**JSTOR** Roger C. Schonfeld, 2012-02-24 Ten years ago most scholars and students relied on bulky card catalogs printed bibliographic indices and hardcopy books and journals Today much content is available electronically or online This book examines the history of one of the first and most successful digital resources for scholarly communication JSTOR Beginning as a grant funded project of the Andrew W Mellon Foundation at the University of Michigan JSTOR has grown to become a major archive of the backfiles of academic journals and its own nonprofit organization Roger Schonfeld begins this history by looking at JSTOR's original mission of saving storage space and thereby storage costs a mission that expanded immediately to improving access to the literature What role did the University play Could JSTOR have been built without the active involvement of a foundation Why was it seen as necessary to spin off the project This case study proceeds as an organizational history of the birth and maturation of this nonprofit which had to emerge from the original university partnership to carve its own identity How did the grant project evolve into a successful marketplace enterprise How was JSTOR able to serve its twofold mission of archiving its journals while also providing access to them What has accounted for its growth Finally Schonfeld considers implications of the economic and organizational aspects of archiving as well as the system wide savings that JSTOR ensures by broadly distributing costs

*The Library of Congress* Jane Aikin, 2025 This is the first comprehensive history of the Library of Congress that is not merely about one aspect or another e g buildings ornamentation collections timeline highlights Jane Aikin engages deeply with a wealth of primary and secondary sources to weave a narrative of the individuals events and controversies that have shaped this venerable institution Drawing millions of visitors a year the Library serves as the research arm of Congress the home of the U S Copyright Office and as a public forum for artistic and literary culture

Never designated by law as the national library of the United States it nonetheless occupies that place in the national imagination This history of 13 male Librarians culminates in 2016 with the swearing in of Carla Hayden the first woman and first African American Librarian of Congress The narrative is punctuated by stories of key donors and pivotal performances by poets authors and celebrities *Historical Information Science* Lawrence J. McCrank, 2001 Here is an extensive review and bibliographic essay backed by 5 000 citations about developments in information technology since the advent of personal computing and the convergence of the disciplines Its focus is on the access preservation and analysis of historical information primarily in electronic form and the relationships between new methodology and instructional media technique and research trends in library special collections digital libraries electronic and data archives and museums **The Humanities in American Life** Commission on the Humanities (1978- ), Rockefeller foundation, University California, Commission of the Humanities (Founded 1977), 1980-01-01 Examines the present position of the humanities in the educational system and culture of the United States and recommends methods for finding sources of financial support for the humanities **The Research Universities and Their Patrons** Robert M. Rosenzweig, Barbara Turlington, 1982-01-01

Stealing Into Print Marcel C. LaFollette, 2023-04-28 False data published by a psychologist influence policies for treating the mentally retarded A Nobel Prize winning molecular biologist resigns the presidency of Rockefeller University in the wake of a scandal involving a co author accused of fabricating data A university investigating committee declares that almost half the published articles of a promising young radiologist are fraudulent Incidents like these strike at the heart of the scientific enterprise and shake the confidence of a society accustomed to thinking of scientists as selfless seekers of truth Marcel LaFollette s long awaited book gives a penetrating examination of the world of scientific publishing in which such incidents of misconduct take place Because influential scientific journals have been involved in the controversies LaFollette focuses on the fragile peer review process the editorial system of seeking pre publication opinions from experts She addresses the cultural glorification of science which combined with a scientist s thirst for achievement can seem to make cheating worth the danger She describes the great risks taken by the accusers often scholars of less prestige and power than the accused whom she calls nemesis figures for their relentless dedication to uncovering dishonesty In sober warning LaFollette notes that impatient calls from Congress journalists and taxpayers for greater accountability from scientists have important implications for the entire system of scientific research and communication Provocative and learned *Stealing Into Print* is certain to become the authoritative work on scientific fraud invaluable to the scientific community policy makers and the general public This title is part of UC Press s *Voices Revived* program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1993 False data published by a psychologist influence policies for treating the mentally

retarded A Nobel Prize winning molecular biologist resigns the presidency of Rockefeller University in the wake of a scandal involving a co author accused of fabricating

**Books in the Digital Age** John B. Thompson,2013-10-21 The book publishing industry is going through a period of profound and turbulent change brought about in part by the digital revolution What is the role of the book in an age preoccupied with computers and the internet How has the book publishing industry been transformed by the economic and technological upheavals of recent years and how is it likely to change in the future This is the first major study of the book publishing industry in Britain and the United States for more than two decades Thompson focuses on academic and higher education publishing and analyses the evolution of these sectors from 1980 to the present He shows that each sector is characterized by its own distinctive logic or dynamic of change and that by reconstructing this logic we can understand the problems challenges and opportunities faced by publishing firms today He also shows that the digital revolution has had and continues to have a profound impact on the book publishing business although the real impact of this revolution has little to do with the ebook scenarios imagined by many commentators Books in the Digital Age will become a standard work on the publishing industry at the beginning of the 21st century It will be of great interest to students taking courses in the sociology of culture media and cultural studies and publishing It will also be of great value to professionals in the publishing industry educators and policy makers and to anyone interested in books and their future

**Bridging the Gap** Sul H. Lee,2013-09-13 The amount of digital information that libraries need to manage effectively for the benefit of users is constantly increasing This book discusses in detail how library administrators can better handle this growing abundance of information as well as effective ways to allow library users easy access Respected leaders in the field of librarianship explore various aspects of how librarians are meeting the challenges of delivering more digital information to a changing user base including preservation demands licensing agreements digitizing and making available collections unique to specific libraries and providing more personalized digital services to library users This book focuses on timely issues that impact how libraries are administered and viewed by both librarians and by users This innovative book discusses practical ways to provide remote access and services to digital resources support the preservation of digital resources understand their library users who prefer the digital information format and reshape the traditional library for better digital access The book is carefully referenced and includes helpful illustrations The book is a valuable resource for senior and mid level library administrators including deans directors and department heads of public special and academic libraries This book was published as a special issue of the Journal of Library Administration

**Higher Education Amendments of 1979** United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Education, Arts, and Humanities,1980

American Higher Education in the Twenty-First Century Michael N. Bastedo,Philip G. Altbach,Patricia J. Gumport,2016-03-30 American Higher Education in the Twenty first century offers a comprehensive introduction to the central issues facing American colleges and universities The contributors address major changes in higher

education including the rise of organized social movements the problem of income inequality and stratification the growth of for profit and distance education online education community colleges and teaching and learning will placing American higher education and its complex social and political context Cover [A Reference Guide for English Studies](#) Michael J. Marcuse, 2023-11-15 **The Academic Library in the American University** Stephen E. Atkins, 2003 **American Higher Education in the Twenty-First Century** Philip G. Altbach, Patricia J. Gumpert, Robert O. Berdahl, 2011-04-12 First published in 1998 American Higher Education in the Twenty First Century offers a comprehensive entree to the central issues facing American colleges and universities today This thoroughly revised edition brings the volume up to date on key topics of enduring interest Placing higher education within its social and political contexts leading scholars discuss finance federal and state governance faculty students curriculum and academic leadership Contributors also address major changes in higher education especially the influence and incorporation of the latest technologies and growing concern about the future of the academy in a post Iraq War setting No other book covers such wide ranging issues under the broader theme of higher education s relationship to society Highly acclaimed and incorporating cutting edge research American Higher Education in the Twenty First Century remains the standard reference in the field Contributors Philip G Altbach Benjamin Baez Michael N Bastedo Robert O Berdahl Marjorie A E Cook Melanie E Corrigan Judith S Eaton Peter D Eckel Gustavo Fischman Roger L Geiger Lawrence E Gladieux Sara Goldrick Rab Patricia J Gumpert Fred F Harclerod D Bruce Johnstone Adrianna Kezar Jacqueline E King Aims C McGuinness Jr Amy Scott Metcalfe Michael Mumper Michael A Olivas Robert M O Neil Gary Rhoades Frank A Schmidtlein Sheila Slaughter Daryl G Smith John Willinsky Higher Education Policy [Outlook on Research Libraries](#) , 1978 **Proceedings, American Philosophical Society (vol. 140, No. 2, 1996)** , [The Future of Resource Sharing](#) Shirley K. Baker, Mary E. Jackson, 2019-12-06 This book first published in 1995 addresses the key issue facing libraries on how to survive in an age of interdependence Increasingly individual libraries must act as if each is part of a world library Instead of being self sufficient each library from the small public library to the large research library must find ways to put materials from this world library into the hands of its patrons and must stand ready to supply materials from its own collection to others both quickly and cost effectively through interlibrary loan It explores the critical questions for making resource sharing work with particular emphasis on interlibrary loan Cooperative collection development economic decision models consortial arrangements copyright dilemmas and the possibilities of technology are explored and a national project to revamp interlibrary loan and document delivery is described and future directions posited Authors present historical perspective explore the future and report from multiple perspectives
