Peninsular War Susan Valladares, 2016-03-09 From Napoleon's invasion of Portugal in 1807 to his final defeat at Waterloo the English theatres played a crucial role in the mediation of the Peninsular campaign In the first in depth study of English theatre during the Peninsular War Susan Valladares contextualizes the theatrical treatment of the war within the larger political and ideological axes of Romantic performance Exploring the role of spectacle in the mediation of war and the links between theatrical productions and print culture she argues that the popularity of theatre going and the improvisation and topicality unique to dramatic performance make the theatre an ideal lens for studying the construction of the Peninsular War in the public domain Without simplifying the complex issues involved in the study of citizenship communal identities and ideological investments Valladares recovers a wartime theatre that helped celebrate military engagements reform political sympathies and register the public's complex relationship with Britain's military campaign in the Iberian Peninsula From its nuanced reading of Richard Brinsley Sheridan's *Pizarro* 1799 to its accounts of wartime productions of Shakespeare description of performances at the minor theatres and detailed case study of dramatic culture in Bristol Valladares's book reveals how theatrical entertainments reflected and helped shape public feeling on the Peninsular campaign *Absence and Memory in Colonial American Theatre*

O. Johnson, 2016-09-23 History they say has a filthy tongue In the case of colonial theatre in America what we know about performance has come from the detractors of theatre and not its producers Yet this does not account for the flourishing theatrical circuit established between 1760 and 1776 This study explores the culture's social support of the theatre

Twentieth-Century British Theatre Claire Cochrane, 2011-10-27 In this book Claire Cochrane maps the experience of theatre across the British Isles during the twentieth century through the social and economic factors which shaped it Three topographies for 1900 1950 and 2000 survey the complex plurality of theatre within the nation state which at the beginning of the century was at the hub of world wide imperial interests and after one hundred years had seen unprecedented demographic economic and industrial change Cochrane analyses the dominance of London theatre but redresses the balance in favour of the hitherto marginalised majority experience in the English regions and the other component nations of the British political construct Developments arising from demographic change are outlined especially those relating to the rapid expansion of migrant communities representing multiple ethnicities Presenting fresh historiographic perspectives on twentieth century British theatre the book breaks down the traditionally accepted binary oppositions between different sectors showing a broader spectrum of theatre practice *Shakespeare in the Nineteenth Century*

Gail Marshall, 2012-02-16 An illustrated collection of new essays with valuable reference material on the performance and reception of Shakespeare's plays *Victorian touring actresses*

Janice Norwood, 2020-05-09 Victorian touring actresses brings new attention to women's experience of working in nineteenth century theatre by focusing on a diverse group of largely forgotten mid tier performers rather than the usual celebrity figures It examines how actresses responded to changing political economic and social circumstances and how the women were themselves agents of change

Their histories reveal dynamic patterns of activity within the theatrical industry and expose its relationship to wider Victorian culture. With an innovative organisation mimicking the stages of an actress's life and career, the volume draws on new archival research and plentiful illustrations to examine the challenges and opportunities facing the women as they toured both within the UK and further afield in North America and Australasia. It will appeal to students and researchers in theatre and performance history, Victorian studies, gender studies and transatlantic studies.

The Britannia Panopticon Music Hall and Cosmopolitan Entertainment Culture Paul Maloney, 2016-10-13. Focusing on Glasgow's earliest surviving music hall, the Britannia, later the Panopticon, this book explores the role of one of the city's most iconic cultural venues within the cosmopolitan entertainment market that emerged in British cities in the nineteenth century. Shedding light on the increasing diversity of commercial entertainment provided by such venues, offering everything from music hall, early cinema and amateur nights to waxworks, menageries and freak shows, this study also encompasses the model of community-based working-class music hall which characterised the Panopticon's later years, challenging narratives of the primacy of city-centre variety. Providing a comprehensive analysis of this dynamic popular theatre of the industrial age, Maloney examines the role of the hall's managers, marketing and promotional strategies, audiences and performing genres from the hall's opening in 1859 until final closure in 1938. The book also explores stage representations of Irish and Jewish immigrant communities present in surrounding city-centre areas, demonstrating the Britannia's diasporic links to other British cities and centres in North America, thus providing a multifaceted and pioneering account of this still extant Victorian music hall.

Shakespeare and his Contemporaries in Performance Edward J. Esche, 2017-03-02. The creation of the new Globe Theatre in London has heightened interest in Shakespeare performance studies in recent years. The essays in this volume testify to this burgeoning research into issues surrounding contemporary performances of plays by Shakespeare and his fellow dramatists, as well as modern trends and developments in stage and media presentations of these works. Truly international in coverage, the discussion here ranges across the performance and reception of Shakespeare in Japan, India, Germany, Italy, Denmark and the United States, as well as in Britain. Dennis Kennedy's introductory essay places the new Globe Theatre in the context of Shakespearean cultural tourism generally. This is followed by five sections of essays covering aspects of Shakespeare on film, the stage history of his plays, Renaissance contexts, the movement of the text from page to stage and female roles. Exploring many of current issues in Shakespeare studies, this volume provides a global perspective on Renaissance performance and the wide variety of ways in which it has been translated by today's media.

About the Editor: Edward J. Esche is a Senior Lecturer in English and Head of Drama at Anglia Polytechnic University. He has published on Renaissance drama and twentieth-century modern British and American drama. His most recent publication is an edition of Christopher Marlowe's *The Massacre at Paris* for the Clarendon Press. *The Complete Works of Christopher Marlowe*.

Celebrity, Performance, Reception David Worrall, 2013-09-26 By 1800 London had as many theatre seats for sale as the city's population. This was the start of the capital's rise as a centre for performing arts. Bringing to life a period of extraordinary theatrical vitality, David Worrall re-examines the beginnings of celebrity culture amidst a monopolistic commercial theatrical marketplace. The book presents an innovative transposition of social assemblage theory into performance history. It argues that the cultural meaning of drama changes with every change in the performance location. This theoretical model is applied to a wide range of archival materials including censors' manuscripts, theatre ledger books, performance schedules, unfamiliar play texts and rare printed sources. By examining prompters' records, box office receipts and benefit night takings, the study questions the status of David Garrick, Sarah Siddons and Edmund Kean and recovers the neglected actress Elizabeth Younge and her importance to Edmund Burke. *Entertainment, Propaganda, Education* Anselm Heinrich, 2007 Published in association with the Society for Theatre Research, this is a comparative study of regional theatre in Britain and Germany during the key period of 1918 to 1945. *Nineteenth Century Theatre*, 2000 Theatre Notebook, 1996

Theatrical Costume, Masks, Make-Up and Wigs Sidney Jackson Jowers, 2013-10-15 This is the first bibliography in its field based on first-hand collations of the actual articles. International in scope, it includes publications found in public theatre libraries and archives of Barcelona, Berlin, Brussels, Budapest, Florence, London, Milan, New York and Paris, amongst others. Over 3500 detailed entries on separately published sources such as books, sales and exhibition catalogues and pamphlets provide an indispensable guide for theatre students, practitioners and historians. Indices cover designers, productions, actors and performers. The iconography provides an indexed record of over 6000 printed plates of performers in role illustrating performance costume from the 18th to 20th century. *Theatre Studies*, 1997 *Helen Faucit* Carol Jones Carlisle, 2000
