Right Where You Are Sitting Now Further Tales Of The Illuminati:

Right Where You Are Sitting Now Robert Wilson,1993-01-25 Discusses consciousness the nature of God sexuality human knowledge robots and the future Noise Thinks the Anthropocene Aaron Zwintscher,2019-02-12 In an increasingly technologized and connected world it seems as if noise must be increasing Noise however is a complicated term with a complicated history Noise can be traced through structures of power theories of knowledge communication and scientific practice as well as through questions of art sound and music Thus rather than assume that it must be increasing this work has focused on better understanding the various ways that noise is defined what that noise can do and how we can use noise as a strategically political tactic Noise Thinks the Anthropocene is a textual experiment in noise poetics that uses the growing body of research into noise as source material It is an experiment in that it results from indeterminate means alternative grammar and experimental thinking The outcome was not predetermined It uses noise to explain elucidate and evoke akin to other poetic forms within the textual milieu in a manner that seeks to be less determinate and more improvisational than conventional writing Noise Thinks the Anthropocene argues that noise poetics is a necessary form for addressing political inequality coexistence with the nonhuman other the ecological crisis and sustainability because it approaches these issues as a system of interconnected fragments and excesses and thus has the potential to reach or envision solutions in novel ways

UFOs and Anti-Gravity Leonard G. Cramp,1997-03 Long out of print Cramp s 1966 classic book on flying saucer propulsion and suppressed technology is available again Cramp wrote *Space Gravity and the Flying Saucer* in 1954 and was Vice President of the British UFO Research Association BUFORA This is a highly technical look at the UFO phenomenon by a trained scientist Cramp first introduces the idea of anti gravity and introduces us to the various theories of gravitation He then examines the technology necessary to build a flying saucer and examines in great detail the technical aspects of such a craft Cramp s book is a wealth of material and diagrams on flying saucers anti gravity suppressed technology G fields and UFOs

Beyond 2012: Catastrophe or Awakening? Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from

around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date
