and the Middle East have been governed by a king Queen Emperor or Empress These individuals in most cases began a dynasty which lasted many years and are still reigning today The Roman Empire grew so huge and vast that it needed two Emperors to rule both East and West while the Middle Eastern countries suffered under their control Russia was ruled by Tsars and a great many dynasties existed This book takes a look at these leaders and uncovers the facts surrounding the reigns of these leaders

**Lordship in France, 1500-1789** James Lowth Goldsmith,2005 This book the final installment of a two volume history of French lordship examines the role of lordship in old regime society the internal structures and administration of lordship including the seigneurial dues domain farms forests and common lands and serfdom and seigneurial justice In addition the book reviews the regional patterns of lordship and concludes with an examination of lordship from 1770 to 1789 the years immediately preceding the French Revolution

**Castles in Medieval Society** Charles Coulson,2004 In this challenging new book Charles Coulson overturns many of the traditional assumptions about the nature and purpose of castle building in the middle ages He demolishes the traditional belief that castles were overwhelmingly military in their function showing how this was simply one aspect of a more complicated whole He sets out to recreate the medieval understanding of castles as symbolically fortified places of all kinds from ancient walled post Roman towns and prestigious religious enclaves to transitory campaign forts Going back to the original sources Dr Coulson proposes a new and more subtle understanding of the function and symbolism of castles as well as vivid insights into the lives of the people who inhabited them Fortresses were only occasionally caught up in war but constantly were central to the ordinary life of all classes of the nobility and gentry of widows and heiresses of prelates and clergy of peasantry and townspeople alike Castles in Medieval Society presents and explores this broad social panorama

**Fenestration Practice and Theory in Early Modern Europe** Hentie Louw,2024-06-05 This book explores the transformation of the window during the Early Modern Period in Europe Following the Italian Renaissance new stylistic norms for modern classical windows had to be invented Building a new classical repertoire drew on existing traditions in fenestration as local builders throughout Europe struggled with the constraints of

varying climatic conditions customs and physical resources in pursuit of a broader vision of an international classical revival With the Renaissance the architectural emphasis shifted towards secular design and as the classical revival gained momentum a quest for a cultured lifestyle commensurate with the new architecture increased demand for sophisticated fenestration systems in civil architecture The movement coincided with a period of dramatic climate change the so called Little Ice Age c 1450 c 1850 adding urgency to the campaign for transforming fenestration practice By the late seventeenth century Northern European builders had developed appropriate indigenous classical window forms for their respective societies functional products sophisticated enough to form the basis of new architectural styles northern classical traditions that rivalled and in some respects surpassed those created in Italy Their achievement was embodied in the two flagships of the movement the Franco Italian folding casement the French window and the English mechanical sliding window the sash window History of Castles, New and Revised Christopher Gravett, 2007-07 A wonderfully illustrated full color book detailing the most magnificent castles of the world *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library.
