

The background of the book cover is a detailed historical painting. It depicts a large, dense crowd of people in a city street, likely during the mid-19th century. In the foreground, several individuals are visible, including a man in a top hat and a woman in a bonnet. The crowd extends into the distance, where more figures and buildings are visible. A large American flag with stars and stripes is flying from a pole in the upper left portion of the scene. The overall atmosphere is one of a significant public gathering or event.

Rites Of Assent:

The Rites of Assent Sacvan Bercovitch, 2014-01-14 The Rites of Assent examines the cultural strategies through which America served as a vehicle simultaneously for diversity and cohesion fusion and fragmentation Taking an ethnographic cross cultural approach The Rites of Assent traces the meanings and purposes of America back to the colonial typology of mission and specifically in chapters on Puritan rhetoric Cotton Mather Jonathan Edwards and the movement from Revival to Revolution to the legacy of early New England Rites of Assent Sacvan Bercovitch, 1992 **Mahdī** 'Abd al-Ḥakīm 'Abd al-Ġanī Muḥammad Qāsim, 1996 Rites of Assent 'Abd al-Ḥakīm Qāsim, 1995 Two novellas by the late Egyptian writer The first Al Mahdi is on the forcible conversion of a Christian to Islam while Good News from Afterlife is on a man who meets angels after his death Ruthless Democracy Timothy B. Powell, 2021-03-09 In Ruthless Democracy Timothy Powell reimagines the canonical origins of American identity by juxtaposing authors such as Hawthorne Melville and Thoreau with Native American African American and women authors Taking his title from Melville Powell identifies an unresolvable conflict between America's multicultural history and its violent will to monoculturalism Powell challenges existing perceptions of the American Renaissance the period at the heart of the American canon and its evolutions by expanding the parameters of American identity Drawing on the critical traditions of cultural studies and new historicism Powell invents a new critical paradigm called historical multiculturalism Moving beyond the polarizing rhetoric of the culture wars Powell grounds his multicultural conception of American identity in careful historical analysis Ruthless Democracy extends the cultural and geographical boundaries of the American Renaissance beyond the northeast to Indian Territory Alta California and the transnational sphere that Powell calls the American Diaspora Arguing for the inclusion of new works Powell envisions the canon of the American Renaissance as a fluid dialogue of disparate cultural voices **Rites of Assent** Abd al Hakim Qasim, 1995 *Exodus!* Eddie S. Glaude, 2000-03-15 Acknowledgements Part One Exodus History 1 Bent Twigs and Broken Backs An Introduction 2 Of the Black Church and the Making of a Black Public 3 Exodus Race and the Politics of Nation 4 Race Nation and the Ideology of Chosenness 5 The Nation and Freedom Celebrations Part Two Exodus Politics 6 The Initial Years of the Black Convention Movement 7 Respectability and Race 1835 1842 8 Pharaoh's on Both Sides of the Blood Red Waters Henry Highland Garnet and the National Convention of 1843 Epilogue The Tragedy of African American Politics Notes Index Copyright Libri GmbH All rights reserved **An Angel Directs the Storm** Michael Northcott, 2004-09-24 This passionately argued book provides the first in depth investigation of the religious politics of current American neo conservatism It shows that behind the neo imperialism of the White House and George W Bush lies an apocalyptic vision of the United States's sacred destiny at the end of history a vision that is shared by millions of Americans Michael Northcott traces the roots of American apocalyptic to Puritan Millennialism and contemporary fundamentalist readings of the Book of Revelation He suggests that Americans urgently need to recover a critique of Empire of the kind espoused by the founder of Christianity or

else risk becoming idolaters of a new Roman Empire that leads others into servitude

The Turn Around Religion in America Professor Michael P Kramer, Professor Nan Goodman, 2013-05-28 Playing on the frequently used metaphors of the turn toward or turn back in scholarship on religion *The Turn Around Religion in America* offers a model of religion that moves in a reciprocal relationship between these two poles In particular this volume dedicates itself to a reading of religion and of religious meaning that cannot be reduced to history or ideology on the one hand or to truth or spirit on the other but is rather the product of the constant play between the historical particulars that manifest beliefs and the beliefs that take shape through them Taking as their point of departure the foundational scholarship of Sacvan Bercovitch the contributors locate the universal in the ongoing and particularized attempts of American authors from the seventeenth century forward to get it whatever that it might be right Examining authors as diverse as Pietro di Donato Herman Melville Miguel Algarin Edward Taylor Mark Twain Robert Keayne Nathaniel Hawthorne Paule Marshall Stephen Crane Ralph Waldo Emerson and Joseph B Soloveitchik among many others and a host of genres from novels and poetry to sermons philosophy history journalism photography theater and cinema the essays call for a discussion of religion's powers that does not seek to explain them as much as put them into conversation with each other Central to this project is Bercovitch's emphasis on the rhetoric ritual typology and symbology of religion and his recognition that with each aesthetic enactment of religion's power we learn something new

We the People Tommy Givens, 2014-10-01 *We the People* explores John Howard Yoder's account of peoplehood and develops an appreciative revision that considers the politics of Jesus in relation to the people of Israel This revision articulates the theopolitical stakes in relation to the modern nation state's claims to peoplehood and the observable effects of its exegetical and historical moorings in self assertion as the new and purified Israel Tommy Givens then undertakes a critical engagement with Karl Barth's account of God's election and a theologically sensitive exegesis of key biblical texts in dialogue with Carl Schmitt Jacob Taubes and N T Wright
