Sinners and Citizens Jens Rydström, 2003-11-15 *Sinners and Citizens* explores how sexual habits changed in Sweden during its development from an agrarian society into a modern welfare state Jens Rydström examines the history of homosexuality and bestiality in that country to consider why these sexual practices have been so closely linked in virtually all Western societies He limns sharply the distinctive experience of rural life showing that to regularly witness farm animals stirred passions and sparked ideas especially among young farmhands Based on medical journals psychiatric reports and court records from the period as well as testimonies from men in diaries letters and interviews *Sinners and Citizens* reveals that bestiality was once a dreaded crime in Sweden But in time mention of the practice disappeared completely from legal and medical debates This Rydström contends is because models of penetrative sodomy shifted from bestiality to homosexuality as Sweden transformed from a rural society into a more urban one As the

nation's economy and culture became less identified with the countryside so too did its idea of deviant sexual behavior

Homosexuality in French History and Culture Jeffrey Merrick, Michael Sibalis, 2013-09-13 Deconstruct changing representations of homosexuality with this important new work of cultural criticism *Homosexuality in French History and Culture* explores episodes, patterns, and images of same sex attraction in France from the sixteenth to the twenty-first century from the essays of Michel de Montaigne to pride parades in contemporary Paris. This groundbreaking book documents the ways homosexuality has been named, experienced, regulated, understood, and imagined. During these centuries, homosexuality has been stigmatized as a sin, crime, or disease and denounced as a threat to social order and national identity. Yet the rhetoric of condemnation has always co-existed with the reality of toleration. This groundbreaking collection analyzes the ways in which persecutions, as well as differences within minority sexual subcultures, have highlighted stereotypes and anxieties about class and age differences, gendered roles, and separatism. *Homosexuality in French History and Culture* offers historical and literary studies based on a wide variety of sources including novels, plays, and poetry, gossip, and satires, police reports, medical texts, travel literature, newspapers, and periodicals, memoirs. *Homosexuality in French History and Culture* combines fresh, creative re-interpretation of familiar texts with exciting new explorations of neglected historical episodes and cultures. It is a landmark of meticulous scholarship and rigorous theoretical analysis and a vital resource for scholars of queer theory, French history and culture, and literary criticism.

Queer Asian Cinema Andrew Grossman, 2018-10-24 Explore queer themes in films from Hong Kong gangster flicks to Bollywood melodramas. Although Asian films have reached a new height in popularity worldwide, *Queer Asian Cinema: Shadows in the Shade* is the first full-length book in English solely devoted to examining the aesthetics and politics of homosexuality in Asian films. This unique book presents multiple points of view on the portrayal of gay, lesbian, and transgendered people in film throughout Asia. From the subversive sadomasochism of Japan's pink films to the hard-boiled world of Hong Kong's gangster movies, *Queer Asian Cinema* analyzes and discusses attitudes toward homosexuality in the full spectrum of Asian film. In addition to studies of the representation of identified gay men, lesbians, and transgendered individuals, it reveals the hidden homoerotic subtext of otherwise conventional films. *Queer Asian Cinema: Shadows in the Shade* examines diverse aspects of Asian films, including the political and psychological links between feudal and sadomasochist hierarchies, the inevitable punishment of homoerotic bonds in gangster films, the integration of the homosexual couple into the Confucian family structure in Korean films, the complexities of cross-gender casting, the differences between transvestism and cross-dressing, the definition of male genitalia as obscene. *Queer Asian Cinema: Shadows in the Shade* brings together experts in both film-making and movie criticism, providing a balanced viewpoint to unite the worlds of academic and popular perceptions on this subject. It opens an exciting discussion of this important and largely neglected area of cinematic discourse.
