postnationalism in Ireland from the perspective of narrative writing The Irish Novel at the End of the Twentieth Century J. Jeffers, 2016-04-30 The Irish Novel at the End of the Twentieth Century Gender Bodies and Power interprets a wide variety of the most interesting Irish novels of the last ten years of the century from a perspective that focuses on the regulated sexual and constructed gendered body The demarcating line of identity the perennial Irish problem can be gauged at the basic level of sexual and gender identity in contrast to or in alliance with political social religious or cultural norms All mechanisms that have gone into controlling the body gender regulation violence desire religious taboos can all be reinterpreted through the body in motion **Sons of Ulster** Caroline Magennis, 2010 Sons of Ulster explores the representation of masculinity within a number of Northern Irish novels written since the mid 1990s focusing on works by Eoin McNamee Glenn Patterson Robert McLiam Wilson The book sets out to disrupt notions of a hegemonic Irish masculinity based on violent conflict sectarian rhetoric Demons, Hamlets and Femmes Fatales Jayne Steel, 2007 The book provides a lively discussion of the ways in which popular fiction appropriates the figure of the Provisional IRA activist and the political conflict within the north of Ireland It looks at how authors recreations or transformations of Irish republicanism might reveal self referential images that are ultimately a product of national identity and or gender identity An important focus of the book interrogates British fascination and fixation with the Provisional IRA and its terrors The many novels discussed in this study include Gerald Seymour Harry's Game Campbell Armstrong Jig Bernard MacLaverty Cal Mary Costello Titanic Town Jennifer Johnston Shadows on our Skin Deidre Madden One by One through the Darkness **Literary Representations of Precarious Work, 1840 to the Present** Michiel Rys, Bart Philipsen, 2022-01-03 Literary Representations of Precarious Work 1840 to the Present sheds new light on literary representations of precarious labor from 1840 until the present With contributions by experts in American British French German and Swedish culture this book examines how literature has shaped the understanding of socio economic precarity a concept that is mostly used to describe living and working conditions in our contemporary neoliberal and platform economy This volume shows that authors tried to develop new poetic tools and literary techniques to translate the experience of social regression and insecurity to readers While some authors critically engage with normative models of work by zooming in on the physical and affective backlash of being a precarious worker others even find inspiration in their own situations as writers trying to survive Furthermore this volume shows that precarity is not an exclusively contemporary phenomenon and that literature has always been a central medium to critically register forms of social insecurity By retrieving parts of that archive this volume paves the way to a historically nuanced view on contemporary regimes of precarious work
