Copyright Office,1914 *The Woman Who Dared* William M. Drew,2023-03-07 In the early days of motion pictures before superstars before studio conglomerates before even the advent of sound there was a woman named Pearl White 1889 1938 A quintessential beauty of the time with her perfectly tousled bob and come hither stare White s rise to

stardom was swift her assumption of the title of queen of American motion picture serials equally deserved Born the youngest of five children in a small rural Missouri farm town White first began performing in high school She would eventually make the decision to cut her education short dropping out to go on the Trousdale Stock Company A bit player in the early years of her career she was eventually spotted by the Powers Film Company in New York She made her film debut in 1910 and soon set herself apart from her female colleagues with her reputation for fearless performances that often involved her own stunt work It was that same daring attitude that would put her on the map internationally as an actress From flying airplanes to swimming across rapid rivers to racing cars in serials like *The Perils of Pauline* 1914 White was undaunted by the demands of her onscreen career She went on to star in popular serial classics such as *The New Exploits of Elaine* 1915 *The Iron Claw* 1916 *The Fatal Ring* 1917 and *The Lightning Raider* 1919 As active socially as she was professionally White would also lend her audacious spirit to activism as she took part in the early feminist movement Her bravery and mastery of her craft made her a positive role model for suffragettes who battled for women's rights in the United States *The Woman Who Dared The Life and Times of Pearl White Queen of the Serials* is the first full length biography of this pioneering star In this study of film history and female agency Drew delves into the cultural impact of White's work and how it evolved along a concurrent trajectory with the social upheavals of the Progressive Era

Catalog of Copyright Entries, 1914 *Women Filmmakers in Early Hollywood* Karen Ward Mahar, 2008-08-25 *Women Filmmakers in Early Hollywood* explores when how and why women were accepted as filmmakers in the 1910s and why by the 1920s those opportunities had disappeared In looking at the early film industry as an industry a place of work Mahar not only unravels the mystery of the disappearing female filmmaker but untangles the complicated relationship among gender work culture and business within modern industrial organizations In the early 1910s the film industry followed a theatrical model fostering an egalitarian work culture in which everyone male and female helped behind the scenes in a variety of jobs In this culture women thrived in powerful creative roles especially as writers directors and producers By the end of that decade however mushrooming star salaries and skyrocketing movie budgets prompted the creation of the studio system As the movie industry remade itself in the image of a modern American business the masculinization of filmmaking took root Mahar's study integrates feminist methodologies of examining the gendering of work with thorough historical scholarship of American industry and business culture Tracing the transformation of the film industry into a legitimate big business of the 1920s and explaining the fate of the female filmmaker during the silent era Mahar demonstrates how industrial growth and change can unexpectedly open and close opportunities for women

Menus for Movieland Richard Abel, 2015-09-01 At the turn of the past century the main function of a newspaper was to offer menus by which readers could make sense of modern life and imagine how to order their daily lives Among those menus in the mid 1910s were several that mediated the interests of movie manufacturers distributors exhibitors and the rapidly expanding audience of fans This writing about the movies arguably played a crucial role in the emergence of American popular film culture negotiating among national regional and local interests to shape fans ephemeral experience of moviegoing their repeated encounters with the fantasy worlds of movieland and their attractions to certain stories and stars Moreover many of these weekend pages daily columns and film reviews were written and consumed by women including one teenage girl who compiled a rare surviving set of scrapbooks Based on extensive original research *Menus for Movieland* substantially revises what moviegoing meant in the transition to what we now think of as Hollywood

'Russian Americans' in Soviet Film Marina L. Levitina, 2015-09-29 Certain aspects of American popular culture had a formative influence on early Soviet identity and aspirations Traditionally Soviet Russia and the United States between the 1920s and the 1940s are regarded as polar opposites on nearly every front Yet American films and translated adventure fiction were warmly received in 1920s Russia and partly shaped ideals of the New Soviet Person into the 1940s Cinema was crucial in propagating this new social hero While open admiration of American film stars and heroes of literary fiction in the Soviet press was restricted from the late 1920s onwards many positive heroes of Soviet Socialist Realist films in the 1930s and 1940s were partially a product of Soviet Americanism of the previous decade Some of the new Soviet heroes in films of the 1930s and 1940s possessed traits
