Riders Of The Whistling Pines:

The Great American Western - Vol. 5 Platinum Disc Corp, 2003 Riders of the Whistling Pines 1949 The Big Show 1937 Springtime in the Rockies 1937 Boots and Saddles 1937 **Who's Who In Hollywood!** Terry Rowan, 2015-04-18 A comprehensive film guide featuring Hollywood films directors actors and actresses *Stagecoach to Tombstone* Howard Hughes, 2007-10-24 The true story of the American West on film through its shooting stars and the directors who shot them Howard Hughes explores the Western running from John Ford's *Stagecoach* to the revisionary *Tombstone* Writing with panache and fresh insight he explores 27 key films and draws on production notes cast and crew biographies and the films box office success to reveal their place in western history He shows how through reinvention and resurrection this genre continually postpones the big adios and avoids ending up in Boot Hill permanently Major films covered include the best from genre giants John Ford Howard Hawks and John Wayne plus classics *High Noon* *Shane* *The Magnificent Seven* and *Butch Cassidy and the Sundance Kid* *Stagecoach to Tombstone* makes many more stops along the way examining well known blockbusters and lowly B movie oaters alike It examines comedy westerns adventures south of the border singing cowboys and the varied depiction of Native Americans on screen Hughes also engagingly charts the genre's timely renovation by Sam Peckinpah *Ride the High Country* and *The Wild Bunch* Sergio Leone *Once Upon a Time in the West* and Clint Eastwood *The Outlaw Josey Wales* and *Unforgiven* Presented too are the best of western trivia a filmography of essential films and ten aficionados and critics including Alex Cox Christopher Frayling Philip French and Ed Buscombe give their verdict on the best in the west **Gunfight at the Eco-Corral** Robin L. Murray, Joseph K. Heumann, 2012-10-01 Most film critics point to classic conflicts good versus evil right versus wrong civilization versus savagery as defining themes of the American Western In this provocative examination of Westerns from *Tumbleweeds* 1925 to *Rango* 2011 Robin L Murray and Joseph K Heumann argue for a more expansive view that moves beyond traditional conflicts to encompass environmental themes and struggles The environment after all is the fundamental stage for most western stories from land rush dramas that pit sod busters against ranchers to conflicts between mining town communities and corporations Because environmental issues lie at the forefront of so many conflicts today Murray and Heumann believe that the Western is ripe for such new examination Drawing on perspectives from both film studies and environmental history the authors show how western films frequently deal with issues related to land use and different ways of looking at the natural world In films as diverse as Gene Autry musicals early John Wayne B Westerns and revisionist critiques such as the 2010 remake of *True Grit* resources are exploited in the name of progress Beginning with an analysis of two iconic Westerns *Shane* and *The Searchers* Murray and Heumann identify the environmental dichotomies previously overlooked by critics that are broached in both films and they clarify the history that lies behind the environmental debates in these films and many others How do Westerns respond to the historical contexts they present And what do those responses suggest about American views of nature and its exploitation The conflicts these

movies address grow out of differing views of progress frequently in relation to technology The authors show that such binary oppositions tend to blur when examined closely demonstrating that environmental issues are often more complex than we realize

REFLECTIONS OF A "B"- MOVIE JUNKIE Jim Driscoll,2008-12-30 Reflections Of A B Movie Junkie is a tribute to the old B Movies of the Saturday Matinees of yesteryear Actually it is more of a homage to them or at least 6 genres of those film types that were so prevalent back in primarily the 40 s and 50 s Their research and discussion however in some instances dates all the way back to the beginning of the talkies of motion picture content and can extend in the other direction into the early 70s These 6 genres include the popular B Western The Comedy Teams The Jungle Adventures Sci Fi Fantasy Horror and the Serial or Chapter Plays so popular with the week end Matinee crowds back then These film types filled up our Saturday afternoons and evenings with exciting adventure curious wonder spine tingling horror

and non stop action Often filmed on a shoe string budget and in a limited time frame many of these classics came to be looked upon by many fans as being so truly bad that they were good in a bad sort of way They are thus categorized reviewed and discussed for the most part in a lovingly personal style especially when compared to the film types we are subjected to in today s market They had their place in film history and that time is long since gone But for some of us they have never been equaled which for others may indeed be a good thing
