H. Traina, 2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them *"Christianity, Democracy, and the Radical Ordinary"* Romand Coles, Stanley Hauerwas, 2010-02-25 These essays reflect possibilities and practices of radical democracy and radical ecclesia that take form in the textures of relational care for the radical ordinary Hauerwas and Coles point out political and theological imaginations beyond the political formations which seems to be the declination and the production of death The authors call us to a revolutionary politics of wild patience that seeks transformation through attentive practices of listening relationship building and a careful tending to places common goods and diverse possibilities for flourishing **Interrupting the Church's Flow** Al Barrett, 2020-10-30 How can we develop and embody an ecclesiology in contexts of urban marginality that is radically receptive to the gifts and challenges of the agency of our non Christian neighbours Drawing on resources from political theologies and in particular conversation with Graham Ward and Romand Coles this book challenges our lazy understanding of receptivity digging deep to uncover a rich theological seam which has the potential to radically alter how theologians think about what we draw from urban places It offers a game changing liberative theology rooted not in the global south but from a position of self critical privilege Washing Feet Thomas O'Loughlin, 2015-12-07 More than half a century after its introduction into the Easter liturgy the rite of the washing of feet on Holy Thursday goes to the heart of what it means to take part in Christian liturgy as well as to live a Christian life In *Washing Feet* Imitating the Example of Jesus in the Liturgy Today Thomas O Loughlin explores the significance of mutual foot washing in early Christian communities and in the rituals of churches today *Washing Feet* is a sound and engaging combination of liturgical theology historical exploration

and practical pastoral guidance Clergy liturgy committees and RCIA leaders involved in Holy Week liturgies will find this a useful and accessible resource for understanding how this practice is a key to how ordinary Christians understand the nature of the church and their relationship to others within their particular communities *Reconciling All Things* Emmanuel Katongole, Chris Rice, 2009-12-09 Conflict resolution and peacemaking are not enough What makes real reconciliation possible Emmanuel Katongole and Chris Rice work from their experiences in Uganda and Mississippi to recover distinctively Christian practices that will help the church be both a sign and an agent of God's reconciling love in the fragmented world of the twenty first century **T&T Clark Handbook of Christology** Darren Sumner, Chris Tilling, 2025-06-26 This comprehensive work collects more than 30 essays from leading biblical scholars and systematic theologians to explore the person and work of Jesus Christ in a generously interdisciplinary manner From research foundations and method to the doctrine of the incarnation from the Trinity to the resurrection and from Christ's temptations to his high priestly prayer these essays seek to engage constructively with Scripture the history of Christian teaching and modern proposals and debates Together this international group of scholars engages such topics as Christ's preexistence his constitution as the God human his temptations and will the hypostatic union the prayer of John 17 the struggle in Gethsemane kenosis the two states and threefold office Spirit Christology impassibility and the cross resurrection and the diversity of the New Testament witnesses to him This is an indispensable volume for the study of Jesus Christ in the subject's biblical historical and doctrinal contours

Reconsidering Intellectual Disability Jason Reimer Greig, 2015-11-02 Drawing on the controversial case of Ashley X a girl with severe developmental disabilities who received interventionist medical treatment to limit her growth and keep her body forever small a procedure now known as the Ashley Treatment *Reconsidering Intellectual Disability* explores important questions at the intersection of disability theory Christian moral theology and bioethics What are the biomedical boundaries of acceptable treatment for those not able to give informed consent Who gets to decide when a patient cannot communicate their desires and needs Should we accept the dominance of a form of medicine that identifies those with intellectual impairments as pathological objects in need of the normalizing bodily manipulations of technological medicine In a critical exploration of contemporary disability theory Jason Reimer Greig contends that L Arche a federation of faith communities made up of people with and without intellectual disabilities provides an alternative response to the predominant bioethical worldview that sees disability as a problem to be solved *Reconsidering Intellectual Disability* shows how a focus on Christian theological tradition's moral thinking and practice of friendship with God offers a way to free not only people with intellectual disabilities but all people from the objectifying gaze of modern medicine L Arche draws inspiration from Jesus's solidarity with the least of these and a commitment to Christian friendship that sees people with profound cognitive disabilities not as anomalous objects of pity but as fellow friends of God This vital act of social recognition opens the way to understanding the disabled not as objects to be fixed but as teachers whose lives can transform others and open a new way of being human

Saved by Faith and Hospitality Joshua W. Jipp, 2017-08-21 Too few Christians today says Joshua Jipp understand hospitality to strangers and the marginalized as an essential part of the church's identity In this book Jipp argues that God's relationship to his people is fundamentally an act of hospitality to strangers and that divine and human hospitality together are thus at the very heart of Christian faith Jipp first provides a thorough interpretation of the major biblical texts related to the practice of hospitality to strangers considering especially how these texts portray Christ as the divine host who extends God's welcome to all people Jipp then invites readers to consider how God's hospitality sets the pattern for human hospitality offering suggestions on how the practice of welcoming strangers can guide the church in its engagement with current social challenges immigration incarceration racism and more

The Scandal of Service Jean Vanier, 1996 Theology and Down Syndrome Amos Yong, 2007 While the struggle for disability rights has transformed secular ethics and public policy traditional Christian teaching has been slow to account for disability in its theological imagination Amos Yong crafts both a theology of disability and a theology informed by disability The result is a Christian theology that not only connects with our present social medical and scientific understanding of disability but also one that empowers a set of best practices appropriate to our late modern context Publisher description

Politics & Mission Martin Gainsborough, 2023-03-01 The Church is political because it tells a radically different story from the dominant political norms of our day Through a study of the Church's liturgy this book seeks to build confidence in the Church's mission that is not dull or out of touch but fresh relevant exciting and contemporary

Saint Vincent De Paul: His Perceived Christological Thought Pattern on Charity and Christ in the Poor Michael I. Edem CM, 2019-02-14 The entire work is divided into three parts Each part has its accompanying chapters with corresponding introductions and conclusions It is the incarnation that necessitated the self emptying and self abasement of Christ It is the same mystery that underlies his passion and crucifixion and eventual resurrection The mystery of incarnation capped with experiential events forms the tap root of this global vision of Christ in the poor It is central to his theology of the poor Christ in the poor and the poor in Christ The incarnation and experiential events furnish the inclination and orientation Vincent's thought pattern possesses Such penetration and globalization process concerning the word incarnate are in line with the Church's permanent need of theological reflection The special inclination acts as a veneer that links other aspects It forms a continuum permeating and illumining the mystical link of the Vincentian Christ in the poor and the poor in Christ

Theology without

Words Wayne Morris, 2016-02-17 This book is a study of a Christian theology without words focussing on theology in the Deaf Community Deaf people's first and preferred method of communication is not English or any other spoken language but British Sign Language a language that cannot be written down Deaf people of faith attend church on a regular basis profess faith in God and have developed unique approaches to doing theology While most Western theology is word centred and is either expressed through or dependent on written texts theology in the Deaf Community is largely non written This book presents and examines some of that theology from the Deaf Community and argues that written texts are not necessary for creative theological debate a deep spirituality or for ideas about God to develop *Untamed Hospitality (The Christian Practice of Everyday Life)* Elizabeth Newman, 2007-04-01 Christian hospitality is more than a well set table pleasant conversation or even inviting people into your home Christian hospitality according to Elizabeth Newman is an extension of how we interact with God It trains us to be capable of welcoming strangers who will challenge us and enhance our lives in unexpected ways readying us to embrace the ultimate stranger God In *Untamed Hospitality* Newman dispels the modern myths of hospitality as a superficial commodity that can be bought and sold at The Pottery Barn and restores it to its proper place within God's story as displayed most fully in Jesus Christ Worship she says is the believer's participation in divine hospitality a hospitality that cannot be sequestered from our economic political or public lives This in depth study of true hospitality will be of interest to professors students and scholars looking for a fresh take on a timeless subject

Foundations of Spirituality Carla Mae Streeter, 2012 Scholarly approaches to spirituality often overlook the need for a sound anthropology as the base for explaining conversion the dynamic of grace and the effects of conversion in virtue theory In *Foundations of Spirituality* longtime educator Carla Mae Streeter provides a more adequate account of what it means to be a person before God By mining the insights of Bernard Lonergan on human consciousness and the virtue theory of Thomas Aquinas she presents a clear and integrated incarnational spirituality *The Practice of Human Development and Dignity* Paolo G. Carozza, Clemens Sedmak, 2020-10-31 Although deeply contested in many ways the concept of human dignity has emerged as a key idea in fields such as bioethics and human rights It has been largely absent however from literature on development studies The essays contained in *The Practice of Human Development and Dignity* fill this gap by showing the implications of human dignity for international development theory policy and practice Pushing against ideas of development that privilege the efficiency of systems that accelerate economic growth at the expense of human persons and their agency the essays in this volume show how development work that lacks sensitivity to human dignity is blind Instead genuine development must advance human flourishing and not merely promote economic betterment At the same time the essays in this book also demonstrate that human dignity must be assessed in the context of real human experiences and practices This volume therefore considers the meaning of human dignity inductively in light of development practice rather than simply providing a theory or philosophy of human dignity in the abstract It asks not only what is dignity but also how can dignity be

done Through a unique multidisciplinary dialogue The Practice of Human Development and Dignity offers a dialectical and systematic examination of human dignity that moves beyond the current impasse in thinking about the theory and practice of human dignity It will appeal to scholars in the social sciences philosophy and legal and development theory and also to those who work in development around the globe Contributors Paolo G Carozza Clemens Sedmak S verine Deneulin Simona Beretta Dominic Burbidge Matt Bloom Deirdre Guthrie Robert A Dowd Bruce Wydick Travis J Lybbert Paul Perrin Martin Schlag Luigino Bruni Lorenza Violini Giada Ragone Steve Reifenberg Elizabeth Hlabse Catherine E Bolten Ilaria Schnyder von Wartensee Tania Groppi Maria Sophia Aguirre and Martha Cruz Zuniga
