Metacinema in Contemporary Chinese Film G. Andrew Stuckey, 2018-08-17 Depictions within a movie of either filmmaking or film watching are hardly novel but the dramatic expansion of the reach of the metacinematic into contemporary Chinese cinemas is nothing short of remarkable To G Andrew Stuckey the prevalence of metacinematic features forms the basis of a discourse on film arising from the films themselves Such a discourse in turn outlines the boundaries of the possible for film in China as aesthetic or sociopolitical practice Metacinema also draws our attention to the presence of the audience people actively responding to a film In elucidating the affective responses elicited by the metacinematic mode in the viewers Stuckey argues that metacinema reflects ways of being in the world that audiences may take up for themselves The films studied in this book are drawn across the full spectrum of Chinese films made in mainland China Hong Kong and Taiwan during the 1990s and 2000s from award winning conceptual art films to popular crowd pleasers blockbusters to low budget productions and documentary style social realist expos projects to studio assembly line investments The recurrence of the metacinematic across this broad range of works is indicative of its relevance to Chinese films today and the analysis of these diverse examples allows us to gauge the cultural social and aesthetic implications of Chinese cinemas as a whole Stuckey surveys a broad swath of contemporary Chinese cinema from popular blockbusters to elite art films around the theme of metacinema yielding new insights into both previously neglected films and those already acknowledged as contemporary classics The result is a fascinating dive into the growing and diversifying cinema culture of China today Jason McGrath University of Minnesota Stuckey's brilliant work *Metacinema in Contemporary Chinese Film* offers insightful close analyses of films by key directors from the PRC Jiang Wen Lou Ye Jia Zhangke and Li Yu Hong Kong Peter Chan and Taiwan Tsai Ming-liang This clearly written book is essential reading for scholars and students of Chinese cinemas Stuckey's study of genre and metacinema makes it a must read for anyone interested in cinema Michelle Bloom University of California Riverside

Love Anthony Walsh,2016-06-30 Love is a little word with a universe of meanings and has engaged people s interest throughout human history The need to give and receive love lies deep within human nature Philosophers poets theologians sociologists and scientists have all attempted to explain its exact origin but is it an evolutionary adaptation or a social construct Walsh discusses that the nature of and need for love has biological origins He draws upon Darwin s sexual selection theory to define the perceptions of love by infants through the process of experience dependent brain wiring He observes that mother love makes a child capable of loving and that father love makes a child feel worthy of love He appraises the origin and purpose of romantic love in his discussions on sexual reproduction by looking at chemical and neurological responses to love and the influence of love on one s physical and mental health With frequent quotes from literary masters like Shakespeare to orient one s scientific and humanistic understanding of love Walsh goes on to explore various styles of romantic love including monogamy promiscuity bartering love and betrayed love the effects of a skewed sex ratio on dating and mating practices and the age old quest for a perfect society populated by perfect people obeying the biblical command to love one another

Ethics James Wm. McClendon JR.,James William, Jr. McClendon,2002-09-01 When it first appeared in 1986 James McClendon s Ethics laid claim to two compelling theological ideas first that a highly distinctive theological perspective characterizes the inheritors of the sixteenth century s radical reformation At the heart of this perspective is what McClendon calls the baptist vision a way of understanding the gospel that emphasizes the church s distinction from the world and its continuity with the church of the New Testament Second that because of its emphasis on the centrality of discipleship this radical reformation outlook insists that theology s first task is to discover and explore the shape of the church s common life as the body of Christ hence McClendon s novel decision to begin the task of writing a systematic theology with a volume on

ethics Since its first publication Ethics has been followed by Doctrine 1994 and Witness 2000 The completion of the overall work has brought into sharper focus many of the theological and ethical issues and concerns central to the baptist tradition In this revised edition of Ethics McClendon infuses his claim for the priority of ethics within the theological task with a new urgency born of the fuller more complete definition of the baptist vision that Doctrine and Witness have made possible Ethics is central he reminds us because biblical faith rests on a set of distinctive practices that arise from our placement within a larger Christian story In his revisions McClendon offers a more complete explanation of how the interaction of faithful practices and gospel story give rise to a way of life that is distinctively Christian **The Vibrant Life** Donna

Thomson, Donna Leslie Thomson, 2006-05-18 Here is a simple and direct method to enhance your physical and emotional health pay attention to your energy understand it and make effective use of it The meditations in this book will help you do just that Many of them take only a few minutes you can do them almost anywhere and the results might just change your life The Energetic Life is a manual of practical meditations to help you address the issues of modern life *The*

Incontrovertibility of Rainbows Anonymous, Paolo Manfredi, 2012-12 **Reforming the Humanities** P. Levine, 2009-12-21

Through an analysis of Dante's story of Paolo and Francesco this book combines contemporary ethical theory literary interpretation and historical narrative to defend the humanities as a source of moral guidance *Sweet Surrender* Dennis Hiebert, 2013-07-09 Every culture has a way of perceiving and practicing marriage Many contemporary Western Christians mistake what their culture prescribes regarding marriage with what the Bible portrays and thereby take as biblical what is merely cultural Uncritical conformity to cultural imperatives of marriage then becomes a Christian virtue and a sweet surrender Few recognize much less question this confusion even when its consequences are unhealthy In Sweet Surrender Dennis Hiebert challenges Christians to comprehend what is cultural in their view of marriage hold as optional what is not explicitly required by the Bible and live out their marriages within the transcendent grace of God Gaining greater awareness can free marriages from the control of culture for something more simply but deeply Christian Marriages benefit when they are released from cultural directives that are not biblical callings even if they choose to retain them as cultural practices This book is for Christians who are ready to rethink their assumptions about marriage **The Word Becomes Flesh** Adrienne

von Speyr, 2012-03-14 The first of von Speyr's scriptural commentaries focusing on her reflections on the first five chapters of John and the beginning of the public life of Our Lord She shares moving meditations on such profound and dramatic scenes as the witness of John the Baptist the call of the disciples the wedding at Cana the cleansing of the money changers in the temple the Samaritan woman etc The combination of the Scripture verses and her meditations provide rich nourishment for prayer and spiritual reading This series is particularly important because the spirituality of St John the Apostle of Divine Love was the central source of von Speyr's own inspiration and spiritual life **White Nights and Other Stories** Fyodor

Dostoevsky, 2020-07-31 Reproduction of the original White Nights and Other Stories by Fyodor Dostoevsky The Word

Adrienne von Speyr,2019-03-01 Von Speyr s book does not lend itself to any classification that I can think of It is not dogmatic theology still less is it exegesis There is nothing to do but to submit oneself to it if the reader emerges without having been crushed by it he will find himself strengthened and exhilarated by a new experience of Christian sensibility T S Eliot Adrienne von Speyr wrote an acclaimed four volume series of meditations on Saint John s Gospel and this volume presents her reflections on the Prologue 1 1 18 Her insights embrace the whole Christian revelation as well as its acceptance and rejection by men This work is a spiritual meditation of the highest quality the fruit of prayer discernment and communion with the sacramental life of the Church It provides rich nourishment for both theological reflection and contemplation
