## **Route Of The Electroliners Bulletin 107:**

Route of the Electroliners ,1975-01-01      **Electric Railways** Michael C. Duffy,2003-02-11 Electric Railways 1880 1990 explores the history of the integration of both electric and diesel electric railway systems and identifies the crucial role that diesel electric traction played in the development of wireless electrification The evolution of electrical technology and the modern railway produced innovations in engineering that were integral to the development of traction power and signalling systems This book presents a thorough survey of electric railway development from the earliest days pf the London Underground to modern electrified main line trains The distinction between enforced electrification and economic electrification is also discussed and the pioneering role of J J Heilmann assessed      *The Electric City* Harold L. Platt,1991-04-09 Describes consumers shifting habits of fuel consumption tracing how use of wood led to burning coal and coal gas to the arrival to the arrival of the arc lamp and then the coming of electricity Shows that the city government and utility brokers faced two problems how to generate a cheap supply of electricity and how to sell electrical energy to people who were already enjoying gas services The solutions were found by Samuel Insull president of Commonwealth Edison Company who put electrical technology on a sound economic footing      **From Small Town to Downtown** Lawrence A. Brough,James H. Graebner,2004-04-06 The Jewett Car Company was born in the heyday of the electric railway boom in the 1890s The company gained an excellent reputation for its elegant well built wooden cars for street railway companies interurban lines and rapid transit service Cities large and small used Jewett cars including New York Boston Chicago and San Francisco Many Jewett cars found their way to Indiana and many of the interurban lines employed the graceful arch windowed wood interurban that Jewett was famous for Automobile competition and the problems of competing with much larger car builders such as J G Brill and the St Louis Car Company signaled the beginning of the end The company was offered the opportunity to produce munitions for World War I but refused The reason the major source of finance for Jewett was a German nationalist banker from Wheeling West Virginia who refused to have the company do anything to harm Germany As a direct result of that action the Jewett Car Company failed      The North Shore Line David Sadowski,2023 As late as 1963 it was possible to board high speed electric trains on Chicago s famous Loop L that ran 90 miles north to Milwaukee This was the Chicago North Shore Milwaukee Railroad commonly known as the North Shore Line It rose from humble origins in the 1890s as a local streetcar line in Waukegan to eventually become America s fastest interurban under the visionary management of Midwest utilities tycoon Samuel Insull The North Shore Line under Insull became a worthy competitor to the established steam railroads Hobbled by the Great Depression the road fought back in 1941 with two streamlined air conditioned articulated trains called Electroliners which included dining service It regained its popularity during World War II when gasoline and tires were rationed but eventually it fell victim to highways and the automobile The North Shore Line had intercity rail commuter rail electric freight city streetcars and even buses It has been gone for nearly
