Long before a rocket hit the Moon in the eye in Georges Méliès's early film *Le Voyage dans la Lune* the earth's lone satellite had entranced humans. We have worshipped it as a deity, believed it to cause madness, used it as a means of organizing time and we now know that it manipulates the tides. Our understanding of the moon continues to evolve. Following the moon from its origins to its rich cultural resonance in literature, art, religion and politics, *Moon* provides a comprehensive account of the significance of our lunar companion. Edgar Williams explores the interdependence of the Earth and the moon, not only the possibility that life on Earth would not be viable without the moon but also the way it has embedded itself in culture. In

addition to delving into roles the moon has played in literature from science fiction and comics to poetry he examines how Elizabeth I was worshipped as the moon goddess Diana the moon's place in folklore and astrology and humanity's long standing dream of inhabiting its surface Filled with entertaining anecdotes this book is the kind of succinct witty and informative look at everything lunar that only comes around once in a blue moon      **When Sun Meets Moon** Scott Kugle, 2016-05-02 The two Muslim poets featured in Scott Kugle's comparative study lived separate lives during the eighteenth and early nineteenth centuries in the Deccan region of southern India Here they meet in the realm of literary imagination illuminating the complexity of gender sexuality and religious practice in South Asian Islamic culture Shah Siraj Awrangabadi 1715-1763 known as Sun was a Sunni who after a youthful homosexual love affair gave up sexual relationships to follow a path of personal holiness Mah Laqa Bai Chanda 1768-1820 known as Moon was a Shi'i and courtesan dancer who transferred her seduction of men to the pursuit of mystical love Both were poets in the Urdu language of the ghazal or love lyric often fusing a spiritual quest with erotic imagery Kugle argues that Sun and Moon expressed through their poetry exceptions to the general rules of heteronormativity and gender inequality common in their patriarchal societies Their art provides a lens for a more subtle understanding of both the reach and the limitations of gender roles in Islamic and South Asian culture and underscores how the arts of poetry music and dance are integral to Islamic religious life Integrated throughout are Kugle's translations of Urdu and Persian poetry previously unavailable in English      **The Lakeside Monthly**, 1873      **Catalog of Copyright Entries** Library of Congress.
