Van Dover,2019-01-25 This book focuses on the distinctive role that artists have played in detective fiction as detectives as villains and victims and as bystanders With a few significant exceptions literary detectives have always identified themselves as essentially the deconstructors of the artful crimes of others They may use various methods ratiocinative scientific or hard boiled but they always unravel the threads that the villains have woven into deceptive covers for their crimes The detective does in the end produce a work of art a narrative that explains everything that needs explanation But the detective s moral work is often juxtaposed to the aesthetic work of the painters poets and writers that the detective encounters during an investigation The author surveys this juxtaposition in works by important authors from the early development of the genre Poe Conan Doyle the golden age Bentley Christie Sayers James et al and the hard boiled era Hammett Chandler Macdonald Spicer et al **The Short Writings of Nelson Algren** Richard F. reviews The present book features a comprehensive analysis and discussion of Algren s lost literature including everything but his novels One of the pieces covered is a masterpiece of race relations written in 1950 more than 60 years before the galvanization of the Black Lives Matter movement Another is a scathing poem about Algren s transatlantic love affair with Simone de Beauvoir Both items are reprinted in the book courtesy of the Algren estate This book also includes references to Algren s works that have yet to be studied by Algren scholars Everything Was Better in America David Welky,2010-10-01 As a counterpart to research on the 1930s that has focused on liberal and radical writers calling for social revolution David Welky offers this eloquent study of how mainstream print culture shaped and disseminated a message affirming conservative middle class values and assuring its readers that holding to these values would get them through hard times Through analysis of the era s most popular newspaper stories magazines and books Welky examines how voices both outside and within the media debated the purposes of literature and the meaning of cultural literacy in a mass democracy He presents lively discussions of such topics as the newspaper treatment of the Lindbergh kidnapping issues of race in coverage of the 1936 Olympic games domestic dynamics and gender politics in cartoons and magazines Superman s evolution from a radical outsider to a spokesman for the people and the popular consumption of such novels as the Ellery Queen mysteries *Gone with the Wind* and *The Good Earth* Through these close readings Welky uncovers the subtle relationship between the messages that mainstream media strategically crafted and those that their target audience wished to hear **The Mystery Fancier (Vol. 10 No. 3) Summer 1988** Guy M.
