and studio recording He critically examines many of the mythologizing narratives about how the album was conceived and recorded and about what it signifies in terms of the trajectory of Coltrane's personal life Sifting through the criticism of late Coltrane Whyton suggests ways of listening to these recordings that go beyond the conventional ideologies of mainstream jazz practice and open the music to a wider range of responses Filled with fresh insights into one of the most influential recordings in jazz history *Beyond A Love Supreme* is an indispensable resource for jazz scholars jazz musicians and fans and aficionados at all levels      *Encyclopedia of the Black Arts Movement* Verner D. Wimbush, 2023-06-05 Continuing his project of critical analysis of the scriptural formation of culture Vincent L Wimbush has gathered in this book essays by scholars of various backgrounds and orientations who focus in different registers on the theme of masquerade as the play element in modern culture Masquerade functions as a window onto the mimetic performances dynamics arrangements psycho logics and politics scripturalizing by which the made up becomes fixed or one among our realities scripturalization Modern world racialization and its attendant explosions into racialisms and racisms as the hyper scripturalization of difference in human flesh registered in psychosocial relations as a type of scripture is argued in this book to be one of the most consequential examples and reflections of masquerade and thereby one of the primary impetuses behind and determinants of the shape of the realities of modernities The open window onto these realities is facilitated by touchstone references to not exhaustive treatment of a now famous eighteenth century life story The Interesting Narrative of the Life of Olaudah Equiano or Gustavus Vassa the African Written by Himself 1789 This story told by a complexly positioned Black fleshed self acknowledged ex slave stranger is itself a mask ing that throws light on the predominantly white Anglophone world as masking as scriptural formation Equiano Vassa s story as masking helps makes a compelling case for analyzing through Black flesh the ongoing shaping of the modern and the perduring mixed if not also devastating consequences **Untangling Blackness in Greek Antiquity** Sarah F. the spiritual and work song but also a way of examining the African American social and cultural experience He traces the growing history of jazz poetry and examines the work of four innovative and critically acclaimed African American poets whose work is informed by a jazz aesthetic Stephen Jonas 1925 1970 and the unjustly overlooked Bob Kaufman 1925 1986 who have affinities with Beat poetry Jayne Cortez 1936 whose work is rooted in surrealism and the difficult and demanding Nathaniel Mackey 1947 who has links to the language writers Each fashioned a significant and vibrant body of work that employs several of the key elements of jazz Anderson shows that through their use of complex musical and narrative weaves these poets incorporate both the tonal and performative structures of jazz and create work that articulates the African journey From improvisation to polyrhythm they crafted a unique poetics that expresses a profound debt to African American culture one that highlights the crucial connection between music and literary production and links them to such contemporary writers as Michael Harper Amiri Baraka and Yusef Komunyakaa as well as young recording artists United Future Organization Us3 and Groove Collection who have successfully merged hip hop poetry and jazz
