AGAINST CHRISTIANITY

DAVID
LIMBAUGH

Kenneth J. Collins

Persecution How Liberals Are Waging War Against Christianity:

Persecution David Limbaugh, 2003-08-01 A Christian lawyer and national syndicated columnist reveals what he sees as war being waged by liberals against Christians in the schools and in the public marketplace of ideas in America **The War for Children's Minds** Stephen Law, 2006-10 First Published in 2007 Routledge is an imprint of Taylor Francis an informal company **The Myth of Persecution** Candida Moss, 2013-03-05 An expert on early Christianity reveals how the early church invented stories of Christian martyrs and how this persecution myth persists today According to church tradition and popular belief early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction As the story goes vast numbers of believers were thrown to the lions tortured or burned alive because they refused to renounce Christ But as Candida Moss reveals in *The Myth of Persecution* the Age of Martyrs is a fiction There was no sustained 300 year long effort by the Romans to persecute Christians Instead these stories were pious exaggerations highly stylized rewritings of Jewish Greek and Roman noble death traditions and even forgeries designed to marginalize heretics inspire the faithful and fund churches The traditional story of persecution is still invoked by church leaders politicians and media pundits who insist that Christians were and always will be persecuted by a hostile secular world While violence against Christians does occur in select parts of the world today the rhetoric of persecution is both misleading and rooted in an inaccurate history of the early church By shedding light on the historical record Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get them *The Liberal Manifesto* Frank S. Smith, 2012-08-28 AMERICA HAS REACHED AN UNPRECEDENTED TIME IN HISTORY WITH THE SAFETY LIBERTY AND PROSPERITY OF EVERY AMERICAN IN JEOPARDY The moral fabric of America and the individual liberty of Americans continue to suffer unrelenting attacks In his definitive new book *The Liberal Manifesto* Frank S. Smith presents a convincing case that America's decline is due to the unsustainable nature of the liberal ideology and a hidden agenda behind the liberal movement He provides numerous examples of past and present efforts by liberal elites to manufacture circumstances and manipulate American ideals to conform to expectations that are unsustainable These examples substantiate their abuse of power breaking of laws and socialistic efforts to precipitate an environment that is forcing Americans to become dependent on and submissive to government control *The Liberal Manifesto* identifies six Convenience Doctrines philosophies developed for the sake of convenience that characterize the pretense of the liberal movement and the motive behind each one It shows how these philosophies which appeal to the emotions of unwitting Americans are spurious and unsustainable The evidence in this book suggests that the more liberalism prevails the more Americans will suffer From socialist and communist parallels to the unsustainable nature of big government *The Liberal Manifesto* illustrates the source of the problem Thomas Jefferson advocated for a broadly educated citizenry because he believed that well informed citizens are the only sure reliance for the preservation of our liberty If Americans wish to retain America's exceptionalism it will require citizens getting informed and

getting involved **Fighting Words** LeRoy L. Lane, 2005-06-03 In *Fighting Words* an interesting and provocative picture of George W Bush emerges very different from the one often presented in the press Drawing on extensive research the author brings together the man of faith the astute political leader and the persuasive speaker His treatment credits the President with positive attributes and domestic and international accomplishments The book takes the view that what we know about President Bush generally comes through the speeches that we hear him give beginning with his spontaneous incisive remarks at Ground Zero By focusing on truth as a vital sign of viable political rhetoric and giving a formula for producing effective persuasive speeches the author provides standards with which to appraise political leaders rhetoric An analysis of George W s credibility as a leader uses the researched traits of competent forward looking inspiring and honest His intelligence is appraised on the basis of multiple intelligences theory Highlighting George W s transformation into an effective persuasive speaker are discussions of his two distinct verbal styles his rhetorical asset of humor his dominant themes of value and his speech delivery **Culturally Incorrect** Rod Parsley, 2009-04-08 Parsley exposes the failure of the current generation of believers to engage the culture present a relevant gospel and lead influence through service and paints a vivid picture of the cost and implications of that failure Parsley explains how the culture wars have entered a new critical phase for the United States and discusses the areas in which this war is being fought Cultural Scientific Geopolitical Media and Academia He presents an understanding of the paradigms assumptions and values that animate the humanist secularist and neo pagan enemies of Christianity in America and offers a strategy for winning this war what he calls a New Great Awakening and how evangelism social action and the engagement of culture fit into that plan **Let My People Breathe! Unmasking the Mask Controversy With Science and Scripture** Dr. Jerry Scheidbach, Sarah Green, PA-C, 2023-07-10 The title *Let My People Breathe* is adapted from the Exodus when God sent Moses to Pharaoh with His demand *Let my people go* When you read this book you will understand the urgency that is reflected in the title *Let My People Breathe* examines science and Scripture to answer two questions regarding mask mandates 1 Do masks work what does the science say and 2 Are mask mandates moral do they violate personal liberties what do the Scriptures say Dr Scheidbach is known among his peers and his radio podcast followers of the Brain Massage show as a fastidious researcher of high integrity In preparation for writing this book he examined 964 scientific and technical studies searching for the answer to question No 1 do masks work He discovered that while many late studies purport to support public masking to control the spread not one provides scientific proof that surgical or cloth masks offer adequate protection against infection by something so small as a virus Furthermore he discovered our natural filtration provides far superior protection than the masks recommended by CDC WHO and Fauci And disturbingly he discovered masks can interfere with natural filtration and actually facilitate infection He documents his research thoroughly in his book and provides his readers access to every article he examined along with his extensive research notes over 800 pages in separate downloadable files Free to all who purchase *Let My People Breathe* On the second

question what does the Bible say about mask mandates Dr Scheidbach brings to his readers over 50 years of extensive biblical studies including formal training culminating in an earned Doctorate in Theological Studies graduating summa cum laude He addresses questions about a Christian s responsibility to obey governments with biblical integrity and refreshing candor He shows what the Bible actually says about the purpose and limits of government His explanation of Romans 13 is worth the price of this book In this section of Let My People Breathe Dr Scheidbach reveals that the mask mandate issue has far reaching political and spiritual implications Let My People Breathe could be one of the most important books you read this year

The Common School Awakening David Komline,2020 The Common School Awakening offers a new narrative that counters previous conceptions about the rise of public schools in America In this book David Komline tells how Christian reformers played a defining role in the movement to systematize and professionalize American education in the first half of the nineteenth century

Faith and Politics After Christendom Jonathan Bartley,2013-08-01 This groundbreaking book examines the anarchic aspects of Jesus message and suggests that the demise of the church as pillar of social order gives it a fresh opportunity to exercise its prophetic role challenging injustice shaking institutions and undermining some of the central values and norms on which post Christian society is built

There Is No God David A. Williamson,George Yancey,2013-04-04 There Is No God Atheists in America answers several questions pertaining to how the atheist population has grown from relatively small numbers to have a disproportionately large impact on important issues of our day such as the separation of church and state abortion gay marriage and public school curricula Williamson and Yancey answer the common questions surrounding atheism Just how common is the dismissal and derision of religion expressed by atheists How are we to understand the world view of atheists and their motivations in political action and public discourse Finally is there any hope for rapprochement in the relationship of atheism and theism In There Is No God the authors begin with a brief history of atheism to set the stage for a better understanding of contemporary American atheism They then explore how the relationship between religious and atheistic ideologies has evolved as each attempted to discredit the other in different ways at different times and under very different social and political circumstances Although atheists are a relatively small minority atheists appear to be growing in number and in their willingness to be identified as atheists and to voice their non belief As those voices of atheism increase it is essential that we understand how and why those who are defined by such a simple term as non believers in the existence of God should have such social and political influence The authors successfully answer the broader question of the apparent polarization of the religious and non religious dimensions of American society

21 Signs of His Coming: Major Biblical Prophecies Being Fulfilled In Our Generation David Taylor,2009

Patrick Henry Thomas S Kidd,2011-11-22 Most Americans know Patrick Henry as a fiery speaker whose pronouncement Give me liberty or give me death rallied American defiance to the British Crown But Henry s skills as an orator sharpened in the small towns and courtrooms of colonial Virginia are only one part of his vast but largely forgotten legacy As historian Thomas S Kidd

shows Henry cherished a vision of America as a virtuous republic with a clearly circumscribed central government. These ideals brought him into bitter conflict with other Founders and were crystallized in his vociferous opposition to the U S Constitution. In Patrick Henry Kidd pulls back the curtain on one of our most radical passionate Founders showing that until we understand Henry himself we will neglect many of the Revolution s animating values

Power, Politics and the Fragmentation of Evangelicalism Kenneth J. Collins, 2012-08-02 Kenneth J Collins traces the establishment of the evangelical enterprise in American culture and its influences on the political and social values of the American landscape throughout the twentieth century as well as its fragmentation into competing ideological camps

Broke Glenn Beck, Kevin Balfe, 2012-08-28 Briefly surveys more than two centuries of American political history to describe how the country has been broken spiritually politically and financially and advocates a return to core values to restore America s economic and spiritual health

Faith & Freedom Tom Terry, 2005-11

Reclaiming Reason Adam Murrell, 2012-01-26 In this compact fluently written survey of logical fallacies Adam Murrell provides myriad examples of ways we go about being illogical how we deceive ourselves and others how we think and argue in ways that are uncritical disorganized or irrelevant. From billboards to bumper stickers to radio to television fallacious arguments are seemingly everywhere we look. Reclaiming Reason was designed to teach people how to counter this trend how to reason with clarity relevance and purpose at a time when passions and emotion frequently override sound judgment. This concise handbook is essential for Christians as they study logic the art of reasoning well of learning to think. God s thoughts after him. A book of remarkable sensibility. Reclaiming Reason is unassumingly relaxed informal and easily digestible

Empire of Sacrifice Jon Pahl, 2010-01-05 It is widely recognized that American culture is both exceptionally religious and exceptionally violent. Americans participate in religious communities in high numbers yet American citizens also own guns at rates far beyond those of citizens in other industrialized nations. Since 9 11 United States scholars have understandably discussed religious violence in terms of terrorist acts a focus that follows United States policy. Yet according to Jon Pahl to identify religious violence only with terrorism fails to address the long history of American violence rooted in religion throughout the country s history. In essence Americans have found ways to consider blessed some very brutal attitudes and behaviors both domestically and globally. In Empire of Sacrifice Pahl explains how both of these distinctive features of American culture work together by exploring how constructions along the lines of age race and gender have operated to centralize cultural power across American civil or cultural religions in ways that don t always appear to be religious at all. Pahl traces the development of these forms of systemic violence throughout American history using evidence from popular culture including movies such as *Rebel without a Cause* and *Reefer Madness* and works of literature such as *The Narrative of the Life of Frederick Douglass* and *The Handmaid s Tale* to illuminate historical events. Throughout Pahl focuses an intense light on the complex and durable interactions between religion and

violence in American history from Puritan Boston to George W Bush s Baghdad *My Daily Constitution Vol. IV* Richard J. Rolwing,2004-10-19 **Blue Dixie** Bob Moser,2009-04-27 Keenly observed and deeply grounded in contemporary Southern politics Blue Dixie reveals the changing face of American politics in the South itself and its impact on the rest of the nation
