This is the story of a young man's journey through World War II It covers a wide cross section of the strengths and weaknesses of young men not attuned to killing and not mentally prepared to face the horror of seeing their close friends die violent deaths in battle The story is about the hopes the prayers the fears the daily miseries and even the lighter moments that the aspiring heroes of the Perth Regiment experienced on the Italian front as part of 11th Infantry Brigade 5th Canadian Armoured Division As the title suggests from his first battle inoculation Private Stan Scislowski realizes he is not destined for the heroic role to which he once aspired His fears affect him deeply his burning dream of returning home a national hero becomes more and more improbable and his attempts to come to terms with his unheroic nature make the war as much a mental battle as a physical one His story is much like that of the overwhelming number of Canadians who found themselves in the cauldron of war serving their country with all the strength they could find even when that strength was fading fast Not All of Us Were Brave focuses not on the heroes but on the ordinary soldiers who endured the mud the misery the ever present fear the inspiration and the degradation The narrative holds nothing back the dirty linen is aired along with the clean the light is shown alongside the dark It shows what war is all about *Notes of a War Correspondent* Richard Harding Davis,1910 Offers a first hand account of a war correspondent during various battles and instances of war he observed The book also describes what a war correspondent would bring in his travel kit *Notes of a War Correspondent* Richard Harding Davis,2019-12-24 In *Notes of a War Correspondent* Richard Harding Davis offers a vivid and compelling account of his experiences covering conflicts at the turn of the 20th century Notably characterized by its journalistic precision and evocative prose the book weaves a tapestry of battlefields political intrigue and the human experience of war Davis's literary style merges storytelling with reporting giving readers a unique lens through which to engage with both the brutality and the valor that define wartime experiences Set against the backdrop of the Spanish American War and the early stages of World War I the narrative reflects the zeitgeist of an era where the role of the war correspondent was becoming increasingly significant Richard Harding Davis an influential American journalist and author was acutely aware of the power and responsibility of the press His own fascination with adventure and the complexities of warfare undoubtedly propelled him into the field to document these tumultuous events thus enriching his body of work Known for his vivid character portrayal and keen observations Davis paved the way for future war reporting blending literary artistry with journalism *Notes of a War Correspondent* is an essential read for those interested in military history journalistic integrity and the human condition Davis's narrative not only illuminates the realities of war but also invites readers to reflect on the ethical dimensions of reporting This amalgamation of war stories and social commentary makes the book a profound exploration of morality amidst

chaos appealing to both scholars and casual readers alike **The Quake Cities** Mark Wheaton,2021-02-01 A woman tries trying to find her way home in a world decimated by earthquakes but there are people determined to stop her and harvest her DNA Alice wakes up in the Los Angeles Quake Zone in 2025 having no idea how she got there As her memories slowly return she finds she s being hunted by several armed groups intent on capturing her alive At the same time Este a survivor of the quakes that destroyed Los Angeles makes a living as a pathfinder for salvage teams in the city Este rescues Alice from her pursuers and learns there is something not quite right about her Alice is convinced it is 2003 Aided by Este s occasional boyfriend Wilfredo and her dog Casey Este and Alice try to evade those chasing Alice and discover why they value her so highly all while trying to reunite her with her family as the earthquakes around the world grow worse **Moments in Hell** Richard Harding Davis,2007 A war correspondent s breathtaking account of early twentieth century wars including the Greek Turkish War 1897 and the Spanish American War 1898 These events have fallen into relative obscurity following the two World Wars yet remain important forces shaping modern politics Moments in Hell reveals the conflicting loyalties of the war correspondent caught between political ideologies and personal suffering and provides an enlightening background to recent conflicts Harding Davis was a dashing fashionable figure in turn of the century New York and cited as the inspiration for the Gibson man fitting the adventurous image of the journalist popular in film and literature While his accounts highlight the brutality and inhumanity of war they are riveting pieces of reportage Harding Davis makes it clear that these moments in hell can make heroes and villains of us all My Eyes Feel They Need to Cry Martha Aladjem Bloomfield,2013-07-01 As intimate as they are inspiring these stories of transformation drawn from the oral histories of formerly homeless adults testify to the determination of the human spirit and the healing power of sharing one s journey This gripping collection gives voice to the traditionally voiceless inviting men and women from a variety of cultural and ethnic backgrounds to share their experiences of what it was like to live on the streets in cars under bridges and of how they discovered the inner motivation to change the course of their lives in a positive direction An important contribution to understanding how destructive patterns can be broken this book examines some key questions How do those who have suffered from homelessness and the hardships that accompany it find the inspiration and courage to break the seemingly endless cycle transform their lives and become self sufficient What emotional price do they pay When do they realize that enough is enough How do they learn to trust new people when so many have disappointed them Homeless people can and do find a way off the streets as these men and women reveal through their stories paintings and poetry **The Complete Works** G.
