Alexander the Great in the Persian Tradition Haila Manteghi, 2018-02-28 Alexander the Great 356 333 BC was transformed into a legend by all those he met leaving an enduring tradition of romances across the world Aside from its penetration into every language of medieval Europe the Alexander romance arguably had its greatest impact in the Persian language Haila Manteghi here offers a complete survey of that deep tradition ranging from analysis of classical Persian poetry to popular romances and medieval Arabic historiography She explores how the Greek work first entered the Persian literary tradition and traces the development of its influence before revealing the remarkable way in which Alexander

became as central to the Persian tradition as any other hero or king And importantly by focusing on the often overlooked early medieval Persian period she also demonstrates that a positive view of Alexander developed in Arabic and Persian literature before the Islamic era Drawing on an impressive range of sources in various languages including Persian Arabic and Greek Manteghi provides a profound new contribution to the study of the Alexander romances Beautifully written and with vibrant literary motifs this book is important reading for all those with an interest in Alexander classical and medieval Persian history the early Islamic world and classical reception studies **The Persians** Geoffrey Parker, Brenda Parker, 2016-11-15 Now in paperback this is a history of an incomparable culture whose influence can still be seen millennia later in modern day Iran and the wider Middle East During the first and second millennia BCE a swathe of nomadic peoples migrated outward from Central Asia into the Eurasian periphery One group of these people would find themselves encamped in an unpromising arid region just south of the Caspian Sea From these modest and uncertain beginnings they would go on to form one of the most powerful empires in history the Persian Empire In this book Geoffrey and Brenda Parker tell the captivating story of this ancient civilization and its enduring legacy to the world The authors examine the unique features of Persian life and trace their influence throughout the centuries They examine the environmental difficulties the early Persians encountered and how in overcoming them they were able to develop a unique culture that would culminate in the massive first empire the Achaemenid Empire Extending their influence into the maritime west they fought the Greeks for mastery of the eastern Mediterranean one of the most significant geopolitical contests of the ancient world And the authors paint vivid portraits of Persian cities and their spectacular achievements intricate and far reaching roadways an astonishing irrigation system that created desert paradises and above all an extraordinary reflection of the diverse peoples that inhabited them

Sufism in India and Central Asia Nasir Raza Khan, 2022-10-06 Sufism in India and Central Asia is an attempt to put into perspective the relevance of Sufism the concept and teaching and to provide a realistic assessment of its role in India and Central Asia The people of these regions with different ethnic backgrounds cultures and languages have been intermingling for many centuries as seen in the cross current exchanges of religious ideas and belief The word Sufism popularly known as mysticism is most likely derived from the Arabic word suf meaning wool more specifically it means the person wearing ascetic woollen garments Sufism is deeply rooted in Islam and its development began in the late 7th and 8th centuries The present volume is an attempt to look for answers to questions in relation to Sufism in India and Central Asia and to evaluate its relevance in the contemporary period A group of distinguished scholars from India and Central Asia have contributed papers to this volume This volume will be useful to students and researchers working on social and cultural aspects of India and Central Asia The Conquest and Islamization of Iraq Hüseyin Gökalp, 2023-12-06 This book examines the early Muslim conquests that started with the first caliph Abu Bakr and accelerated during the reign of the second caliph Omar During this time the Sassanids were destroyed the political and commercial order of Rome was turned upside down and the ancient

period came to an end Iraq a province belonging to the Persians and the capital city of Ctesiphon was the first of the regions the Caliphate entered This book explores in detail the history of the Islamic conquests in Iraq how and why the Sassanid Empire fell and the Islamization policies of the Rashidun Caliphate
