Ambrose, 1973 **Rise to Globalism** Stephen E. Ambrose, Douglas Brinkley, 1997 Incorporating the most recent scholarship this eighth revised edition of *Rise to Globalism* now in paperback offers a concise and informative overview of the evolution of American foreign policy from 1938 to the present Ambrose also wrote bestsellers *Undaunted Courage* and *D Day* **Rise to Globalism** Stephen Edward Ambrose, 1973 **Rise to Globalism** Stephen E. Ambrose, 1983 Concludes with the Jimmy Carter administration **The Pelican History of the United States** Stephen E. Ambrose, William R. Brock, Donald R. McCoy, 1976 *Rise to Globalism* Stephen E. Ambrose, 1976 What is going to happen to America? Pasquale De Marco, 2025-08-16 America is facing a multitude of challenges and opportunities that will shape its future This book explores the economic social political and environmental issues that will define the nation s destiny in the years to come From the rise of populism to the changing dynamics of the party system from the impact of climate change to the future of work this book examines the forces that are transforming America It provides a comprehensive overview of the most pressing issues facing the nation offering a granular examination of the challenges and opportunities that lie ahead This book is a call to action a catalyst for informed discussion and debate It is an invitation to engage with the issues that will shape the destiny of America As we navigate the complexities of the 21st century it is more important than ever to understand the forces that are shaping our world This book provides a roadmap for understanding these forces and their implications for America s future It is a timely and essential resource for anyone who cares about the nation s future The future of America is not set in stone It is a future that we will shape together through our choices and our actions This book is a tool to help us make informed decisions to engage in meaningful dialogue and to build a better future for all Americans If you like this book write a review *The National Security Doctrines of the American Presidency* Lamont C. Colucci, 2012-08-08 This two volume set provides a chronological view of the foreign policy national security doctrines of key American presidents from Washington to Obama framed by commentary on the historical context for each discussions of major themes and examinations of the lasting impact of these policies *The National Security Doctrines of the American Presidency How They Shape our Present and Future* provides a chronological examination of the foreign policy and national security doctrines of key American presidents from Washington to Obama covering everything from our missionary zeal and

our pursuit of open navigation of the seas to our involvement in the ongoing political and military conflicts in the Middle East. It addresses the multiple sources behind the doctrines, real rhetorical and ideological. Arranged chronologically, each chapter offers commentary on the historical evolution of these doctrines, identifies the major themes, and highlights unique revelations. Ideal for universities, colleges, libraries, academics, classroom teachers, policy makers, and the educated electorate, this two-volume set represents a compendium of national security doctrines that explains how these first doctrines have constrained, restrained, and guided every American president regardless of party, providing comprehensive information that cannot be found in any other single source. Further, the work presents the reader with examples and explanations of precisely how these doctrines from long ago as well as those from recent history directly affect our present and future. **The**

Expansion of Civilizations Pasquale De Marco, 2025-07-23 The expansion of civilizations has been a driving force in human history. From the earliest empires in Mesopotamia and Egypt to the global empires of the modern world, empires have shaped the course of human development. Empires have played a complex and multifaceted role in the development of human societies. They have facilitated the spread of ideas, technologies, and cultures. They have also been responsible for war, conquest, and oppression. However, despite their negative aspects, empires have also played a positive role in human history. They have provided stability and security, and they have facilitated the development of infrastructure, trade, and the arts. In this book, we will explore the history of empires from their origins to the present day. We will examine the different factors that have led to the rise and fall of empires, and we will discuss the impact of empires on human societies. We will begin by examining the origins of empires in Mesopotamia and Egypt. We will then trace the development of empires in Greece, Rome, China, and India. We will also discuss the rise of the Islamic empires and the European empires. In the final chapters of the book, we will examine the decline of empires and the rise of globalism. We will discuss the challenges and opportunities facing the world in the 21st century, and we will consider the future of empires. This book is intended for a general audience. It is written in a clear and accessible style, and it is illustrated with maps and photographs. It is hoped that this book will provide readers with a better understanding of the history of empires and their impact on human societies. If you like this book, write a review.
