*The End of the Welfare State?* Stefan Svallfors, Peter Taylor-Gooby, 2012-10-12 Throughout the world politicians from all the main parties are cutting back on state welfare provision encouraging people to use the private sector instead and developing increasingly stringent techniques for the surveillance of the poor Almost all experts agree that we are likely to see further constraints on state welfare in the 21st Century Gathering together the findings from up to date attitude surveys in Europe East and West the US and Australasia this revealing book shows that contrary to the claims of many experts and policy makers the welfare state is still highly popular with the citizens of most countries This evidence will add to controversy

in an area of fundamental importance to public policy and to current social science debate      *Sociology in Europe* Birgitta Nedelmann, Piotr Sztompka, 2011-06-01 No detailed description available for Sociology in Europe      **Challenging the Myth of Gender Equality in Sweden** Griffin, Gabriele, Martinsson, Lena, Katarina Giritli Nygren, 2017-09 Sweden has the reputation of being one of the most gender equal countries in the world and it is often held up as a model for other societies but the reality is much more complicated as this volume shows The first book to provide a thorough analysis of the myth of Swedish gender equality it demonstrates how that dominant idea has become a form of heteronormative racially specific nationalism that ultimately excludes those who fall outside the social norm      Elites: New Comparative Perspectives Masamichi Sasaki, 2007-12-31 Elites come in many forms and express themselves in an extraordinary variety of ways This collection reflects just that diversity From an overview of elites for the relatively uninitiated to comparative studies of elites in individual national social and political contexts this work is both historical and contemporary and encompasses a variety of case studies of elite individuals as well as elites in a broad range of national and political environments All this is intended to assist those interested in the study of elites from historical and contemporary theoretical and empirical perspectives Ultimately this volume suggests many opportunities for further study and research      *Understanding Policy Domains their Salient Forces and Organisational Challenges* Taper O. Chirawu, 2012 Understanding Policy Domains their Salient Forces and Organisational Challenges examines the complexity of policy making processes within the context of human action arising from culture life necessities and politics It provides an understanding of human environmental and institutional behaviour and identifies the policy factors that underline the success or failure of governments and institutions This book provides policy makers practitioners and other researchers in the field with a clear understanding of the process of policy making and who is responsible for what It sets the tone for academics and policy practitioners to confront the problems and challenges that countries face as they seek to improve governance and service delivery The author provokes debate on the cause and effect of past present and future human actions bringing into play the issues of honesty transparency and political will He promotes policy as a way towards achieving social harmony in the human struggle for survival User friendly for both students and lecturers as well as for researchers government and NGO policy gurus Understanding Policy Domains their Salient Forces and Organisational Challenges is also valuable for political parties whose members are often unaware of this important aspect of government responsibility      Origins, Foundations, Sustainability and Trip Lines of Good Governance: Archaeological and Historical Considerations Gary M. Feinman, Richard Edward Blanton, Stephen A. Kowalewski, Lane Fargher Navarro, 2022-10-05 Until recently scholarly consensus across the social sciences and history adhered to the view that the incorporation of citizen voice in governance e g democracy was an entirely Western phenomenon that mostly is a product of the emergence of rational thought and the modern world These views are now empirically questioned and subject to serious reconsideration Yet even researchers who recognize a broader temporal span for democratic or good governance

draw fundamental distinctions between these political forms in the past and present Building on the collective action theories in particular those focused on fiscal financing the editors of this Research Topic outline fundamental characteristics internal financing equitable taxation checks on power and a functioning bureaucracy at the core of good governance which are neither the sole project of the contemporary West nor tied to any specific ideological construct or form of leadership Even elections can no longer be conceived as assurance of good governance At this time of global challenges to democracy understanding the comparative history of good governments their core institutions how they worked their foundations what led to their downfalls and the factors that prompted their sustenance or their collapses are extremely important to document The historical trends and coactive processes that underpinned those human cooperative arrangements which fostered growth and general well being require comparative focus if we are to draw on the wealth of human history to help craft better governance in the future and forestall the tripwires that lead to its failures We welcome contributions which focus on Diachronic examinations of changes in the fiscal foundations of governance and their impacts on governance Comparative analysis of governmental variability and its relationship to collective action and its fiscal financing Cross temporal studies of shifts in the degree of good governance and relations to inequality sustainability bureaucracy public goods and services and fiscal financing The importance of social compacts and contracts in representative government and how these are sustained and break down Alternatives and supplements to elections as means of assessing subaltern voices The relationship between governance and inequality over time and across space Differences in modes of political collapse and their relationship to governance fiscal financing and responses of principals The role of public ritual in good versus autocratic governments Variance in communication and computation in good versus autocratic governments The relationship between comparative governance and the uses and spatial distributions of community urban space residential and non residential architecture sprawl versus compact settlement The relationship between comparative governance and neighborhood organization Was there one or many episodes of enlightenment The relationship between governance and coactive processes including considerations of demographic growth patterns of migration well being economic growth The relationship between slave labor and governance spot resources and governance Non hierarchical and egalitarian forms of governance in non state societies Indigenous inspirations and influences on the Constitution of the United States Collective action and establishment of early cities Our aim for this Research Topic is to compile a series of research essays drawn from a broad cross regional and cross temporal sample of historical settings to explore issues and themes relevant to the history and processes that have been at the heart of good governance

### **Wellbeing of Families in Future Europe: Challenges for Research and Policy**

**- FAMILYPLATFORM - Families in Europe Vol. 1** Matthias Euteneuer,2011 Wellbeing of Families in Future Europe Challenges for Research and Policy FAMILYPLATFORM Families in Europe Vol 1 Governance in Turbulent Times

Christopher K. Ansell,Jarle Trondal,Morten Øgård,2017 What are the conditions for political development and decay and the

likelihood of sustained political order What are the limits of established rule as we know it How much stress can systems tackle before they reach some kind of limit How do governments tackle enduring ambiguity and uncertainty in their systems and environments These are some of the big questions of our time Governance in turbulent times may serve as a stress test of well known ways of governing in the 21st century Governance in Turbulent Times discusses this pertinent challenge and suggests how governments and organizations cope with and live with turbulence The book explores how organizations and institutions respond to precipitous conflicting and novel in short turbulent governance challenges This book is a comprehensive and ground breaking endeavor to understand how governance systems respond to turbulent challenges and how turbulent times provide excellent opportunities to investigate the sustainability of governance systems The book illustrates how politics administrative scale and complexity uncertainty and time constraints can collide to produce turbulence Building on prior work in organization theory and political science we argue that turbulence refers to four properties related to the interaction of demands for action variability consistency expectation and unpredictability Turbulence occurs where the interaction of demands is experienced as highly variable inconsistent unexpected and or unpredictable

**New Challenges to Ageing in the Rural North** Päivi Naskali, Joan R. Harbison, Shahnaj Begum, 2019-08-26 This book provides an underexplored view of ageing one that conceives older people as valuable resources in their communities as active citizens with both voice and an agency that includes the capacity for resistance It acknowledges that becoming old with dignity means also paying attention to caring good health services and the possibility of good death The book defines age and ageing as multiple culturally and historically constructed phenomena that are only loosely connected to the years of one's life In focusing on the peripheral North located in the Nordic Canadian and Russian north it highlights important questions and viewpoints that can be found and adapted to other rural areas The book answers the following questions What is the relevance of legislation and international legal agreements in ensuring the rights of elderly people under political and economic changes What challenges do geographic isolation changing age structure and cultural and ecological transformations pose to possibilities for meeting older people's needs for engagement in society as well as for their care As such this book will be of interest to all those working in population ageing

Families and Food in Hard Times Rebecca O'Connell, Julia Brannen, 2021-05-24 Food is fundamental to health and social participation yet food poverty has increased in the global North Adopting a realist ontology and taking a comparative case approach Families and Food in Hard Times addresses the global problem of economic retrenchment and how those most affected are those with the least resources Based on research carried out with low income families with children aged 11-15 this timely book examines food poverty in the UK Portugal and Norway in the decade following the 2008 financial crisis It examines the resources to which families have access in relation to public policies local institutions and kinship and friendship networks and how they intersect Through thick description of families everyday lives it explores the ways in which low income impacts upon

practices of household food provisioning the types of formal and informal support on which families draw to get by the provision and role of school meals in children s lives and the constraints upon families social participation involving food Providing extensive and intensive knowledge concerning the conditions and experiences of low income parents as they endeavour to feed their families as well as children s perspectives of food and eating in the context of low income the book also draws on the European social science literature on food and families to shed light on the causes and consequences of food poverty in austerity Europe
