Shirer's monumental study of Hitler's German Empire has been widely acclaimed as the definitive record of this century's blackest hours The Rise and Fall of the Third Reich offers an unparalleled and thrillingly told examination of how Adolf Hitler nearly succeeded in conquering the world With millions of copies in print

around the globe it has attained the status of a vital and enduring classic The Coming of the Third Reich Richard J. Evans, 2005-01-25 The definitive account of Hitler's rise to power and the collapse of civilization in Nazi Germany from the author of *The Third Reich in Power* *The Third Reich at War* and *Hitler's People* The clearest and most gripping account I've read of German life before and during the rise of the Nazis A S Byatt *Times Literary Supplement* Impressive in its command of an immense literature perceptive in analysis fluent in style and humane in judgment this work could only have been produced by a master historian Sir Ian Kershaw There is no story in twentieth century history more important to understand than Hitler's rise to power and the collapse of civilization in Nazi Germany With *The Coming of the Third Reich* Richard J. Evans one of the world's most distinguished historians has written the definitive account for our time A masterful synthesis of a vast body of scholarly work integrated with important new research and interpretations Evans's history restores drama and contingency to the rise to power of Hitler and the Nazis even as it shows how ready Germany was by the early 1930s for such a takeover to occur *The Coming of the Third Reich* is a masterwork of the historian's art and the book by which all others on the subject will be judged **The Rise and fall of the Third Reich** William L. Shirer, 1960 The Hitler Years: Triumph, 1933-1939 Frank McDonough, 2025-09-23 From historian Frank McDonough the first volume of a new chronicle of the Third Reich under Hitler's hand On January 30th 1933 Adolf Hitler was appointed the German Chancellor of a coalition government by President Hindenburg Within a few months he had installed a dictatorship jailing and killing his leftwing opponents terrorizing the rest of the population and driving Jews out of public life He embarked on a crash program of militaristic Keynesianism reviving the economy and achieving full employment through massive public works vast armaments spending and the cancellations of foreign debts After the grim years of the Great Depression Germany seemed to have been reborn as a brutal and determined European power Over the course of the years from 1933 to 1939 Hitler won over most of the population to his vision of a renewed Reich In these years of domestic triumph cunning maneuvers pitting neighboring powers against each other and biding his time we see Hitler preparing for the moment that would realize his ambition But what drove Hitler's success was also to be the fatal flaw of his regime a relentless belief in war as the motor of greatness a dream of vast conquests in Eastern Europe and an astonishingly fanatical racism
