Lamm, 2021-11-08 Friedrich Schleiermacher's *Platons Werke* 1804/28 changed how we understand Plato His translation of Plato's dialogues remained the authoritative one in the German speaking world for two hundred years but it was his interpretation of Plato and the Platonic corpus set forth in his *Introductions to the dialogues* that proved so revolutionary for classicists and philosophers worldwide Schleiermacher created a Platonic question for the modern world Yet in Schleiermacher studies surprisingly little is known about Schleiermacher's deep engagement with Plato Schleiermacher's *Plato* is the first book length study of the topic It addresses two basic questions How did Schleiermacher understand Plato In what ways was Schleiermacher's own thought influenced by Plato Lamm argues that Schleiermacher's thought was profoundly influenced by Plato or rather by his rather distinctive understanding of Plato This is true not only of Schleiermacher's philosophy Hermeneutics Dialectics but also of his thinking about religion and Christian faith during the first decade of the nineteenth century Christmas Dialogue Speeches on Religion Schleiermacher's *Plato* should be of interest to classicists philosophers theologians and scholars of religion

German interpreters in a fascinating new light      **God's Being Towards Fellowship** Justin Stratis, 2019-07-11 Justin Stratis explores the meaning of the biblical phrase God is love through an examination of two quintessentially modern Protestant theologians Friedrich Schleiermacher and Karl Barth This book contains both a detailed engagement with Schleiermacher's untranslated lectures on Dialektik and their relation to his more well known work as well as a new assessment of Barth's doctrine of God which both respects his radical innovations and yet places him within the stream of traditional catholic trinitarianism After considering the complexities of theological predication and comparing several classical and contemporary approaches to the implication of love Stratis presents and ultimately commends the distinct approaches of Schleiermacher and Barth for their tendency to treat divine love as a conclusion to the doctrine of God rather than as a conceptual starting point In contrast to many contemporary approaches Stratis concludes with the suggestion that God's love is best conceived as his being toward fellowship rather than as the eminent instance of loving fellowship understood according to human experiences of love      Self, Christ and God in Schleiermacher's Dogmatics Maureen Junker-Kenny, 2020-12-07 Since its first appearance in 1821-22 *The Christian Faith* has had a fractious history of reception It implements decisive departures for theology founding the possibility to speak about God on human freedom It recognises the role of historical consciousness and the need to relate to advances in the natural sciences The study investigates the early critiques of Schleiermacher's analysis of the feeling of utter dependence of his conception of Christ as the archetype of the God consciousness and of his doctrine of God in terms of absolute causality It reconstructs the revisions carried out in the second edition of 1830-31 as a break through to a transcendental argumentation Does Schleiermacher's elaboration of the anthropological turn in theology leave it defenseless against the dissolution of faith in a saving God in Feuerbach's projection thesis Does it offer a naturalising account of religion And where does the interconnectedness of nature established by God leave what was prized by the Romantics human individuality Ongoing objections and new constellations of questions are examined in their relevance for a modern theology that spells out faith in God as a practical self understanding Maureen Junker-Kenny's book is an outstanding presentation of Schleiermacher's theology She attends not only to the development of his method from the first to the second edition of *The Christian Faith* but also to his concrete interpretation of Creation Christology Redemption Theological Anthropology especially human freedom and his understanding of God The book has an exceptional value in the way she relates Schleiermacher not only to his contemporaries but also contemporary concerns Schleiermacher's theology is shown in its relation to the modernity of his age but also the ongoing modernity of today The book has a depth and breath that make it indispensable not only for historical theology but also contemporary constructive theology Francis Schüssler Fiorenza Harvard Divinity School In *Self, Christ and God in Schleiermacher's Dogmatics* A Theology Reconceived for Modernity Maureen Junker-Kenny proves herself to be not only a distinguished interpreter of Schleiermacher's work but a creative practitioner in her own right of his dialogical method Elegantly conceived and

**Law, Hermeneutics and Rhetoric** Francis J. Mootz Iii, 2016-04-22 Mootz offers an antidote to the fragmentation of contemporary legal theory with a collection of essays arguing that legal practice is a hermeneutical and rhetorical event that can best be understood and theorized in those terms This is not a modern insight that wipes away centuries of dogmatic confusion rather Mootz draws on insights as old as the Western tradition itself However the essays are not antiquarian or merely descriptive because hermeneutical and rhetorical philosophy have undergone important changes over the millennia To return to hermeneutics and rhetoric as touchstones for law is to embrace dynamic traditions that provide the resources for theorists who seek to foster persuasion and understanding as an antidote to the emerging global order and the trend toward bureaucratization in accordance with expert administration violent suppression or both
