Davis, Stefka Mihaylova, 2018-03-06 As Harriet Beecher Stowe's novel Uncle Tom's Cabin traveled around the world it was molded by the

imaginations and needs of international audiences For over 150 years it has been coopted for a dazzling array of causes far from what its author envisioned This book tells thirteen variants of Uncle Tom s journey explicating the novel s significance for Canadian abolitionists and the Liberian political elite that constituted the runaway characters landing points nineteenth century French theatergoers liberal Cuban Romanian and Spanish intellectuals and social reformers Dutch colonizers and Filipino nationalists in Southeast Asia Eastern European Cold War communists Muslim readers and spectators in the Middle East Brazilian television audiences and twentieth century German holidaymakers Throughout these encounters Stowe s story of American slavery serves as a paradigm for understanding oppression selectively and strategically refracting the African American slave onto other iconic victims and freedom fighters The book brings together performance historians literary critics and media theorists to demonstrate how the myriad cultural and political effects of Stowe s enduring story has transformed it into a global metanarrative with national regional and local specificity *Left to Chance* Steve

Kroll-Smith,Vern Baxter,2015-09-01 This in depth study of two black neighborhoods in the wake of Hurricane Katrina vividly captures the struggle and uncertainty in the process of rebuilding Hurricane Katrina was the worst urban flood in American history a disaster that destroyed nearly the entire physical landscape of a city as well as the mental and emotional maps that people use to navigate their everyday lives *Left to Chance* takes us into two African American neighborhoods working class Hollygrove and middle class Pontchartrain Park to learn how their residents have experienced Miss Katrina and the long road back to normal life The authors spent several years gathering firsthand accounts of the flooding the rushed evacuations that turned into weeks and months long exile and the often confusing and exhausting process of rebuilding damaged homes in a city whose local government had all but failed As the residents stories make vividly clear government and social science concepts such as disaster management restoring normality and recovery have little meaning for people whose worlds were washed away in the flood For the neighbors in Hollygrove and Pontchartrain Park life in the aftermath of Katrina has been a passage from all that was familiar and routine to an ominous world filled with existential uncertainty Recovery and rebuilding become processes imbued with mysteries accidental encounters and hasty adaptations while victories and defeats are left to chance **Catalogues of Items for Auction by Messrs.
