The Terms of Risala-i Nur Collection Ahmed Akgunduz, 2024-04-15 This important academic work is the necessary fruit of our academic efforts which we have been carrying out for nearly 10 years to revise the four main books of the Risala-i Nur Collection The Words The Rays The Flashes and The Letters of Bed uzzaman and to explain important academic terms with glosses The first two of these works are now in print and have attracted considerable interest in scholarly circles Upon requests we have found it appropriate to publish these terms which are essential for the understanding of the Risala-i Nur Collection as a separate book

The Art of Jihad Malik Mufti, 2019-10-01 Identifies and traces the evolution of a forgotten realist tradition in medieval Islamic political thought and considers the prospects for its revival in the context of the contemporary Middle East Now all but forgotten there exists within medieval Islamic political thought a coherent realist tradition analogous to its Western counterpart In The Art of Jihad Malik Mufti begins by analyzing contemporary debates on jihad designed to highlight the lacuna occupied by realism in other cultures He explicates the features of medieval Islamic realism those it shares with realism everywhere a focus on power for example or the ubiquity of human conflict but also those features that are distinctive its insistence on the political centrality of religion its rejection of scientific certainty its valorization of hierarchy and its adherence to empire as the optimal ethico political framework These features are fleshed out through the writings of medieval political thinkers such as Ibn al Muqaffa al Jahiz and the anonymous author of a seminal military manual as well as political philosophers such as Ibn Rushd and Ibn Khaldun Finally Mufti explores the prospects for a revival of Islamic realism in the context of the political and intellectual upheavals currently besetting the Middle East

The Mughals and the Sufis Muzaffar Alam, 2021-08-01 Based on a critical study of a large number of contemporary Persian texts

court chronicles epistolary collections and biographies of sufi mystics The Mughals and the Sufis examines the complexities in the relationship between Mughal political culture and the two dominant strains of Islam s Sufi traditions in South Asia one centered around orthodoxy the other focusing on a more accommodating and mystical spirituality Muzaffar Alam analyses the interplay of these elements their negotiation and struggle for resolution via conflict and coordination and their longer term outcomes as the empire followed its own political and cultural trajectory as it shifted from the more liberal outlook of Emperor Akbar The Great r 1556 1605 to the more rigid attitudes of his great grandson Aurangzeb Alamgir r 1658 1701 Alam brings to light many new and underutilized sources relevant to the religious and cultural history of the Mughals and reinterprets well known sources from a new perspective to provide one of the most detailed and nuanced portraits of Indian Islam under the Mughal Empire available today The History of Saudi Arabia A M Vasilev,2014-05-22 How has Saudi Arabia managed to maintain its Arab and Islamic values while at the same time adopting Western technology and a market economy How have its hereditary leaders who govern with a mixture of political pragmatism and religious zeal managed to maintain their power This comprehensive history of Saudi Arabia from 1745 to the present provides insight into its culture and politics its powerful oil industry its relations with its neighbours and the ongoing influence of the Wahhabi movement Based on a wealth of Arab American British Western and Eastern European sources this book will stand as the definitive account of the largest state on the Arabian peninsula **Risala Roohi Sharif (The Divine Soul)** Sultan-ul-Faqr Publications,2023-08-19 Risala Roohi Sharif is one such Divine Message concise comprehensive and complete conveyed to us through the most eminent Sufi Saint of the Sub Continent Sultan Bahoo He has written 140 books of which Risala Roohi Sharif is the most popular and is the essence of all his teachings For online reading please visit <http://sultan-ul-faqr-publications.com> Contact 923224722766 [risalaroohi](http://risalaroohi.com) [risalaroohisharif](http://risalaroohisharif.com) [risalaroohishareef](http://risalaroohishareef.com) [risalarohisharif](http://risalarohisharif.com) [risalarohishareef](http://risalarohishareef.com) [sultanbahoo](http://sultanbahoo.com) [sultanularifeen](http://sultanularifeen.com) [sultanulashiqeen](http://sultanulashiqeen.com) [sultanulashiqeenbooks](http://sultanulashiqeenbooks.com) [sultanbahooobooks](http://sultanbahooobooks.com) [bahusultanbooks](http://bahusultanbooks.com) [haqbahusultan](http://haqbahusultan.com) [bahosultan](http://bahosultan.com) [haqbahoosultan](http://haqbahoosultan.com) [haqbahu](http://haqbahu.com) [bahoonama](http://bahoonama.com) [sultanbahookiktabain](http://sultanbahookiktabain.com) [sufismbooks](http://sufismbooks.com) [tasawwufbooks](http://tasawwufbooks.com) [islamicbooks](http://islamicbooks.com) The Intellectual Discourse of Interwar Egypt Giora Eliraz,2018-05-16 At a time when the post Arab Spring Middle East is permeated with political turmoil extremism and violence and the voices are not really heard Dr Giora Eliraz invites readers to join a refreshing intellectual journey back in time to the years of interwar Egypt In his book The Intellectual Discourse of Interwar Egypt Globalization of Ideas Amidst Winds of Change Dr Eliraz sheds light on a fascinating colourful chapter in the modern intellectual history of Egypt a country that has been commonly known as a center of gravity for the Arab world Indeed interwar Egypt weathered political storms and severe social and economic problems as well Nevertheless between the two World Wars Egypt and Cairo in particular proved to be a vivid hub of creative intellectual discourse and productivity This enriching intellectual discourse was largely sustained by the increase of modernization and Westernization that strongly challenged the entire traditional order beliefs concepts and values of the Egyptian society The exuberant discourse of

Egyptian intellectuals of the interwar period is examined in this book through several main themes. The first theme examines the challenge of navigating between tradition and change or the old and the new with an emphasis on the imperative of setting up limits for cultural borrowing from the West. The second theme explores the debate on Women's status and their rights. The debate on this significant subject corresponds with a fast changing political, social and economic reality that enabled women of urban upper and middle class some access to education and even triggered the emergence of certain feminist voices. The third theme is the debate on linguistic reform sustained by strong winds of change that also challenged the competence of literary Arabic as medium of communication for modern life. The book's discussion of these three substantial themes also exposes the reader to the distinctive function played by interwar Egypt as an impressive peripheral actor within the arena of the early Western oriented globalization of ideas. Moreover, examination of these themes also sheds light upon the function of Egypt of the interwar period as a significant stimulus for a wider Islamic circle of early globalization of ideas which even included far lands within the Islamic world as manifested in the book by the intriguing case of the Malay Indonesian world.

Reasoning with God Khaled Abou El Fadl, 2014-10-23

In light of recent concern over Shari'ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari'ah in Islam and its role in the world today. In *Reasoning with God* renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari'ah really means but also the way it can revitalize and reengage contemporary Islam. After a prologue that provides an essential overview of Shari'ah Abou El Fadl explores the moral trajectory of Islam in today's world. Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love. Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah. As the world's second largest religion Islam remains an important force on the global stage. *Reasoning with God* takes readers both Muslim and non-Muslim beyond superficial understandings of Shari'ah to a deeper understanding of its meaning and potential.
