The Politics of Contested Narratives Ilse Lazaroms,Emily Gioielli,2016-03-17 The twentieth century in Europe was characterized by great moments of rupture such as two world wars ideological conflict and political polarization In these processes as well as in the historical writing that followed in its wake the individual as an historical entity often appeared crushed In line with contemporary theories about the precariousness of historical writing and the self this volume seeks to understand the important developments in modern Europe from the perspective of the single sometimes isolated but always original viewpoint of individuals inhabiting the space at the other side of the traditional grand narratives Including theoretical chapters as well as detailed case studies this volume takes a biographical approach to dystopian events the Holocaust Fascism Communism and collectivization by starting with the voices of unknown historical actors and relating their experiences to larger processes in modern European history such as the emergence of the national collective memory and state formation as well as changes in the understanding of modern identities and the re formulation of the self This book was originally published as a special issue of the European Review of History Harmony and Discord Lynn M.

Sargeant,2011-01-26 This text explores the development of Russian musical life during the 19th and early 20th centuries At the heart of this cultural history lies the Russian Musical Society as both a driving force behind the institutionalization of music and a representative of the growing importance of voluntary associations in public life **When Art Makes News**

Katia Dianina,2012-11-15 From the time the word kul tura entered the Russian language in the early nineteenth century Russian arts and letters have thrived on controversy At any given time several versions of culture have coexisted in the Russian public sphere The question of what makes something or someone distinctly Russian was at the core of cultural debates in nineteenth century Russia and continues to preoccupy Russian society to the present day When Art Makes News examines the development of a public discourse on national self representation in nineteenth century Russia as it was styled by the visual arts and popular journalism Katia Dianina tells the story of the missing link between high art and public culture revealing that art became the talk of the nation in the second half of the nineteenth century in the pages of mass circulation press At the heart of Dianina s study is a paradox how did culture become the national idea in a country where few were educated enough to appreciate it Dianina questions the traditional assumptions that culture in tsarist Russia was built primarily from the top down and classical literature alone was responsible for imagining the national community When Art Makes News will appeal to all those interested in Russian culture as well as scholars and students in museum and exhibition studies **WB/T.** United States. Environmental Data Service,1965 *The Image of Peter the Great in Russian History and*

Thought Nicholas Valentine Riasanovsky,1992 The image of Peter the Great Tsar of Russia from 1689 to 1725 has been a central theme of Russian history art and literature This study draws on Russian historical accounts folklore and the arts to

demonstrate how the image of Peter has reflected the changing cultural values of Russian people *Half a Century of Soviet Serials, 1917-1968, a Bibliography and Union List of Serials Published on the USSR*. Library of Congress, 1968 **Union List of Serials in Libraries of the United States and Canada** Winifred Gregory Gerould, 1927 **The Body Soviet** Tricia Starks, 2008-11-04 Health though essential to the revolutionary vision and crucial to Soviet plans for utopia has been neglected by traditional histories caught up in Cold War debates The Body Soviet recovers this significant aspect of Soviet thought by providing a cross disciplinary comparative history of Soviet health programs that draws upon rich sources of health care propaganda including posters plays museum displays films and mock trials *Boris Pil'niak* Vera T. Reck, 1975-01-01 Book Catalog of the Library and Information Services Division: Shelf List catalog Environmental Science Information Center. Library and Information Services Division, 1977 *The Economic Organization of War Communism 1918-1921* Silvana Malle, 2002-08-08 An assessment of the first Soviet economic system comparing programmes with outcomes and theory with practice **Bibliography of Agriculture** , 1972-07 **Bibliography of Social Science Periodicals and Monograph Series** United States. Bureau of the Census, 1965 *Dmitri Shostakovich, Pianist* Sofia Moshevich, 2004-03-19 She traces his musical roots piano studies repertoire and concert career through his correspondence with family and friends and his own and his contemporaries memoirs using material never before available in English This biographical narrative is interwoven with analyses of Shostakovich's piano and chamber works demonstrating how he interpreted his own music For the first time Shostakovich's own recordings are used as primary sources to discover what made his playing unique and to dispel commonly held myths about his style of interpretation His recorded performances are analysed in detail specifically his tempos phrasing dynamics pedal and tonal production Some unpublished variants of musical texts are included and examples of his interpretations are provided and compared to various editions of his published scores Tolstoy and the Genesis of "War and Peace" Kathryn B. Feuer, 2018-10-18 Kathryn B Feuer offers remarkable insights into Leo Tolstoy's creative process while he wrote War and Peace She follows the novel through countless drafts and notes illuminating its connection to earlier unpublished novels and to crucial new sources both European and Russian A novelist herself Feuer explores the problems of character development narrative voice genre and structure that Tolstoy ultimately resolved so brilliantly **Beethoven in Russia** Frederick W. Skinner, 2022-11-01 How did Ludwig van Beethoven help overthrow a tsarist regime With the establishment of the Russian Musical Society and its affiliated branches throughout the empire Beethoven's music reached substantially larger audiences at a time of increasing political instability In addition leading music critics of the regime began hearing Beethoven's dramatic works as nothing less than a call to revolution Beethoven in Russia deftly explores the interface between music and politics in Russia by examining the reception of Beethoven's works from the late 18th century to the present In part 1 Frederick W Skinner's clear and sweeping review examines the role of Beethoven's more dramatic works in the revolutionary struggle that culminated in the Revolution of

1917 In part 2 Skinner reveals how this same power was again harnessed to promote Stalin's campaign of rapid industrialization. The appropriation of Beethoven and his music to serve the interests of the state remained the hallmark of Soviet Beethoven reception until the end of communist rule. With interdisciplinary appeal in the areas of history, music, literature, and political thought, Beethoven in Russia shows how Beethoven's music served as a call to action for citizens and weaponized state propaganda in the great political struggles that shaped modern Russian history. [Archives in Russia: A Directory and Bibliographic Guide to Holdings in Moscow and St. Petersburg](#) Patricia Kennedy Grimsted, Patricia Kennedy Grimstead, 2016-04-01. This is a comprehensive directory and bibliographic guide to Russian archives and manuscript repositories in the capital cities of Moscow and St. Petersburg. It is an essential resource for any researcher interested in Russian sources for topics in diplomatic, military, and church history, art, dance, film, literature, science, ethnology, and geography. The first part lists general bibliographies of relevant reference literature, directories, bibliographic works, and specialized subject-related sources. In the following sections of the directory, archival listings are grouped in institutional categories. Coverage includes federal, ministerial, agency, presidential, local, university, Academy of Sciences, organizational, library, and museum holdings. Individual entries include the name of the repository in Russian and English, basic information on location, staffing, institutional history, holdings, access, and finding aids. More comprehensive and up to date than the 1997 Russian Version, this edition includes Web site information, dozens of additional repositories, several hundred more bibliographical entries, coverage of reorganization issues, four indexes, and a glossary. **Index-catalogue of the Library of the Surgeon General's Office, United States**, 1891.
