Right Stuff:

The Right Stuff Tom Wolfe, 2008-03-04 Tom Wolfe at his very best The New York Times Book Review The Right Stuff is the basis for the 1983 Oscar Award winning film of the same name and the 8 part Disney TV mini series From America's nerviest journalist Newsweek a breath taking epic a magnificent adventure story and an investigation into the true heroism and courage of the first Americans to conquer space Millions of words have poured forth about man's trip to the moon but until now few people have had a sense of the most engrossing side of the adventure namely what went on in the minds of the astronauts themselves in space on the moon and even during certain odysseys on earth It is this the inner life of the astronauts that Tom Wolfe describes with his almost uncanny empathetic powers that made The Right Stuff a classic **The Right Stuff** Tom Charity, 2019-07-25 This study places The Right Stuff in the historical context of the political history of the Space Race It explores director Philip Kaufman's subversive adventurism his mastery of cinematic form and the way in which the film combines the mythology of the Western with counter cultural concerns **High Flyers** Morgan W. McCall, 1998 Presents a strategy for grooming executives for a company's top positions emphasizing the importance of learning from experience and being open to continuous learning **Jet-set**, 1989 *Spacefarers* Michael J. Neufeld, 2013-11-06 The recent 50th anniversaries of the first human spaceflights by the Soviet Union and the United States and the 30th anniversary of the launching of the first U S Space Shuttle mission have again brought to mind the pioneering accomplishments of the first quarter century of humans in space Historians political scientists and others have extensively examined the technical programmatic and political history of human spaceflight from the 1960s to the 1980s but work is only beginning on the social and cultural history of the pioneering era One rapidly developing area of recent scholarship is the examination of the images of spacefarers in the media government propaganda and popular culture How was space travel imagined in the visual media on the cusp of human spaceflights How were astronauts and cosmonauts represented in official and quasi official media portraits And how were those images reproduced and transformed by in the imagination of film makers movie producers popular writers and novelists *Spacefarers* addresses these questions with nine contributions from scholars in the field of aerospace history Russian and American history and English literature These essays are preceded by an introduction by the editor who discusses their place in the historiography of spaceflight and social and cultural history The book will have potential appeal to a wide variety of scholars in history literature and the social sciences and will include a number of striking visual images *Popular Mechanics*, 1983-09 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Field & Stream**, 1998-08 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for
