Rilke in Transition James Rolleston, 1970 **Rilke in Transition** James Rolleston, **Rilke in transition** James Lancelot Rolleston, 1969 **Rilke's Russia** Anna A. Tavis, 1994 Explores the biographical and textual evidence of Russia's importance in shaping the writer Rainer Maria Rilke's aesthetic perception During Rilke's two trips to Russia at the turn of the century he made connections with a number of important artists including Leo Tolstoy and Nikolai Leskov and the author traces the impact of these meetings and other experiences in Russia upon Rilke's writing Annotation copyright by Book News Inc Portland OR **Reading Rilke's Orphic Identity** Erika M. Nelson, 2005 Studies in Modern German and Austrian Literature publishes research and scholarship devoted to German and Austrian literature of all forms and genres from the eighteenth century to the present day The series promotes the analysis of intersections of literature with thought society and other art forms such as film theatre autobiography music painting sculpture and performance art **Rainer Maria Rilke, 1893-1908: Poetry as Process - A Poetics of Becoming** Ben Hutchinson, 2017-12-02 Rainer Maria Rilke's early verse is often seen as having little relevance to the great achievement of the middle years the *Neue Gedichte* Yet the very different styles of the juvenilia and this new maturity are united by a preoccupation with processes of motion and growth which governs both his life and work In this meticulous philological study Ben Hutchinson reassesses every level of Rilke's early poetry from its motives and metaphors to its very grammar and syntax in order to trace what he terms a poetics of becoming With careful attention to rhythm resonance and linguistic detail he illuminates both the hidden patterns of the poetry and the artistic context of the fin de siècle From its roots in the intellectual climate of the 1890s to the poems inspired by Rodin in 1908 Rilke's stylistic development is set against the surprising consistency with which he pursues this poetics of becoming

The Beginning of Terror David Kleinbard, 1993-02-01 The insights here are of such depth and contain such beauty in them that time and again the reader must pause for breath At last Rilke has met a critic whose insight courage and humanity are worthy of his life and work Leslie Epstein Director Graduate Creative Writing Program Boston University A well reasoned fairly fascinating and illuminating study which soundly and convincingly applies Freudian and particularly post Freudian insights into the self to Rilke's life and work in a way which enlightens us considerably as to the relationship between life and work in original ways Kleinbard takes off where Hugo Simenauer's monumental psycho biography of Rilke 1953 left off He succeeds in giving us a psychic portrait of the poet which is more illuminating and which does greater justice to its subject than any of his predecessors Any reader with strong interest in Rilke would certainly welcome the availability of this study Walter H Sokel Commonwealth Professor of German and English Literatures University of Virginia For beauty is nothing but the beginning of terror which we are just able to bear and we wonder at it so because it calmly disdains to destroy us Rilke Beginning with Rilke's 1910 novel *The Notebooks of Malte Laurids Brigge* *The Beginning of Terror* examines the ways in which the poet mastered the illness that is so frightening and crippling in Malte and made the illness a resource for his art

Kleinbard goes on to explore Rilke's poetry letters and non-fiction prose his childhood and marriage and the relationship between illness and genius in the poet and his work a subject to which Rilke returned time and again This psychoanalytic study also defines the complex connections between Malte's and Rilke's fantasies of mental and physical fragmentation and the poet's response to Rodin's disintegrative and re-integrative sculpture during the writing of *The Notebooks and New Poems* One point of departure is the poet's sense of the origins of his illness in his childhood and particularly in his mother's blind narcissistic self-absorption and his father's emotional constriction and mental limitations Kleinbard examines the poet's struggle to purge himself of his deeply felt identification with his mother even as he fulfilled her hopes that he become a major poet The book also contains chapters on Rilke's relationships with Lou Andreas Salom and Auguste Rodin who served as parental surrogates for Rilke A psychological portrait of the early twentieth-century German poet *The Beginning of Terror* explores Rilke's poetry letters non-fiction prose his childhood and marriage David Kleinbard focuses on the relationship between illness and genius in the poet and his work a subject to which Rilke returned time and again *Rainer Maria Rilke's 'Gedichte An Die Nacht'* Anthony Stephens, 1972-05-25 An analysis of Rilke's *Gedichte an die Nacht* and the influence of this collection on his most outstanding work the *Duinese Elegien* *At the Crossroads of the Senses* Polina Dimova, 2025-03-04 Inspired by Richard Wagner's idea of the total artwork European modernist artists began to pursue multimedia projects that mixed colors sounds and shapes Polina Dimova's *At the Crossroads of the Senses* traces this new sensory experience of synaesthesia the physiological or figurative blending of senses as a modernist phenomenon from its scientific description in the late nineteenth century to its prevalence in the early twentieth Structured around twenty theses on synaesthesia this book explores the integral relationship between modernist art science and technology tracing not only how modernist artists perceptually internalized and absorbed technology and its effects but also how they appropriated it to achieve their own aesthetic metaphysical and social goals Through case studies of prominent multimodal artists Oscar Wilde Aubrey Beardsley Richard Strauss Aleksandr Scriabin Wassily Kandinsky František Kupka Andrei Bely and Rainer Maria Rilke *At the Crossroads of the Senses* reveals the color forms and color sounds that for these artists laid the foundations of the world and served as the catalyst for the flourishing exchanges among the arts at the fin de siècle Rooted in archival research in Russia Germany France and the Czech Republic *At the Crossroads of the Senses* taps overlooked scientific sources to offer a fresh perspective on European modernism Sensory studies scholars literary critics and art and music historians alike will welcome its many contributions not least among them a refreshing advocacy for a kind of sensuous reading practice *A Companion to Nineteenth-Century Art* Michelle Facos, 2018-12-06 A comprehensive review of art in the first truly modern century *A Companion to Nineteenth-Century Art* contains contributions from an international panel of noted experts to offer a broad overview of both national and transnational developments as well as new and innovative investigations of individual art works artists and issues The text puts to rest the skewed perception of nineteenth-century art as primarily Paris-centric
