School Desegregation:

School Desegregation in Tulsa, Oklahoma United States Commission on Civil Rights. Oklahoma Advisory Committee, 1977

Action Patterns in School Desegregation Phi Delta Kappa. Commission on the Study of Educational Policies and Programs in Relation to Desegregation, Herbert W. Wey, 1959 **School Desegregation in Wichita, Kansas** United States Commission on Civil Rights, 1977 Statement of the United States Commission on Civil Rights on School Desegregation

United States Commission on Civil Rights, 1982 **Historical Dictionary of School Segregation and Desegregation** Jeffrey Raffel, 1998-10-15 Throughout the nation's history from before the Civil War through Reconstruction across the years of lynchings and segregation to the Brown v Board of Education decision and the battles over busing no issue has divided the American people more than race and at the heart of the race issue has been the conflict over school segregation and desegregation Prior to the Civil War South Carolina enacted the first compulsory illiteracy law which made it a crime to teach slaves to write and other Southern states soon followed South Carolina's example After the Civil War schools for blacks were founded throughout the South including many Historically Black Colleges and Universities The 1896 Plessy v Ferguson Supreme Court decision established the principle of separate but equal education which led to decades of segregation With the 1954 Brown decision the Supreme Court overturned the separate but equal principle and the Civil Rights Act of 1964 empowered the federal government to affect school desegregation The process of desegregation continues to this day with much debate and mixed results Through more than 260 alphabetically arranged entries this comprehensive reference book describes persons court decisions terms and concepts legislation reports and books types of plans and organizations central to the struggle for educational equality The volume covers topics ranging from emotionally laden terms such as busing to complex legal concepts such as de facto and de jure segregation Each entry includes factual information a summary of different viewpoints and a brief bibliography The book includes an introduction which outlines the history of school segregation and desegregation along with a chronology and extensive bibliographic material Thus this reference is a complete guide to school segregation and desegregation in elementary secondary and higher education in the United States

A Troubled Dream Carl Leon Bankston, Stephen J. Caldas, 2002 It appears that coercive desegregation efforts may have actually caused school systems to re-segregate by driving out large numbers of middle class white students Using extensive interviews and a wealth of statistical information the authors examine the failed desegregation efforts in Louisiana as a case study to show how desegregation has followed the same unsuccessful pattern across the United States Strong supporters of the dream of integration they show that the practical difficulty with desegregation is that academic environments are created by all the students in a school from the backgrounds that all the students bring with them **Making the Unequal Metropolis** Ansley T. Erickson, 2016-04-01 In a radically unequal United States schools are often key sites in which injustice grows Ansley T Erickson's Making the Unequal Metropolis presents a broad detailed and damning argument about the

inextricable interrelatedness of school policies and the persistence of metropolitan scale inequality While many accounts of education in urban and metropolitan contexts describe schools as the victims of forces beyond their control Erickson shows the many ways that schools have been intertwined with these forces and have in fact via land use decisions curricula and other tools helped sustain inequality Taking Nashville as her focus Erickson uncovers the hidden policy choices that have until now been missing from popular and legal narratives of inequality In her account inequality emerges not only from individual racism and white communities resistance to desegregation but as the result of long standing linkages between schooling property markets labor markets and the pursuit of economic growth By making visible the full scope of the forces invested in and reinforcing inequality Erickson reveals the complex history of and broad culpability for ongoing struggles in our schools

Forced Justice David J. Armor, 1995 In *Forced Justice* David Armor explores the entire range of controversial issues in school desegregation policy including evolving Supreme Court doctrines the educational and social impacts of desegregation and the effectiveness of mandatory versus voluntary desegregation methods including magnet schools He challenges the harm and benefit thesis of *Brown v Board of Education* finding few significant educational and psychological benefits from desegregation and he counters conventional wisdom by arguing that voluntary plans using magnet schools are just as effective in attaining long term desegregation as mandatory busing Armor concludes by proposing a new policy of equity choice which draws on the best features of both the desegregation and choice movements

Yesterday, Today, and Tomorrow Roslyn Arlin Mickelson, Stephen Samuel Smith, Amy Hawn Nelson, 2017-11-14 *Yesterday Today and Tomorrow* provides a compelling analysis of the forces and choices that have shaped the trend toward the resegregation of public schools By assembling a wide range of contributors historians sociologists economists and education scholars the editors provide a comprehensive view of a community s experience with desegregation and economic development Here we see resegregation through the lens of Charlotte North Carolina once a national model of successful desegregation and home of the landmark Swann desegregation case which gave rise to school busing This book recounts the last forty years of Charlotte s desegregation and resegregation putting education reform in political and economic context Within a decade of the Swann case the district had developed one of the nation s most successful desegregation plans measured by racial balance and improved academic outcomes for both black and white students However beginning in the 1990s this plan was gradually dismantled Today the level of resegregation in Charlotte has almost returned to what it was prior to 1971 At the core of Charlotte s story is the relationship between social structure and human agency with an emphasis on how yesterday s decisions and actions define today s choices

School Desegregation Walter Stephan, 2013-06-29 **St. Louis School Desegregation** Hope C. Rias, 2018-12-31 This book examines the history of the school desegregation movement in St Louis Missouri Underlining the 2014 killing of Michael Brown as a catalyst for re examination of school desegregation Rias delves into the connection between contemporary school segregation and social justice probing the ways that soft racism a term the

author uses to describe the non violent yet equally harmful types of protests that opponents of desegregation utilized has permeated St Louis since the days of Brown v Board of Education The chapters feature the voices of those who were central to the desegregation fight in St Louis showing how the devastating effects of school segregation and soft racism linger today

After "Brown" Charles T. Clotfelter,2006-03-19 The United States Supreme Court s 1954 landmark decision Brown v Board of Education set into motion a process of desegregation that would eventually transform American public schools This book provides a comprehensive and up to date assessment of how Brown s most visible effect contact between students of different racial groups has changed over the fifty years since the decision Using both published and unpublished data on school enrollments from across the country Charles Clotfelter uses measures of interracial contact racial isolation and segregation to chronicle the changes He goes beyond previous studies by drawing on heretofore unanalyzed enrollment data covering the first decade after Brown calculating segregation for metropolitan areas rather than just school districts accounting for private schools presenting recent information on segregation within schools and measuring segregation in college enrollment Two main conclusions emerge First interracial contact in American schools and colleges increased markedly over the period with the most dramatic changes occurring in the previously segregated South Second despite this change four main factors prevented even larger increases white reluctance to accept racially mixed schools the multiplicity of options for avoiding such schools the willingness of local officials to accommodate the wishes of reluctant whites and the eventual loss of will on the part of those who had been the strongest protagonists in the push for desegregation Thus decreases in segregation within districts were partially offset by growing disparities between districts and by selected increases in private school enrollment

Becoming Less Separate? United States Commission on Civil Rights,2007

Why Busing Failed Matthew F. Delmont,2016-03-01 In the decades after the landmark Brown v Board of Education Supreme Court decision busing to achieve school desegregation became one of the nation s most controversial civil rights issues Why Busing Failed is the first book to examine the pitched battles over busing on a national scale focusing on cities such as Boston Chicago New York and Pontiac Michigan This groundbreaking book shows how school officials politicians the courts and the media gave precedence to the desires of white parents who opposed school desegregation over the civil rights of black students This broad and incisive history of busing features a cast of characters that includes national political figures such as then president Richard Nixon Chicago mayor Richard J Daley and antibusing advocate Louise Day Hicks as well as some lesser known activists on both sides of the issue Boston civil rights leaders Ruth Batson and Ellen Jackson who opposed segregated schools and Pontiac housewife and antibusing activist Irene McCabe black conservative Clay Smothers and Florida governor Claude Kirk all supporters of school segregation Why Busing Failed shows how antibusing parents and politicians ultimately succeeded in preventing full public school desegregation
