**Reviews and Essays of Austin Clarke** Austin Clarke, 1995 Austin Clarke is widely regarded as one of 20th century Ireland's most important poets. In this selection of nearly fifty essays and reviews written over Clarke's long career he demonstrates that he is an astute and provocative literary critic as well. Having grown up in Dublin when the excitement of the Irish Literary Revival was still running high, Clarke knew many of the principal figures of that movement personally and his readings of Yeats, Joyce, Synge, O'Casey, Lady Gregory, George Moore and others enjoy the advantages of an insider's point of view. Moreover committed in his own poetry to the basic assumption that fuelled the Literary Revival that the most productive course for Irish literature lay in the direction not of England but of Ireland, Clarke in his criticism provides a way of understanding and judging the Revival's major writers in terms of their relationships to Ireland's rich literary and cultural traditions. At the same time these essays call attention to a number of distinctly Irish but often overlooked writers working on the margins of the revival. As Yeats observed more than once the Irish for all the contributions that they have made to modern fiction, poetry and drama have fallen somewhat short in the genre of literary criticism. Austin Clarke's essays and reviews many of which were written under a pseudonym and so not attributed to Clarke for years go a long way towards filling that gap.

Lady Gregory E.H. Mikhail, 1977-06-17

**Builders of My Soul** Brian Arkins, 1990-01-01 To Yeats as well as to Eliot, Pound, Joyce and other major writers as Erich Auerbach put it in *Mimesis* Antiquity means liberation and a broadening of horizons not in any sense a new limitation or servitude. That is why Greco-Roman themes can be endlessly stimulating, why Yeats could call the Greek and Roman writers the builders of my soul. Brian Arkin's thematic consideration of Yeats's subject matter under philosophy, myth, religion, history, literature, visual art and Byzantium allows us to see coherently how Yeats exploited this material and how especially in his middle and later periods he transformed and metamorphosed subject matter from Homer, Phidias, Plato, Plotinus and Sophocles and from the myths of Dionysus, Helen of Troy, Leda and Zeus to exemplify his central preoccupations. Irish Literary Studies Series No 32

**Kate O'Brien and Spanish Literary Culture** Jane Davison, 2017-10-18 One of the most important Irish novelists of the twentieth century, Kate O'Brien (1897-1974) was also a pioneer of women's writing. In a career that spanned almost fifty years, nine novels, nine plays, two travelogues and copious criticism, O'Brien rebelled against the narrow nationalism and restrictive Catholicism prevalent in independent Ireland. In this highly original approach to O'Brien's work, Davison traces the influence of three leading Spanish writers: Jacinto Benavente, Miguel de Cervantes and Teresa of Ávila. O'Brien's lifelong fascination with Spanish literature and culture offered an oblique way of resisting the Catholic and conservative imperatives of the Irish Free State. In a series of close comparative readings, Davison identifies the origin of O'Brien's creative disinhibition and ultimately situates her within a tradition of dissident Irish women writers.

**Ireland and the Problem of Information** Damien Keane, 2015-06-10 Though the work of Irish writers has been paramount in conventional accounts of literary

modernism Ireland itself only rarely occupies a meaningful position in accounts of modernism's historical trajectory With an itinerary moving not simply among Dublin Belfast and London but also Paris New York Addis Ababa Rome Berlin Geneva and the world's radio receivers Ireland and the Problem of Information examines the pivotal mediations through which social knowledge was produced in the mid twentieth century Organized as a series of cross fading case studies the book argues that an expanded sphere of Irish cultural production should be read as much for what it indicates about practices of intermedial circulation and their consequences as for what it reveals about Irish writing around the time of the Second World War In this way it positions the problem of information as first and foremost an international predicament but one with particular national implications for the Irish field

**The Abbey Theatre** E. H. Mikhail, 1988-01-01 The present work is a composite biography that provides a forum to most of those who have been associated with the Abbey Theatre from the beginning to the present time actresses actors playwrights men of letters producers directors stage carpenters house electricians and supporters of the theatre It is hoped that the method used in this book will give a different impression from that of previous histories of the Theatre and on balance probably a truer one

**The Wild Garden** Angus Wilson, **Booklist**, 1964  
Synge and the Irish Language Declan Kiberd, 1979-06-17 Synge was the victim of a cruel paradox those who loved his works knew no Irish and those who loved Irish despised his works This book aims to show that Synge's command of Irish was extensive and that this knowledge proved invaluable in the writing of his major plays
