The Opera Manual Nicholas Ivor Martin, 2013-10-30 You are getting ready for a performance of Donizetti's *L'elisir d'amore* and you have a few questions How many clarinets are in the orchestra How many orchestra members appear onstage How many different sets are there How long does the opera typically run What are the key arias Are any special effects or ballet choreography required Who owns the rights Where was it premiered What are the leading and supporting roles The Opera Manual is the only single source for the answers to these and other important questions It is the ultimate companion for opera lovers professionals scholars and teachers featuring comprehensive information about and plot summaries for more than 550 operas including every opera that is likely to be performed today from standard to rediscovered contemporary works The book is invaluable especially for opera professionals who will find everything they need for choosing and staging operas But it is also a treasure for listeners Similar reference books commonly skip over scenes and supporting characters in their plot summaries lacking even the most basic facts about staging orchestral and vocal requirements The Opera Manual based on the actual scores of the works discussed is the only exhaustive up to date opera companion a recipe book that will enable its readers to explore those operas they know and discover new ones to sample and enjoy **Changing the Score**

Hilary Poriss, 2009-08-26 This study seeks to explore the role and significance of aria insertion the practice that allowed singers to introduce music of their own choice into productions of Italian operas Each chapter investigates the art of aria insertion during the nineteenth century from varying perspectives beginning with an overview of the changing fortunes of the practice followed by explorations of individual prima donnas and their relationship with particular insertion arias Carolina Ungher's difficulties in finding a perfect aria to introduce into Donizetti's *Marino Faliero* Guiditta Pasta's performance of an aria from Pacini's *Niobe* in a variety of operas and the subsequent fortunes of that particular aria Maria Malibran's interpolation of Vaccai's final scene from *Giulietta e Romeo* in place of Bellini's original setting in his *I Capuleti e i Montecchi* and Adelina Patti's mini concerts in the lesson scene of *Il barbiere di Siviglia* The final chapter provides a treatment of a short story *Memoir of a Song* narrated by none other than an insertion aria itself and the volume concludes with an appendix containing the first modern edition of this short story a narrative that has lain utterly forgotten since its publication in 1849 This book covers a wide variety of material that will be of interest to opera scholars and opera lovers alike touching on the fluidity of the operatic work on the reception of the singers and on the shifting and hardening aesthetics of music criticism through the period *Inscription* Fiona Ballard, 2024-02-28 When Beatrice Gardiner whispers the ring with a collapsing exit breath her daughter Fabienne takes the simple band and finds an inscription with two dates three months apart This becomes the backdrop for a tale of intrigue and divided family loyalties **The American**

Shorthorn Herd Book, 1916 **The Grand Affair** Paul Fisher, 2022-11-01 A Wall Street Journal and Times Literary Supplement Book of the Year Long listed for the Plutarch Award A bold new biography of the legendary painter John Singer

Sargent stressing the unruly emotions and furtive desires that drove his innovative work and defined the transatlantic fin de siècle culture he inhabited A great American artist John Singer Sargent is also an abiding enigma While dressing like a businessman and crafting a highly respectable persona he scandalized viewers on both sides of the Atlantic with the frankness and sensuality of his work He charmed the nouveaux riches as well as the old money but he reserved his greatest sympathies for Bedouins Spanish dancers and the gondoliers of Venice At the height of his renown in Britain and America he quit his lucrative portrait painting career to concentrate on allegorical murals with religious themes and on nude drawings of male models that he kept to himself In *The Grand Affair* the historian Paul Fisher offers a vivid life of the buttoned up artist and his unbuttoned work Sargent's nervy edgy portraits exposed illicit or dark feelings in himself and his sitters feelings that high society on both sides of the Atlantic found fascinating and off putting Fisher traces Singer's life from his wandering trans European childhood to the salons of Paris and the scandals and enthusiasms he caused and on to London There he mixed with eccentrics and aristocrats and the likes of Henry James and Oscar Wilde while at the same time forming a close relationship with a lightweight boxer who became his model valet and traveling partner In later years Sargent met up with his friend and patron Isabella Stewart Gardner around the world and devoted himself to a new model the African American elevator operator and part time contortionist Thomas McKeller who would become the subject of some of Sargent's most daring and powerful work Illuminating Sargent's restless itinerary Fisher explores the enigmas of fin de siècle sexuality and art fashioning a biography that grants the man and his paintings new and intense life

Strong family and low fertility: a paradox? Gianpiero Dalla Zuanna, Giuseppe A. Micheli, 2006-03-30 New perspectives in interpreting contemporary family and reproductive behaviour of Mediterranean Europe 1 THE NEW GEOGRAPHY OF FERTILITY AND THE FAMILY IN EUROPE The countries of southern Europe have begun to reduce conjugal fertility at a later date compared to most other nations in the west This has been plained by means of the category of delay the backwardness of the pressures of accumulation and economic development being seen as the cause of the maintaining of the reproductive models of the past Moreover the influence of the Catholic Church in Italy Spain and Portugal is supposed to have delayed the processes of secularisation rendering difficult the changes in mentality necessary for assuming modern patterns of reproductive behaviour not only for fertility but also for the variables which are strictly linked to it such as sexuality contraception and abortion Livi Bacci 1977 Lesthaeghe and Wilson 1986 1 1 The trends of very low fertility Now the panorama is very different Since the mid seventies southern Europe has been washed by the tide of a lowest low fertility i.e TFR under 1.5 for several a prolonged period Billari et al 2003 which in some areas 1 has reached and maintained scarcely imaginable levels for years on end Conversely other areas of Europe where fertility started to fall many decades earlier than in the regions of the south have recovered or maintained considerably higher levels of fertility often close to replacement level
