A Short History of Shakespeare in Performance Richard Schoch, 2021-05-13 This short history of Shakespeare in global performance from the re opening of London theatres upon the restoration of the monarchy in 1660 to our present multicultural day provides a comprehensive overview of Shakespeare's theatrical afterlife and introduces categories of analysis and understanding to make that afterlife intellectually meaningful Written for both the advanced student and the practicing scholar this work enables readers to situate themselves historically in the broad field of Shakespeare performance studies and equips them with analytical tools and conceptual frameworks for making their own contributions to the field

Anthropocene Theater and the Shakespearean Stage William H. Steffen, 2023

Anthropocene Theater and the Shakespearean Stage revises the anthropocentric narrative of early globalization from the perspective of the non human world in order to demonstrate Nature's agency in determining ecological economic and colonial outcomes It welcomes readers to reimagine theater history in broader terms and to account for more non human and atmospheric players in the otherwise anthropocentric history of Shakespearean performance This book analyses plays horticultural manuals cosmetic recipes Puritan polemics and travel writing in order to demonstrate how the material practices of the stage both catalyze and resist early forms of globalization in an ecological arena William Steffen addresses the role of an understudied ecological performance history in determining Shakespeare's iconic cultural status and models how non human players have undermined Shakespeare's authoritative role in colonial discourse Finally this book makes a celebratory argument for the humanities in the age of climate change and invites interdisciplinary engagement a research community that is compelled to find strategies for cultivating a hopeful tomorrow amidst unprecedented anthropogenic environmental changes

Macready, Booth, Terry, Irving Richard Schoch,2014-03-27 A comprehensive critical analysis of the most important Shakespearean critics editors actors and directors This volume focuses on Shakespeare's reception by figures in Victorian theatre Bloody Tyrants and Little Pickles Marlis Schweitzer,2020-11-02 Bloody Tyrants and Little Pickles traces the theatrical repertoire of a small group of white Anglo American actresses as they reshaped the meanings of girlhood in Britain North America and the British West Indies during the first half of the nineteenth century It is a study of the possibilities and the problems girl performers presented as they adopted the manners and clothing of boys entered spaces intended for adults and assumed characters written for men It asks why masculine roles like Young Norval Richard III Little Pickle and Shylock came to seem normal and natural for young white girls to play and it considers how playwrights managers critics and audiences sought to contain or fix the at times dangerous plasticity they exhibited both on and off the stage Schweitzer analyzes the formation of a distinct repertoire for girls in the first half of the nineteenth century which delighted in precocity and playfulness and offered up a model of girlhood that was similarly joyful and fluid This evolving repertoire reflected shifting perspectives on girls place within Anglo American society including where and how they should behave and which girls had the right to appear at all Literature and Authenticity, 1780-1900 Michael Davies,2016-05-06 Individually and collectively these essays establish a new direction for scholarship that examines the crucial activities of reading and writing about literature and how they relate to authenticity Though authenticity is a term deep in literary resonance and rich in philosophical complexity its connotations relative to the study of literature have rarely been explored or exploited through detailed critical examination of individual writers and their works Here the notion of the authentic is recognised first and foremost as central to a range of literary and philosophical ways of thinking particularly for nineteenth century poets and novelists Distinct from studies of literary fakes and forgeries this collection focuses on authenticity as a central paradigm for approaching literature and its formation that bears on issues of authority self reliance truth originality the valid and the real and the genuine and inauthentic whether applied to the self or others Topics and authors include the spiritual autobiographies of William Cowper and John Newton Ruskin and travel writing British Romantic women poets William Wordsworth and P B Shelley Robert Southey and Anna Seward John Keats Lord Byron Elizabeth Gaskell Henry David Thoreau Henry Irving and Joseph Conrad The volume also includes a note on Professor Vincent Newey with a bibliography of his critical writings **Lives of Shakespearian Actors, Part V, Volume 1** Tetsuo Kishi,Anjna Chouhan,Katharine
