Schenken Zur Anthropologie Des Lebens

Schenken Zur Anthropologie Des Lebens:

Homo narrans Christoph Schmitt,1999 The Gift in Antiquity Michael Satlow,2013-04-01 The Gift in Antiquity presents a collection of 14 original essays that apply French sociologist Marcel Mauss's notion of gift giving to the study of antiquity Features a collection of original essays that cover such wide ranging topics as vows in the Hebrew Bible ancient Greek wedding gifts Hellenistic civic practices Latin literature Roman and Jewish burial practices and Jewish and Christian religious gifts Organizes essays around theoretical concerns rather than chronologically Generates unique insights into gift giving and reciprocity in antiquity Takes an explicitly cross cultural approach to the study of ancient history Before the God in this Place for Good Remembrance Anne Katrine de Hemmer Gudme,2013-05-28 This monograph is an investigation of Yahwistic votive practice during the Hellenistic period The dedicatory inscriptions from the Yahweh temple on Mount Gerizim are analyzed in light of votive practice in Biblical literature and in general on the basis of a thorough terminological and theoretical discussion A special focus is laid on remembrance formulae which request the deity to remember the worshipper in return for a gift These formulae cannot only be found at Gerizim but also in other Semitic dedicatory inscriptions Therefore these texts are interpreted in their broader cultural context placed within a broad religious practice of dedicating gifts to the gods and leaving inscriptions in sanctuaries Finally the aspect of divine remembrance in the Hebrew Bible is explored and related to the materiality of the votive inscription The research concludes that there is a perception of the divine behind this practice on Mount Gerizim that ties together the aspects of gift remembrance and material presence This theology is echoed both in similar Semitic dedicatory inscriptions and in the Hebrew Bible **Gender and Nation in South Eastern Europe** Karl Kaser,Elisabeth Katschnig-Fasch,2005 It is the stated intention of this volume on Gender and Nation in South Eastern Europe to challenge the image of an antagonistic inside and outside The authors do not only argue from various geographical points of view from within and without the region including Bulgaria the Kosovo Serbia Romania Croatia as well as Austria Germany and the United States they also argue from different scientific points of view and scholarly traditions be it in the vein of Donna Haraway's standpoint of epistemology a multi sited ethnography or in reference to dialogical models They raise their voices on sexist patriarchalism and thus on the relationship of gender and nation on which the specific phenomenon of regional nationalisms is based The editors subscribe to an open definition of gender as a social and cultural localisation of perceptions of sex The perception of biological sex is thus not ignored here on the contrary Its social and political role is particularly apparent when neo liberal discourses of masculinity and femininity make reference to a natural sex The question of socio cultural gender differences the ideals on which the categories man and woman are based and their forced or enabled embedding through a regional historical or political environment are thus central The fact that the understanding of masculinity and femininity varies according to the respective local reproductive regimes is self evident In Part One this volume is introduced in two contributions on the theoretical complex of gender and nation They

provide a glance at this web of meanings over time and space and explain why this relationship is so vital why it inevitably leads to the inclusion of the male self and the exclusion of the female other Ideological constructions and structural relationships develop and change based on a background of concrete historical events and in the course of specific social transformation processes The essays in Part Two then delve into a discussion of regional and historical forms and effects They demonstrate how the relationship has effected the consolidation and national self definition processes of the countries of South Eastern Europe and to what specific forms of inequality between social and cultural groups this is leading or has led Historically anchored the inevitable relationship of gender and nation leads not only to the subordination of women in all nation states at the same time it allows nations to develop and survive on the basis of the inequality of the sexes Liquid Assets, Dangerous Gifts Valentin Groebner, 2002-05-13 A fascinating study of the movements and ambivalent meanings of gifts in the political culture of the fifteenth and early sixteenth century Valentin Groebner's book provides us with a new way of understanding the meanings and uses of corruption Natalie Zemon Davis *Sixteenth Century Journal* **Household and Family in the Balkans** Karl Kaser, 2012 On the occasion of the 20th anniversary of the foundation of the Balkan Family History Project at the University of Graz in 1993 this volume unites the most outstanding essays by the project members that have appeared over the course of the previous two decades scattered in various journals and books These essays cover the interval from the 19th to the 21st century and reflect the current status of Balkan family research in historical anthropological and demographical perspectives *Series Studies on South East Europe Vol 13* **Becoming Present** Ingolf U. Dalferth, 2006 Safeguarding the distinction between God and world has always been a basic interest of negative theology But sometimes it has overemphasized divine transcendence in a way that made it difficult to account for the sense of God's present activity and experienced actuality Deconstructivist criticisms of the Western metaphysics of presence have made this even more difficult to conceive On the other hand there has been a widespread attempt in recent years to base all theology on religious experience the Christian church celebrates God's presence in its central sacraments of baptism and Eucharist and recent process thought has re conceptualised God's presence in panentheistic terms This is the background against which this book outlines a theology of the Christian sense of the presence of God The first chapter traces the rise and fall of rational religion in Modernity and argues that we should replace philosophical theism not by a unspecified religious sense of the whole but by a specific sense of the presence of God The second chapter analyses the notion of divine presence and outlines different ways of understanding the real presence of God The third chapter discusses the problem of whether and how God's presence can be discerned given the fact that there is no presence of God that is not tinged by God's absence Chapter four distinguishes various modes of divine presence with their corresponding modes of human apprehension Chapter five takes up the charge that presence is an impossibility in a critical discussion of the debate between Derrida and Marion about the impossibility of gift Chapter six asks how God's presence is conceived and communicated looking in particular to

music as a means of representing and communicating the awareness of God's presence. The final chapter outlines how the sense of the presence of God can be presented and defended in a world of many religions and cultures with their often conflicting religious convictions and representations.

Creatures of Possibility Ingolf U. Dalferth, 2016-11-15 A Prominent Theologian Explores What It Means to Be Human
 Preeminent scholar and theologian Ingolf Dalferth offers mature reflections on what it means to be human, a topic at the forefront of contemporary Christian thought. Dalferth argues that humans should be defined not as deficient beings who must compensate for the weaknesses of their biological nature by means of technology, morals, media, religion, and culture, but as creatures of possibility. He understands human beings by reference to their capacity to live a truly humane life. Dalferth explores the sheer gratuitousness of God's agency in justifying and sanctifying the human person, defining humans not by what we do or achieve, but by God's creative and saving action. In the gospel, we are set free to interact with the world and creation.

Psychology of Gift-Giving Bernd Stauss, 2023-01-04 Gift giving is an economically significant area of consumer behavior. For we are constantly buying gifts for Christmas and Mother's Day, for birth and baptism, for the start of school and exams, for engagements and weddings, for birthdays, or as souvenirs. Moreover, gift giving is a very important psychological phenomenon based on voluntariness, but also representing a duty and requiring compliance with rules. Thus, gift giving is by no means always associated with joy, but also with stress in the search for a perfect gift and disappointment when gifts fail. The book presents central results of psychological research on gift giving. These provide answers to the following questions, among others: What secret rules of giving and receiving do we follow? What messages do we send with our gifts? How do certain characteristics, such as the amount of the price or empathy, influence satisfaction with a gift? Ancient Greece Sigrd Deger-Jalkotzy, 2006-07-27 The period between the collapse of the Mycenaean civilization around 1200 BC and the dawning of the classical era four and half centuries later is widely known as the Dark Age of Greece not least in the eponymous history by A M Snodgrass published by EUP in 1971 and reissued by the Press in 2000 In January 2003 distinguished scholars from all over the world gathered in Edinburgh to re examine old and new evidence on the period The subjects of their papers were chosen in advance by the editors so that taken together they would cover the field This book based on thirty three of the presentations will constitute the most fundamental reinterpretation of the period for 30 years The authors take issue with the idea of a Greek Dark Age and everything it implies for the understanding of Greek history culture and society They argue that the period is characterised as much by continuity as disruption and that the evidence from every source shows a progression from Mycenaean kingship to the conception of aristocratic nobility in the Archaic period The volume is divided into six parts dealing with political and social structures questions of continuity and transformation international and inter regional relations religion and hero cult Homeric epics and heroic poetry and the archaeology of the Greek regions Copiously illustrated and with a collated bibliography itself a valuable resource this book is likely to be the essential and basic source of reference on the later phases of the Mycenaean and the Early Greek Iron Ages for many years

Sociology of Giving Helmuth Berking, 1999-03-30 This book decodes the ambivalence of gift giving It examines its socio ethical and integrative potential Following a short recollection of contemporary gift giving its motives occasions and its rules the reader is invited to travel back in time and space examining sacrifice food sharing and gift giving as those basic institutions upon which symbolic orders of traditional society rely The historical invention of hospitality is considered and paves the way to an analysis of the anthropology of giving Berking goes on to explore the transition from traditional society to the market self interest form He questions the view that our societies are dominated by individualism and explores the contemporary interplay between self interest and the common good

Corporate Urban Responsibility Hans-Hermann Albers, 2011-10-04 Die Themen Corporate Social Responsibility CSR und nachhaltiges Wirtschaften haben sich inzwischen in den meisten Unternehmen etabliert Angesichts des gesellschaftlichen und ökonomischen Strukturwandels Privatisierung und begrenzter finanzieller Möglichkeiten des Staates werden Unternehmen jedoch auch zunehmend in Deutschland als engagierte Akteure für Stadtentwicklungsmodelle eingebunden Wie beeinflusst dies Architektur und Städtebau Hans Hermann Albers verdeutlicht anhand von Fallbeispielen Chancen und Risiken der unternehmerischen Einflussnahme auf die Gestaltung und Nutzung städtischer Räume

Spiel mit Grenzen Andrea Schallenberg, 2012-11-22 Die kulturwissenschaftlich orientierte Studie untersucht die literarischen Konstruktionen von Geschlechterdifferenz in mittelhochdeutschen Verserzählungen Als Merkmal einer genrespezifischen Poetik so die These wird in diesem spätmittelalterlichen Texttyp ein fiktionales Spiel mit

kulturell tradierten Entwürfen von Weiblichkeit und Männlichkeit greifbar bei dem mentale Grenzen überschritten und neue Denkhorizonte eröffnet werden. Zugleich unterliegt die literarische Darstellung jedoch narrativen Begrenzungen, so dass geltende Geschlechternormen nicht nachhaltig angetastet werden. Das Spiel mit Grenzen bedarf somit des Schutzraumes einer fiktionalen Welt. Dieser Zusammenhang wird exemplarisch an sechs Untersuchungskomplexen entfaltet; dabei geht die Autorin Symbolisierungen von Geschlechtlichkeit im paradigmatischen Kontext von Kultur, Natur und Körper sowie in ständischen und ökonomischen Diskursen nachschlüssig werden. Erzählungen fokussiert die explizite Überschreitung von geschlechtsspezifischen Handlungsnormen thematisieren.

Die Gesellschaft des Geldes Axel Paul, 2012-02-21. Ausgehend von Simmels als Gesellschaftstheorie nach wie vor unterschätzter Philosophie des Geldes über den Keynesianismus bis hin zu neuesten Beiträgen zur Geldtheorie skizziert der Autor eine Theorie der Moderne, die dem Geld nicht nur für den Bereich der Ökonomie sondern als Medium der Vergesellschaftung eine Schlüsselstellung zuweist. Allerdings wird das Geld nicht allein als Medium sondern zugleich als Akteur als treibende Kraft gesellschaftlicher Modernisierungsprozesse dargestellt. Herausgearbeitet wird diese Ambivalenz am Beispiel der Spekulation und des Geldvertrauens. Dem Autor gelingt die Verbindung theoretischer Fragen aus Soziologie und Ökonomie.

Sozioprudenz Clemens Albrecht, 2020-06-24. Sozioprudenz ist die Lehre von der sozialen Klugheit. Sie reicht zurück bis in die ältesten Texte der Menschheit und begleitet seit jeher unser Handeln als Ratschlag für das richtige Verhalten in sozialen Situationen. Wer musste nicht schon einmal einen geselligen Abend organisieren, in der Familie Streit schlichten oder ein passendes Geschenk aussuchen? Soziologie und Sozialpsychologie stellen viele Erkenntnisse über soziale Beziehungen bereit. Sozioprudenz macht sie für den Alltag nutzbar. Dieser Band ist Lehrbuch, Ratgeber und Geschichtenbuch in einem. Er führt anhand zahlreicher Beispiele und Übungen, die von Studierenden entwickelt und erprobt wurden, in die Kunst des sozial klugen Handelns ein und stellt nebenbei die Theorien soziologischer Klassiker zu Themen wie Geselligkeit, Gabe oder Geheimnis vor.

Bundestheologie bei Hosea? Franz Sedlmeier, Hans Ulrich Steymann, 2022-10-03. Die Anfänge der biblischen Bundestheologie liegen im Dunkeln. Welche Rolle kommt dabei dem Buch Hosea mit seinen fünf Belegen zu? Die offenen Fragen um die Bundestheologie und um die Genese der Hoseaschrift verlangen nach Antworten auf mehrere Probleme. Das Verhältnis von Gerichts- und Heilsprophetie in Israel und in der Umwelt ist zu vertiefen. Unerlässlich ist die Klärung von Begriffen wie Vereinbarung, Vertrag, Kontrakt, Bund, Testament. Die Nomenklatur in juristischen, sozialpsychologischen und narratologischen Fachdiskussionen deckt eine anthropologische Veranlagung auf: Vereinbarungen zu schließen. Altorientalische Textzeugnisse belegen Bünde zwischen Göttern und Menschen. Die Ehe-Metaphorik in der Hosea-Schrift sowie die Anspielungen auf altorientalische Vertragsflüsse verdeutlichen das göttliche Interesse an verlässlichen Beziehungen. Das Motiv des Umkehrens, die Beziehung von Gott und Israel als verwandtschaftliches Verhältnis, die Leistung des Bundesmotivs auf synchroner und diachroner Ebene sowie der Bund mit der Tierwelt bilden Etappen einer sich entfaltenden Bundestheologie, angefangen mit Sanktionen wie sie im 8.
