

# ADMINISTRATIVE MODEL OF CURRICULUM

1

It is called Top down approach. Curriculum development goes from high authority to people at grass root level.

2

Major decision are not taken by teachers but people at high administration and the last phases of the development is done by teacher.

3

Decision by administration and policy makers like what will be taught, how it will be evaluated and how it will be taught

4

Sometimes it is not very effective because the people who are teaching the curriculum are not directly involved in its making.

Contemporary School Administration Theodore J. Kowalski,Ulrich C. Reitzug,1993 **Creating an Excellent School** Hedley Beare,Brian J. Caldwell,Ross H. Millikan,2018-05-11 Originally published in 1989 The pursuit of excellence is much discussed with reference to education but the question remains How can a school become excellent This book demonstrates that excellence depends on good management which in turn depends not only on a clear understanding of good management theory but on the ability to translate theory into practice The authors offer profound insights into three crucial areas of leadership culture structure and public accountability Drawing on areas outside education such as advertising and business they discuss many innovations that are already current flexitime the vertical curriculum mastery learning community support and depict ways in which these can be brought together into a total educational experience More strikingly however they look ahead examining the potential changes to our concept of schooling for instance those brought about by the growth of information technology This book emphasises that at the heart of outstanding schooling are visionary leadership a clear sense of purpose and creatively conceived and flexible support structures **Second International Handbook of Educational Leadership and Administration** Kenneth A. Leithwood,P. Hallinger,2012-12-06 The first International Handbook of Educational Leadership and Administration Leithwood et al was published in 1996 and quickly became something of a best seller for reference works within education Such success we suggest was at least partly due to the unprecedented global waves of concern for improving schools launched in the mid 1980 s combined with a widespread belief in leadership as the single most powerful contribution to such improvement The roots of this belief can be found in evidence produced by the early effective schools research although there is a romance with leadership as an explanation for success in many non school enterprises as well During the two year period during which this current handbook was being written activity in the realms of school leadership school improvement and leadership development gained further momentum The English government created its new National College of School Leadership and several Asian nations announced new initiatives in leadership selection preparation and development **Curriculum Handbook: Administration and theory** Louis J. Rubin,1977 The New School Management by Wandering Around William A. Streshly,Susan P. Gray,Larry E. Frase,2012-04-03 Achieve success step by step The topic of management by wandering around is not new but the authors approach is fresh and timely This current rendition based on the original work by Frase and Hetzel gives new and seasoned administrators smart practical advice about how to wander around with purpose and develop a more interactive leadership style This text cites more than 20 well constructed research studies that show how management by wandering around produces desirable outcomes including Higher student achievement Improved school culture Higher teacher efficacy Management by wandering around is not a rigid linear process it is a combination of proven methods and a flexible organic

approach to the whole of leadership Topics covered include developing meeting agendas supervising instruction dealing with marginal teachers and creating safe campuses The bottom line If you want to accomplish more start by getting out more and this book shows you how to make it count     **The Principal as School Manager** William L. Sharp,James K.

Walter,2012-11-03 Designed to teach the principal to efficiently and effectively accomplish noninstructional roles the third edition of The Principal as School Manager offers advice on expectations and survival techniques to ensure the principal s longevity in the district Like the previous editions this book is an essential guide to practice and procedure Its chapter on school legal issues will be especially useful for principals dealing with improper Internet usage drug testing and off campus searches Other chapters will explain the role of the assistant principal the importance of maintaining safe schools in a climate of violence and the relationship between the principal and the superintendent This third edition contains new chapters and sections on managing the school curriculum special education classroom walk throughs creating a healthy school environment and cyberbullying Appropriate also for graduate courses on the principalship educational administration educational leadership and personnel administration The Principal as School Leader is the go to guide for both novice and veteran school principals     **Techniques in Administration for Improving the High School Curriculum** William George Dwyer,1951
