#### Schizogenic Man:

**The Schizogenic Man** Raymond Harris, 1990 **An Informal History of the Hugos** Jo Walton, 2018-08-07 Engaged passionate and consistently entertaining An Informal History of the Hugos is a book about the renowned science fiction award for the many who enjoyed Jo Walton's previous collection of writing from Tor com the Locus Award winning What Makes This Book So Great The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953 They are widely considered the most prestigious awards in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor com surveying the Hugo finalists and winners from the award s inception up to the year 2000 Her contention was that each year s full set of finalists generally tells a meaningful story about the state of science fiction at that time Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians. Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and David G Hartwell A remarkable guided tour through the field a kind of nonfiction companion to Among Others It's very good It's great New York Times bestselling author Cory Doctorow Boing Boing on What Makes This Book So Victorian Alchemy Eleanor Dobson, 2022-10-06 Victorian Alchemy explores nineteenth century conceptions of ancient Egypt as this extant civilisation was being rediscovered in the modern world With its material remnants somewhat paradoxically symbolic of both antiquity and modernity in the very currentness of Egyptological excavations ancient Egypt was at once evocative of ancient magical power and of cutting edge science a tension that might be productively conceived of as alchemical Allusions to ancient Egypt simultaneously lent an air of legitimacy to depictions of the supernatural while projecting a sense of enchantment onto representations of cutting edge science Examining literature and other cultural forms including art photography and early film Eleanor Dobson traces the myriad ways in which magic and science were perceived as entwined and ancient Egypt evoked in parallel with various fields of study from imaging technologies and astronomy to investigations into the electromagnetic spectrum and the human mind itself In so doing counter to linear narratives of nineteenth century progress and demonstrating how ancient Egypt was more than a mere setting for Orientalist fantasies or nightmares the book establishes how conceptions of modernity were inextricably bound up in the contemporary reception of the ancient world and suggests how such ideas that took root and flourished in the Victorian era persist to this day

Inquiring Man Don Bannister, Fay Fransella, 2019-03-04 Originally published in 1986 this was a new and completely updated edition of the book which since 1970 had introduced a whole generation in English psychology to Kelly's theory of personal constructs By setting out a broadly designed and experimentally illustrated view of people as self inventing explorers and interpreters of their world it challenged the mechanical man of orthodox psychology. It proved a source of radically new ideas in psychotherapy education and industry This revised edition shows how the theory s professional

applications have spread ever wider while many have realised that personal construct psychology contains for them the core **Schizogenesis** Katherine Guinness, 2019-12-10 A deep analysis of an enigmatic artist whose of a personal philosophy oeuvre opens new spaces for understanding feminism the body and identity Popular and pioneering as a conceptual artist Rosemarie Trockel has never before been examined at length in a dedicated book This volume fills that gap while articulating a new interpretation of feminist theory and bodily identity based around the idea of schizogenesis central to Trockel s work Schizogenesis is a fission like form of asexual reproduction in which new organisms are created but no original is left behind Author Katherine Guinness applies it in surprising and insightful ways to the career of an artist who has continually reimagined herself and her artistic vision Drawing on the philosophies of feminists such as Simone de Beauvoir Shulamith Firestone and Monique Wittig Guinness argues that Trockel's varied output of painting fabric sculpture film and performance is best seen as opening a space that is peculiarly feminist yet not contained by dominant articulations of feminism Utilizing a wide range of historical and popular knowledge from Baader Meinhof to Pinocchio poodles NASA and Brecht Katherine Guinness gives us the associative and ever branching readings that Trockel's art requires With a spirit for pursuing the surprising and the obscure Guinness delves deep into a creator who is largely seen as an enigma revealing Trockel as a thinker who challenges and transforms the possibilities of bodily representation and identity Isaac Asimov's Science Fiction Magazine ,1991 A Critical History of Schizophrenia Kieran McNally, 2016-04-08 Schizophrenia was 20th century psychiatry's arch concept of madness Yet for most of that century it was both problematic and contentious This history explores schizophrenia s historic instability via themes such as symptoms definition classification and anti psychiatry In doing so it opens up new ways of understanding 20th century madness Western Medical Review ,1901 The Century Dictionary: The Century dictionary, 1895 The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of W. For Mv Ondo the critical central issue for the Fang is to focus on the distinction at the heart of his analysis i e the crucial distinction between to have and to to be The lessons transmitted from generation to generation by these marvelous stories are Mv Ondo argues central to living lives that reflect and perpetuate the eternal truths of the Fang experience Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E.
