The End of Art Eva Geulen, 2006 Since Hegel the idea of an end of art has become a staple of aesthetic theory This book analyzes its role and its rhetoric in Hegel Nietzsche Benjamin Adorno and Heidegger in order to account for the topic's enduring persistence In addition to providing a general overview of the main thinkers of post Idealist German aesthetics the book explores the relationship between tradition and modernity For despite the differences that distinguish one philosopher's end of art from another's all authors treated here turn the end of art into an occasion to thematize and to reflect on the very thing that modernism cannot or should not be tradition As a discourse the end of art is one of our modern traditions

Wittgenstein and Hegel Jakub Mácha, Alexander Berg, 2019-06-17 This book brings together for the first time two philosophers from different traditions and different centuries While Wittgenstein was a focal point of 20th century analytic philosophy it was Hegel's philosophy that brought the essential discourses of the 19th century together and developed into the continental tradition in 20th century This now outdated conflict took for granted Hegel's and Wittgenstein's opposing positions and is being replaced by a continuous progression and differentiation of several authors' schools and philosophical

traditions The development is already evident in the tendency to identify a progression from a Kantian to a Hegelian phase of analytical philosophy as well as in the extension of right and left Hegelian approaches by modern and postmodern concepts

Assessing the difference between Wittgenstein and Hegel can outline intersections of contemporary thinking **Hegel's Conception of the Determinate Negation** Terje Sparby, 2014-12-04 The determinate negation has by Robert Brandom been called Hegel's most fundamental conceptual tool In this book Terje Sparby agrees about the importance of the term but rejects Brandom's interpretation of it Hegel's actual use of the term may at first seem to be inconsistent something that is reflected in the scholarship However on closer inspection three forms of determinate negations can be discerned in Hegel's texts A nothing that is something a moment of transformation through loss like the Phoenix rising from the ashes and a unity of opposites Through an in depth interpretation of Hegel's work a comprehensive account of the determinate negation is developed in which these philosophically challenging ideas are seen as parts of one overarching process *Philosophy and Religion in German Idealism* William Desmond, Ernst-Otto Onnasch, Paul Cruysberghs, 2006-02-17 This book contains the selected proceedings of a conference on Religion in German Idealism which took place in Nijmegen Netherlands in January 2000 The conference was organized by the Centre of German Idealism which coordinates the research on classical German philosophy in the Netherlands and in Belgium Generous support of the Dutch Organisation for Scientific Research NWO has made this conference possible A few months after the conference Ludwig died and this circumstance unexpectedly delayed efforts to bring the proceedings of the conference to published form We are now happy to present those proceedings dedicated to the memory of the founding father of the Centre It was a great joy to work with Ludwig it was an even greater joy to be reckoned amongst his friends It was part of Ludwig's distinctive charisma that he was able to combine friendship together with collaboration in philosophical and scholarly work William Desmond Ernst Otto Onnasch Paul Cruysberghs ix

INTRODUCTION WILLIAM DESMOND ERNST OTTO ONNASCH and PAUL CRUYSBERGHS 1 The studies in this book testify to the intimate relation of philosophy and religion in German idealism a relation not also devoid of tensions and indeed conflicts Idealism gave expression to a certain affirmation of the autonomy of philosophical reason but this autonomy was one that tried to take into account the importance of religion Sometimes the results of this claim to autonomy moved towards criticism of religion **Hegel's 'Individuality'** Martin Donougho, 2023-08-31 This book explores an overlooked area in Hegel studies his use of individuality Individuality Hegel joined a lively conversation from Leibniz to Romanticism and beyond about this novel concept phenomenon Successive chapters track Hegel's engagement in such texts as the Phenomenology Encyclopedia and Aesthetics Hegel's system tends to follow a syllogistic logic universal particular singular but individuality departs from the norm The category enacts a certain pragmatics as against semantics or syntactics regarding tacit assumptions at work or implicit terms of address which requires active participation by a thinking subject charged with discerning individuality which bars resort to explicit rules The category reflexively implicates the user even in

presuming an objective context Individuality should not be confused with individualism wholly distinct in origin Moreover Hegel s Aesthetics embraces a paradoxical anachronism Like art itself individuality emerged as an essentially modern category though one transferred to the past and to distant cultures **Religion und Wissenschaft, Staat und Kirche. Eine Gott- und Weltanschauung auf erfahrungs- und zeitgemässen Grundlage** Adolf ZEISING,1873 [Hegel on Beauty](#) Julia Peters,2014-11-20 While the current philosophical debate surrounding Hegel s aesthetics focuses heavily on the philosopher s controversial end of art thesis its participants rarely give attention to Hegel s ideas on the nature of beauty and its relation to art This study seeks to remedy this oversight by placing Hegel s views on beauty front and center Peters asks us to rethink the common assumption that Hegelian beauty is exclusive to art and argues that for Hegel beauty like art is subject to historical development Her careful analysis of Hegel s notion of beauty not only has crucial implications for our understanding of the end of art and Hegel s aesthetics in general but also sheds light on other fields of Hegel s philosophy in particular his anthropology and aspects of his ethical thought **Georg Wilhelm Friedrich Hegel - A Propaedeutic** Thomas Sören Hoffmann,2015-06-24 In Georg Wilhelm Friedrich Hegel A Propaedeutic Thomas S ren Hoffmann offers a comprehensive intellectual biography of the master philosopher of German idealism the last great system builder of European philosophy All the major themes of Hegel s thought are worked through logic and metaphysics history and spirit art and language thought and nature right religion and science and presented as open invitations to conversing with to working with indeed to thinking with the great philosopher himself Hegel s dialectical concept of life is one key deployed by Hoffmann to throw new light on the philosopher s work and to offer resolutions of the perennial enigmas besetting and controversies surrounding it *Ueber Princip und Methode Der Hegelschen Philosophie* Hermann Ulrici,1841 **Die Philosophie des deutschen Idealismus, Teil 2: Hegel** Nicolai Hartmann,2020-10-26 Keine ausführliche Beschreibung f r Die Philosophie des deutschen Idealismus Teil 2 Hegel verfügbar **Hegel** Katerina Deligiorgi,2014-12-05 Over the last decade renewed interest in Hegel s thought and its legacy especially in Anglo American philosophy has combined with the publication of new critical editions of his work in German to underline the value of Hegel for contemporary philosophy Hegel New Directions takes stock of this re evaluation and presents an assessment of current thinking on this seminal philosopher Leading scholars who have spearheaded the reappraisal bring the history of philosophy into dialogue with contemporary philosophical questions Drawing on a broad range of themes the essays offer a critical and stimulating guide to Hegel s thought whilst addressing central questions of contemporary philosophy in epistemology ethics political and social theory religion philosophy of nature and aesthetics *Perfection and Becoming* Changjiang Xing,2024-12-30 In Hegel s aesthetics the element of speculative philosophy is always a notorious aspect that attracts the most complaints from modern art criticism The book however justifies the intelligibility in art in light of Hegel s philosophy of metaphysics The author explores the philosophical motivations of Hegelian aesthetics its underlying logic the relationship between metaphysical core and

artistic expression as well as the contemporary significance and value of metaphysicalised theories of art exemplified by Hegelian aesthetics Through elucidating the metaphysical core implicit in Hegel s lectures on aesthetics this book proves that the philosophical considerations of Absolute Idealism bring to art the spiritual seriousness which the Romantics lack Ultimately this approach reveals the broad consensus which both Hegel s aesthetics and modern philosophical hermeneutics share thus bridging the gap between ancient and the modern philosophy of art The book will appeal to scholars and students studying classical German philosophy German Romantic literature criticism and modern art theory **Die Philosophie des deutschen Idealismus** Nicolai Hartmann,1929 Erzähltextanalyse [German-language Edition] Meinhard Mair,2014-03-01

This comprehensive and systematic text book provides teachers and students alike with a profound yet concise reference for the analysis of narrative texts It provides appropriate and differentiated terminological and methodological tools to all the questions that arise when analyzing a narrative text An advantage of this textbook is that the narrative theory models and concepts are presented in understandable and operational analytical categories and parameters and illustrated by tables and matrices to help make the sophisticated analysis easier to understand and memorize Exemplary model analyses are provided to present and test the performance of this method This book is valuable not only to literary scholars but is also suitable to teachers and students Lehrende und Studierende die einen Erz hltext analysieren wollen finden in diesem umfassenden systematischen profunden und zugleich bersichtlichen Lehrbuch und Nachschlagewerk ein geeignetes und differenziertes terminologisches und methodisches Instrumentarium um alle Fragen die bei der Analyse eines Erz hltextes auftauchen beantworten zu k nnen Ein Vorzug des vorliegenden Handbuches besteht darin dass die erz hltheoretischen Modelle und Konzepte in verst ndliche und operative analytische Kategorien und Parameter umgesetzt und durch Tabellen Matrizen und graphische Darstellung veranschaulicht werden um die anspruchsvollen analytischen Raster besser fass und memorierbar zu machen In exemplarischen Musteranalysen wird die Leistungsf higkeit der vorliegenden Erz hltextanalyse erprobt Das Buch wendet sich nicht nur an Literaturwissenschaftler sondern ist auch f r Lehrkr fte und Sch ler geeignet **Nietzsche on Memory and History** Anthony K. Jensen,Carlotta Santini,2020-12-07 History and memory rank as central themes in the philosophy of Friedrich Nietzsche As one of the last philosophers of the 19th century Nietzsche naturally belongs to the so called historical century The contentious exchange with the past and with antiquity as much as the mechanisms the dangers and the lessons of memory and tradition are continually examined and stand in close relationship with Nietzsche s vision of life and his project of human development As Jacob Burckhardt once wrote of the cultural critique to his Basel colleague Fundamentally you are always teaching history 9 13 1882 Following Burckhardt s judgment the contributors focus on the analysis of core questions in the philosophies of history and memory and their respective convergence in the thought of Nietzsche The epistemological relevance of these central concepts will be thematized alongside those concerning tradition and education The discussion of these rich themes unifies a broad spectrum of questions ranging from cultural memory to

contemporary philosophy of mind The contributions are revised versions of selected papers presented at the 2018 conference of the annual meeting of the Nietzsche Society in Naumburg

 Gleb Sharygin, 2025-07-31 The M y j l a s tra is a unique Buddhist s tra which is contained in the newly discovered manuscript of the Sanskrit Buddhist canonical collection called the D rgha gama The Long Collection The discovery of this Sanskrit manuscript in the 1990s was a major development in early Buddhist studies only P li and Chinese versions were previously available In the first part of this work Gleb Sharygin presented a transliteration reconstruction and translation of the M y j l a s tra No 18 in the D rgha gama manuscript as well as an overview of its content The text of the s tra is in a seriously deteriorated state but a great deal of repetition helped to reconstruct it safely It is the meaning of the text that presented difficulties The second part of this work grew from his attempts to understand it The main result that the study brought is that the text likely constitutes an intermediate link that unites the older ways of canonical writing and thinking with the newer types of Buddhist literature and structures of thought In particular the study revealed that the M y j l a s tra likely was the source of the first chapters of the Sa dhinirmocana s tra the first Yog c ra Vij nav da text
