Performing Emotions Peta Tait, 2017-07-05 In *Performing Emotions* Peta Tait's central argument is that performing emotions in realism is also performing gender identity. This study integrates scholarship on realist drama, theatre and approaches to acting with interdisciplinary theories of emotion, phenomenology and gender theory. With chapters devoted to masculinity and femininity specifically as well as to emotions generally, it investigates social beliefs about emotions through Chekhov's four major plays in translation and English language commentaries on Constantin Stanislavski's direction of the play's first productions and his approaches to acting and Olga Knipper's acting of the central women characters. Tait demonstrates how theatrical emotions are predicated on embodied social performances and create cultural spaces of emotions. *Performing Emotions* investigates how sexual difference impacts on the representations of emotions. The book develops an accumulative analysis of the meanings of emotions in twentieth-century realist drama, theatre and acting.

Performing Culture John Tulloch, 1999-10-28 *Performing Culture* presents a detailed and probing account of cultural studies changing fixations with theory, method, policy, text, production, audience and the micro-politics of the everyday. John Tulloch encourages academics and students to take seriously the need to break down the separation between high and low cultural studies. Tulloch's case studies show that the performance of cultural meanings occurs in forms as diverse as The Royal Shakespeare Company's Shakespeare and Chekhov productions and our everyday work and leisure encounters. Drawing upon anthropological and dramatic studies of performance, the book emphasizes that academic research also performs cultural meaning. A central feature of the book is its

Comic Theaters William E. Gruber,2011-05-01 In Comic Theaters William E Gruber draws dramatic criticism beyond its traditional emphasis on the play s text toward a theory of theater that more fully incorporates performance The bare text is clothed in the cultural norms and conceptions of both actor and audience in performance in the conversion of words into action in the actor s creation of his role and in the audience s involvement with the scenes on stage Reinterpreting six comedies taken from classical Greek Renaissance and modern repertories Gruber shows how dramatic

meaning is derived not from traditional criteria archetypal motifs or unchanging affective responses but from changing concepts of theater and changing configurations of actor and role *Chekhov's Letters* Carol Apollonio,Radislav Lapushin,2018-10-15 Of the thirty volumes in the authoritative Academy edition of Chekhov s collected works fully twelve are devoted to the writer s letters This is the first book in English or Russian addressing this substantial though until now neglected epistolary corpus The majority of the essays gathered here represent new contributions by the world s major Chekhov scholars written especially for this volume or classics of Russian criticism appearing in English for the first time The introduction addresses the role of letters in Chekhov s life and characterizes the writer s key epistolary concerns After a series of essays addressing publication history translation and problems of censorship scholars analyze the letters generic qualities that draw upon variously prose poetry and drama Individual thematic studies focus on the letters as documents reflecting biographical cultural and philosophical issues The book culminates in a collection of short at times lyrical essays by eminent scholars and writers addressing a particularly memorable Chekhov letter Chekhov s Letters appeals to scholars writers and theater professionals as well to a general audience **Theatre Studios** Tom Cornford,2020-12-30 Theatre Studios explores the history of the studio model in England first established by Konstantin Stanislavsky Jacques Copeau and others in the early twentieth century and later developed in the UK primarily by Michel Saint Denis George Devine Michael Chekhov and Joan Littlewood whose studios are the focus of this study Cornford offers in depth accounts of the radical collective work of these leading theatre companies of the mid twentieth century considering the models of ensemble theatre making that they developed and their remnants in the newly publicly funded UK theatre establishment of the 1960s In the process this book develops an approach to understanding the politics of artistic practices rooted in the work of John Dewey Antonio Gramsci and the standpoint feminists It concludes by considering the legacy of the studio movement for twenty first century theatre partly by tracking its echoes in the work of Secret Theatre at the Lyric Hammersmith 2013 2015 Students and makers of theatre alike will find in this book a provocative and illuminating analysis of the politics of performance making and a history of the theatre as a site for developing counterhegemonic radically democratic anti individualist forms of cultural production **Modern Character** Julian Murphet,2024-03-05 In this groundbreaking and comprehensive study Julian Murphet examines how dramatists and prose writers at the turn of the twentieth century experimented with new forms of modern character Old truisms of character such as consistency depth and verisimilitude are eschewed in favour of inconsistency bad faith and fragmentation **Home on the Stage** Nicholas Grene,2014-10-02 Nicholas Grene explores the subject of domestic spaces in modern drama through close readings of nine major plays **Meyerhold on Theatre** Edward Braun,2016-01-28 Meyerhold on Theatre brings together in one volume Vsevolod Meyerhold s most significant writings and utterances and covers his entire career as a director from 1902 to 1939 It contains a comprehensive selection from all published material unabridged and translated from the original Russian updated and supplemented with a critical

commentary relating Meyerhold to his period and eye witness accounts describing all his productions The book is illustrated with photographs of Meyerhold s designs and productions Within this diverse collection of sometimes dense sometimes lyrical and always fascinating writings Meyerhold emerges from this book as a forerunner of such directors as Brecht Piscator Planchon and Brook a relentless enemy of naturalism and a supreme exponent of total theatre whose influence continues to be felt throughout the theatre of today This fourth edition features a new introduction by Prof Jonathan Pitches which helps to demystify some of the terminology Meyerhold and his associates used and indicates the fundamental connection between culture and politics represented in his life and art *The Great European Stage Directors Volume 3*

Jonathan Pitches,2021-10-07 This volume examines the work of directors Jacques Copeau Theodore Komisarjevsky and Tyrone Guthrie It explores in detail many of the directors key productions including Copeau s staging of Moli re s *The Tricks of Scapin* Komisarjevsky s signature season of Chekhov plays at the Barnes Theatre and Guthrie s pioneering direction of Shakespeare s plays in North America This study argues that their work exemplifies the complexity and novelty of the role of theatre directing in the first three quarters of the 20th century as Komisarjevsky was in the middle of the genesis of directing in Russia Copeau launched his directorial career just as the role was gaining definition and Guthrie was at the vanguard of directing in Britain at last shaking off the traditions of the actor manager to formulate the new role of artistic director
