the RCMP's transformation was ensuring its own survival and continued relevance Riding to the Rescue is a provocative and incisive look behind one of Canada's most enduring icons at the cusp of the modern era The Canadian Abridgment, Second Edition, 1991 **Big Crime and Big Policing** Tonita Murray, Elizabeth Kirley, Stephen Schneider, 2024-07-05 Following money over national borders banking systems casinos and free trade zones as well as the world of the corrupt elites Big Crime and Big Policing brings new scholarly and practical insights into our understanding of the interplay of money crime and policing on the grand scale In this wide ranging volume a mixed group of scholars and practitioners aim to show how money dictates the scope and nature of financial and corporate crimes and the impact of these crimes on national economies social institutions and communal well being alike The book examines how the combined efforts of governments and international organizations fail to stop financial crime at its source and despite apparently generous human and financial resources police and law enforcement efforts ultimately fall short of defeating big crime and of meeting public safety needs International in scope Big Crime and Big Policing provides fresh reflection on a significant problem of our age one that demands greater attention from governments and the public Whose National Security? The Vigilant Eye Greg Marquis, 2017-01-19T00:00:00Z In *The Vigilant Eye* Greg Marquis combines the narrative and chronological approach of traditional institutional history with the critical approaches of social history legal history and criminology The book begins with the English and Irish roots of nineteenth century British North American policing and traces the development of the three models of law enforcement that would shape the future the local rural constable the municipal police department and the paramilitary territorial constabulary Marquis examines the development of provincial police services whose expansion coincided with the rise of mass automobile ownership and controversies over alcohol prohibition and control and their eventual absorption into the RCMP In terms of political policing the vigilant eye has monitored harassed and disrupted various social and political movements ranging from Fenians to communists to Quebec separatists and environmentalists Marquis argues that the style of community policing in vogue during the 1970s and 1980s lacked confidence and had a limited impact Canada's simplistic crime fighting model undermines genuine reform including curbs on the use of deadly force on citizens and justifies the increased militarization of policing Marquis argues that it is time for citizens to turn their vigilant eye towards police and policing in their own communities
