ingredients Quick and easy Persian food is possible By sparing yourself the trouble of using tens of ingredients you can achieve great results while keeping things simple All the recipes in this book have 5 major ingredients carefully chosen to respect the original dishes on which they are based This doesn't mean the intricacies of the dishes containing indigenous Iranian ingredients aren't achievable nor would I ever discourage you from making them By adapting the recipes I have cooked eaten and enjoyed hundreds of times I hope to pass them on to you so that you can cherish them too These recipes have been perfected through many repeated attempts cooked at home and in the test kitchen dozens of times I can guarantee that they will bring you neither disappointment nor discomfort and that not a single ingredient will be wasted As fond as I am of my mother and grandmother when I moved to Holland I realised that given how expensive energy is and how little time I could spend cooking on any given day I would have to stray to tradition or else I would be forced to kiss Persian cuisine goodbye The methods I developed made cooking a fast and simple process requiring few ingredients I came to realise that there is nothing wrong with replacing the ingredients I couldn't buy outside of Iran or specialist supermarkets and that there is simply no need to waste time soaking beans and chickpeas overnight and cooking them myself Using tinned ingredients was highly frowned upon in our household considered lazy and testifying a lack of taste But doing two masters degrees and working full time as a teacher taught me that there is much more to life than spending hours in the kitchen to prepare a single meal I reached a turning point in life and began breaking the rules of Persian cuisine For the past seven years I have been experimenting tweaking and developing recipes which reflect the simple Dutch approach to food applied to the traditional Persian meals I ate growing up in Iran For me cooking Iranian food isn't just about making the people I cook for happy it is about enjoying the process too As I have learnt this isn't possible without taking a relaxed approach *A Taste of Persia: An Introduction to Persian Cooking* Najmieh Batmanglij, 2012-02-23 A Taste of Persia is a collection of authentic recipes from one of the world's oldest cuisines chosen and adapted for today's lifestyle and kitchen Here are light appetizers and kababs hearty stews and rich golden crusted rice among many other dishes all fragrant with the distinctive herbs spices or fruits of Iran Each recipe offers clear easy to follow step by step instructions Most take less than an hour to prepare many require only a few moments many others can be made in advance Besides its 100 recipes and 60 photographs the book includes a useful dictionary of Persian cooking techniques and ingredients a list of specialty stores around the nation that sell hard to find items and a brief history of Persian cookery Together these make a complete introduction to this wonderful
