Royal Revels:

English Court Theatre, 1558-1642 John H. Astington, 2006-11-02 A full account of court theatre in the Elizabethan and Stuart periods Patrons and Musicians of the English Renaissance David C. Price, 1981-02-05 The author examines the secular music of the late Renaissance period primarily through families of varying importance *Madalene Lisle; Or, the Maid of Kent. An Historical Romance* Gabriel Alexander, 1851 The Leisure Hour Monthly Library , 1858 **The Leisure Hour** , 1858 Shakespeare's Common Prayers Daniel Swift, 2013 Societies and entire nations draw their identities from certain founding documents whether charters declarations or manifestos The Book of Common Prayer figures as one of the most crucial in the history of the English speaking peoples First published in 1549 to make accessible the devotional language of the late Henry the VIII s new church the prayer book was a work of monumental religious political and cultural importance Within its rituals prescriptions proscriptions and expressions were fought the religious wars of the age of Shakespeare This diminutive book continuously reformed and revised was how that age defined itself In Shakespeare s Common Prayers Daniel Swift makes dazzling and original use of this foundational text employing it as an entry point into the works of England s most celebrated writer Though commonly neglected as a source for Shakespeare s work Swift persuasively and conclusively argues that the Book of Common Prayer was absolutely essential to the playwright It was in the Book s ambiguities and its fierce contestations that Shakespeare found the ready elements of drama dispute over words and their practical consequences hope for sanctification tempered by fear of simple meaninglessness and the demand for improvised performance as compensation for the failure of language to fulfill its promises What emerges is nothing less than a portrait of Shakespeare at work absorbing manipulating reforming and struggling with the explosive chemistry of word and action that comprised early modern liturgy Swift argues that the Book of Common Prayer mediates between the secular and the devotional producing a tension that makes Shakespeare s plays so powerful and exceptional Tracing the prayer book s lines and motions through As You Like It Hamlet Twelfth Night Measure for Measure Othello and particularly Macbeth Swift reveals how the greatest writer of the age of perhaps any age was influenced and guided by its most important book

Subject-index of the London Library, St. James's Square, London London Library, Charles Theodore Hagberg Wright, Christopher James Purnell, 1923 **Reading Shakespeare's mind** Steve Sohmer, 2017-01-10 This electronic version has been made available under a Creative Commons BY NC ND open access license This book shows that William Shakespeare was a more personal writer than any of his innumerable commentators have realised It asserts that numerous characters and events were drawn from the author s life and puts faces to the names of Jaques Touchstone Feste Jessica the Dark Lady and others Steven Sohmer explores aspects of Shakespeare s plays and sonnets that have been hitherto overlooked or misinterpreted in an effort to better understand the man and his work If you ve ever wondered who Pigrogromitus was or why Jaques spies on Touchstone and Audrey or what the famous riddle M O A I stands for this is the

book for you Original Plays: Comedy and tragedy. Gofferty's fairy. Rosencrantz and Guildenstern. Patience; or, Bunthorne's bride. Princess Ida; or, Castle Adamant. The mikado; or, The town of Titipu. Ruddigore; or, The witch's curse. The yeomen of the guard; or, The merryman and his maid. The gondoliers; or, The king of Barataria. The mountebanks. Utopia, limited; or, The flowers of progress William Schwenck Gilbert,1908 *Architecture in Motion* Robert

Kronenburg,2013-08-15 The idea that architecture can be portable is one that grabs the imagination of both designers and the people who use it perhaps because it so often forecasts a dynamic and creative solution to the complex problems of our contemporary mobile society while at the same time dealing with issues of practicality economy and sustainability Architecture in Motion examines the development of portable transportable demountable and temporary architecture from prehistory to the present day From familiar vernacular models such as the tent mobile home and houseboat to ambitious developments in military and construction engineering all aspects of portable building are considered Building on his earlier works Portable Architecture and Houses in Motion Robert Kronenburg compares traditional forms of building current commercial products and the work of innovative designers and examines key contemporary portable buildings to reveal surprising exciting and imaginative examples He explores the philosophical and technological issues raised by these experimental and futuristic prototypes By understanding the nature of transitory architecture a new ecologically aware design strategy can be developed to prioritise buildings that tread lightly on the earth and still convey the sense of identity and community necessary for an established responsible society This book provides a unique insight into this pivotal field of design **Plays by W. S. Gilbert** George Rowell,1982-03-04 This edition includes four plays and one libretto covering more than twenty years of the dramatist s career The Palace of Truth 1870 Sweethearts 1874 Princess Toto 1876 Engaged 1877 and Rosencrantz and Guildenstern 1891 The collection demonstrates that Gilbert was an original dramatist in his own right The sophisticated irony of his plays challenged the conventions of the Victorian burlesque and sentimental comedy by demanding and receiving an intelligent response from the audience George Rowell s useful and thorough introduction which presents the theatrical background to Gilbert s development also shows the dramatist s influence on Pinero Wilde and Shaw Gilbert s style combines a technique rarely realistic and stretching to fantasy with a tone apparently cynical and in fact deeply pessimistic This odd pairing of fantasy and fatalism was recognized by his own and later generations as Gilbertian and the term has been widely applied even outside the theatre Shakespeare's London Thomas Fairman Ordish,1897
