Porridge episode are among the most famous in British comedy and they remind viewers that this is no ordinary TV sitcom. The first situation comedy anywhere in the world to be set in a prison, Porridge is about men being punished for crimes committed against the same sort of people who are watching the show. Millions of hard working Britons were fans, many of them anxious about rising crime and worried that burglars would steal the TV set they were watching it on. Yet they still settled down at 8.30pm on Friday nights between 1974 and 1977 to watch a series that celebrates the sometimes pathetic, often ingenious recidivism of a group of social misfits who by their own admission are failed citizens. How did such a comedy come to be seen as part of a golden age of British sitcom without ever losing its edge to nostalgia? Crime like sex sells. But Porridge did not romanticise villainy. Written by Dick Clement and Ian La Frenais, it's a satire of class consciousness and power warmed by a humanistic celebration of men on the margins of society. Its heroes are weak, inadequate misfits, not tough, glamorous gangsters. Porridge was a success because the essence of situation comedy is confinement: characters in this format are people who feel trapped and thwarted by circumstances beyond their control. This therefore is the ultimate sitcom. Richard Weight's entertaining study of this much loved classic places Porridge in the context of 1970s social upheavals, explores how the series satirises structures of class and authority through Fletch and Godber's battles to outwit the prison officers Mr Mackay and Mr Barrowclough, and traces its influences on TV comedy that followed.

Writing Sitcoms, **The Comedy Cash-In Book** Ben Baker, **Rising Damp** Eric Chappell, Leonard Rossiter, Richard Beckinsale, Frances De la Tour, **The British Sitcom Spinoff Film** Stephen Glynn, 2023-12-07. This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms. Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s, this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit. Alongside an investigation of the economic imperative underpinning these productions, i.e. the exploitation of proven product with a ready-made audience, it is argued that with a longevity stretching from Arthur Askey and his wartime *Band Waggon* (1940) to the crew of *Kurupt FM* and their recent *People Just Do Nothing* (2021), the British sitcom spinoff can be interpreted as following a full generic

life cycle Starting with the formative stage where works from *Hi Gang* 1941 to *I Only Arsked* 1958 establish the genre's characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like *Till Death Us Do Part* 1969 *On the Buses* 1971 *The Likely Lads* 1976 and *Rising Damp* 1980 the genre's revival since the late 1990s reveals a more parodic final stage with films like *The League of Gentlemen's Apocalypse* 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical representations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality
