Risk, Resilience & Prevention Rune J. Simeonsson, 1994 **Promoting Family Wellness and Preventing Child Maltreatment** Isaac Prilleltensky, Geoffrey Brian Nelson, Leslea Peirson, 2001-01-01 Deals with the promotion of emotional well being in families and the prevention of child maltreatment Values policies and resources are examined as both facilitators of and barriers to effective action **Comprehensive Children's Mental Health Services in Schools and Communities** Robyn S. Hess, Rick Jay Short, Cynthia E. Hazel, 2013-06-19 Despite the growing emphasis on a population based training and service delivery model for school psychology few resources exist to provide guidance concerning how such services might be conceptualized and put into place In this book the authors propose a public health model for comprehensive children s mental health services that expands rather than replaces the traditional model of school psychology The background and theoretical perspective for this public health model are discussed as an important way to solve problems and accomplish goals in schools after which the authors outline and develop a clear practical procedure for implementing and evaluating programs based on public health ideas A case study in one elementary school walks readers through the stages of applying a public health model detailing the key steps of each stage Finally the authors consider the changes to the role of school psychologist that will be required to practice a public health problem solving model Accompanying downloadable resources contain sample forms handouts and other valuable materials that will be of use to school psychologists implementing this public health model in their schools Resources in Education , 1995
