Behavioral Psychology and Educational Counseling Nicholas Jewczyn, 2009-07-01

Of the various schools of psychology that have evolved in the twentieth century the behavioral school has made contributions to an evolving framework of how behavior could be more empirically and critically studied Watson 1924 and how the resultant learning could be used to foster improvements in teaching and learning and as a by product counseling in the public school system Thorndike 1932 Although Thorndike started

his work earlier than Watson they both performed critical research into behavior simultaneously at different locations and under different assumptions and circumstances Edward L Thorndike s theory of connectionism laid the foundations for what later became John B Watson s theory of behaviorism Although Watson much later attempted to refute Thorndike s connectionism the primary sources indicated that both theories did overlap and that both Thorndike and Watson provided a conceptual basis for behavioral theory The two theories shared a commonality and mutually reinforced one another s theoretical groundwork upon which the other theorists in the behavioral school later researched and published
