**Educational Controversies Towards a Discourse of Reconciliation** Pamela Lapage,Hugh Sockett,2004-01-14 For the last 100 years people have argued vigorously about a vast number of educational issues At the heart of the arguments lies the question What is the purpose of education This conflict of educational purpose has seen rifts between academics

educators politicians and parents The authors of this book don't believe the conflicts need to be so hysterical nor that the oppositions are incompatible Rather that it is in the manner in which debate is conducted that is so damaging In this book the authors contend that there are political social moral and civic needs for a new stance to debate the way forward Examining a number of key controversies in educational discourse the book suggests ways in which controversies may be reconciled by looking for interrelations mutual dependencies and links of importance It develops current debate and provides suggestions for developing nurturing and supportive learning communities and so lead to educational change

**The Military Memoir and Romantic Literary Culture, 1780-1835** Neil Ramsey, 2016-12-05 Examining the memoirs and autobiographies of British soldiers during the Romantic period Neil Ramsey explores the effect of these as cultural forms mediating warfare to the reading public during and immediately after the French Revolutionary and Napoleonic wars Forming a distinct and commercially successful genre that in turn inspired the military and nautical novels that flourished in the 1830s military memoirs profoundly shaped nineteenth century British culture's understanding of war as Romantic adventure establishing images of the nation's middle class soldier heroes that would be of enduring significance through the nineteenth and twentieth centuries As Ramsey shows the military memoir achieved widespread acclaim and commercial success among the reading public of the late Romantic era Ramsey assesses their influence in relation to Romantic culture's wider understanding of war writing autobiography and authorship and to the shifting relationships between the individual the soldier and the nation The memoirs Ramsey argues participated in a sentimental response to the period's wars by transforming earlier impersonal traditions of military memoirs into stories of the soldier's personal suffering While the focus on suffering established in part a lasting strand of anti-war writing in memoirs by private soldiers such stories also helped to foster a sympathetic bond between the soldier and the civilian that played an important role in developing ideas of a national war and functioned as a central component in a national commemoration of war

**British Autobiography in the Seventeenth Century** Paul Delany, 2015-08-14 Originally published in 1969 In the seventeenth century neither the literary genre nor the term autobiography existed but we see in seventeenth century literature many kinds of autobiographical writings to which their authors gave such titles as Journal of the Life of Me Confessions etc This work is a study of nearly two hundred of these published and unpublished which together represent a very varied group of writings The book begins with an examination of the rise of autobiography as a genre during the Renaissance It discusses seventeenth century autobiographical writings under two main headings religious where the autobiographies are grouped

according to the denomination of their writer and secular where a wide variety of writings is examined including accounts of travel and of military and political life as well as more personal accounts Autobiographies by women are treated separately and the author shows that they in general have a deeper revelation of sentiments and more subtle self analyses than is found in comparable works by men Sources and influences are recorded and also the essential historical details of each work This book gives a critical analysis of the autobiographies as literary works and suggests relationships between them and the culture and society of their time Review of the original publication a contribution to cultural history which is of quite exceptional merit Its subject is of great intrinsic interest and manifest importance and Professor Delany has treated it with exemplary thoroughness lucidity and intelligence Lionel Trilling

**Geraldo Show** Geraldo Rivera,2018-04-03 During my half a century in public life my image and reputation have had more

ups and downs than the Cyclone roller coaster at Coney Island I have been called savior and sinner fool and wise man

crusader and exploiter hothead and dope I am routinely scorned admired beloved and belittled which one is usually based on when the viewer tuned in Were you around for my early days as a crusading local newsman Did you waste an evening with

me inside Al Capone's empty vault. Were you watching when the bombs dropped in Afghanistan or Iraq or did you tune in to the raucous talk show when my nose was broken in the best television studio brawl ever caught on tape. Since the attacks of September 11, 2001 and my employment by the conservative rabble rousers of Fox News and more recently with the coming of the Age of Trump, my professional life has been even more difficult to define. How could a sincerely progressive native born Jew Rican New Yorker like me ever work for an outfit better suited to the vibes of Orange County, California, the Dixie Appalachia or the Mountain West? How could I not condemn and obstruct a wrecking ball like Donald Trump? Over five decades I have met most of the era's good and bad guys from Ronald Reagan to Charles Manson, Fidel Castro to Yasser Arafat, Muhammad Ali to John Lennon and Elvis Presley to Michael Jackson. Two figure heavily in this book both longtime friends: Roger Ailes, the disgraced yet undeniably brilliant creator of Fox News, and Donald Trump, once a flamboyant playboy billionaire businessman and now 45th President of the United States. At the vigorous twilight of a long and largely improvised life lived in plain sight, I have little left to prove. Faced with a series of random chances for better and worse, what I made of my life is what I made of those chances. Time has enlightened and humbled me. Sincerely, Geraldo Rivera
