Rifling Paradise:

Rifling Paradise Jem Poster, 2008-02-05 A dubious character experiences a shattering change of heart during his specimen collecting expedition to Australia Edgy intense and engrossing Kirkus Reviews When past indiscretions catch up with Charles Redbourne a minor English landowner he is propelled from England to Australia where he plans to make his mark as a naturalist There his life begins to change dramatically not least when he meets his host's wayward artistic daughter But it is on an expedition in search of scientific specimens in the Blue Mountains that events take a terrifying turn Vividly conveying the unspoken codes of Victorian society this is a gripping tale of emotional and psychological reckoning that offers an inspired meditation on the relationship between humankind and the natural world Immediately gripping An epic tale whose figures in landscape encapsulate a turning point in history The Times Literary Supplement Poster's prose is at its best when describing the flora and fauna exotic birds especially the sounds and smells of the outback A stylish assured and thoughtful narrative The Guardian Violence seethes perpetually just below the surface all the more powerful for the author's restraint Rifling Paradise is one of those historical novels that continually confronts us with our present world the world created out of the brutality and disaster of the past but also out of its graces a world we may not yet be mature enough to save Historical Novels

The Novelwriter's Toolkit Caroline Taggart, 2012-04-01 Novel writing is a popular hobby and this book will provide the would be and starter novelist with all the tools needed to get started This title includes a thorough grounding in essential fiction writing skills and clear guidance on how to get published from top industry names It provides a complete glossary of terms and listing of all publishing contacts needed by an author from book publishers and agents to festivals and online links It includes tremendous resource of instruction and information that will prove invaluable to the armies of would be and practising novel writers

Courting Shadows Jem Poster, 2009-01-27 A fantastically tightly written read every word novel As a psychological thriller it's as close to wonderful as anything I've recently read The Guardian In the winter of 1881 John Stannard a young architect is in self imposed exile in a remote English village carrying out repairs to the parish church Arrogant and insensitive to what he considers superstition and sentimental attachment to the past he soon begins to inflict serious damage on the ancient building as well as on those with whom he comes into contact most notably the beautiful ambitious local girl Ann Rosewell This is the mesmerizing tale of a man who clings ferociously to his warped notion of civilized behavior unwilling to admit his need for love Set in a vividly evoked landscape and taut with foreboding Jem Poster's striking first novel pits reason against emotion progress against preservation and explores our capacity for invention and self delusion the stories we tell each other and the stories we tell ourselves A dazzling debut Wholly involving from start to finish Publishers Weekly starred review Written in lavishly beautiful prose this is a consistently tense tale of rationality self delusion and epidemic superstition Booklist
