

THE NATURAL  
HISTORY OF RELIGION  
(ANNOTATED)  
*David Hume*

# Natural History Of Religion

**P. J. E. Kail**

## **Natural History Of Religion:**

*The Natural History of Religion* Hume, David, 2017-04-20 Hume's *Natural History of Religion* may with his *Dialogues Concerning Natural Religion* be held to mark the beginning of the Philosophy of Religion. Not so clearly a text illustrating modern technology indeed in its own day it was regarded as skeptical and subversive. The *Natural History* is remarkably illustrative of the development of religious thought and is a brilliant philosophical contribution to the interpretation of religion.

**The Natural History of Religion** David Hume, 2023-10-01 Welcome to the thought provoking world of David Hume's *The Natural History of Religion* a groundbreaking exploration of humanity's religious impulses and their origins. Prepare to embark on a fascinating journey through the complexities of religious belief and practice as you delve into this enlightening treatise. Accompany Hume the renowned philosopher and skeptic as he delves into the natural history of religion seeking to uncover the psychological social and cultural factors that shape our religious beliefs and behaviors. Through rigorous analysis and incisive reasoning Hume challenges conventional wisdom and invites readers to question the foundations of their faith. Themes of reason superstition and the nature of belief permeate *The Natural History of Religion* prompting readers to reflect on the origins and evolution of religious thought. Hume's examination of human psychology and social dynamics sheds light on the complex interplay between reason and faith offering valuable insights into the nature of religious experience. Through his meticulous scholarship and compelling arguments Hume dismantles traditional notions of divine revelation and religious authority urging readers to adopt a more critical and skeptical perspective. His exploration of religious diversity and cultural relativism challenges readers to confront the limitations of their own beliefs and biases. The overall tone of *The Natural History of Religion* is one of intellectual curiosity and skepticism as Hume navigates the complexities of religious belief with wit and insight. His clear and accessible prose makes complex philosophical concepts accessible to readers of all backgrounds inviting them to engage with the material on a deeper level. Since its publication *The Natural History of Religion* has been hailed as a seminal work in the philosophy of religion garnering acclaim for its bold insights and rigorous analysis. Its enduring relevance continues to spark debate and discussion among scholars and readers alike challenging conventional wisdom and prompting fresh perspectives on the nature of faith. As you delve into the pages of *The Natural History of Religion* you'll find yourself drawn into a thought provoking exploration of human belief and behavior guided by Hume's keen intellect and penetrating analysis. Whether you're a student of philosophy or simply curious about the origins of religious thought Hume's seminal work offers invaluable insights that are sure to stimulate your intellect and provoke your imagination. In conclusion *The Natural History of Religion* is more than just a philosophical treatise it's a bold and incisive inquiry into the origins and nature of religious belief that continues to challenge and inspire readers with its profound insights and provocative ideas. Whether you're a believer a skeptic or somewhere in between Hume's groundbreaking work offers a fascinating glimpse into the complexities of the human mind and the enduring mysteries of

faith Don't miss your chance to explore the thought provoking insights of David Hume's *The Natural History of Religion*. Let this seminal work expand your horizons and deepen your understanding of the human experience. Secure your copy now and embark on a journey of intellectual discovery that will challenge and enlighten you in equal measure.

**The Natural History of Religion** David Hume, 1889      *The Natural History of Religion* David Hume, 2004-06

The only point of theology in which we shall find a consent of mankind almost universal is that there is invisible intelligent power in the world. But whether this power be supreme or subordinate, whether confined to one being or distributed among several, what attributes, qualities, connexions, or principles of action ought to be ascribed to those beings concerning all these points, there is the widest difference in the popular systems of theology.

**Principal Writings on Religion Including Dialogues Concerning Natural Religion and the Natural History of Religion** David Hume, 1993

Presents four works that are central to the 18th century Scottish philosopher's campaign against organized religion. The three posthumous essays were probably written at the height of his campaign but he dropped the project on advice from a friend. The spelling, capitalization, and punctuation are modernized, and the speakers of each dialogue are identified with bold type. First published in 1980. No index. Paper edition, unseen 5/95. Annotation copyrighted by Book News, Inc., Portland, OR.

**The Natural History of Religion** David Hume, 2018-08-15

*The Natural History of Religion* Large Print. By David Hume. In this essay, Hume pioneers a naturalist account of the causes, effects, and historical development of religious belief. Hume locates the origins of religion in emotion, particularly fear, and the desire to control the future. He further argues that monotheism arises from competition between religions as believers seek to distinguish their deities as superior to all rivals. The monotheist drive to dominate other beliefs and to burnish the primitive emotional core of religion under a veneer of theology. Hume concludes that this yields intolerance, intellectual dishonesty, and unnatural moral doctrines. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand-curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience.

*The natural history of religion* David Hume, 1793      *Dialogues and Natural History of Religion* David Hume, 1998

David Hume is the greatest and also one of the most provocative philosophers to have written in the English language. No philosopher is more important for his careful critical and deeply perceptive examination of the grounds for belief in divine powers and for his sceptical accounts of the causes and consequences of religious belief expressed most powerfully in the *Dialogues Concerning Natural Religion*.

and *The Natural History of Religion* The Dialogues ask if belief in God can be inferred from the nature of the universe or whether it is even consistent with what we know about the universe *The Natural History of Religion* investigates the origins of belief and follows its development from harmless polytheism to dogmatic monotheism Together they constitute the most formidable attack upon the rationality of religious belief ever mounted by a philosopher This edition also includes Section XI of *The Enquiry Concerning Human Understanding* and a letter concerning the Dialogues as well as particularly helpful critical apparatus and abstracts of the main texts enabling the reader to locate or relocate key topics      *Remarks on Mr. David Hume's Essay on the Natural History of Religion: ...* William Warburton, 1777      **David Hume: On Religion** David Hume, 2023-12-09 In *David Hume On Religion* renowned philosopher David Hume presents a critical examination of religious belief through his signature empirical lens The book engages with major theological concepts unsettling dogmatic doctrines while advocating for a rational approach to understanding faith Employing a rich blend of philosophical essay polemic and intellectual inquiry Hume's literary style is characterized by its clarity and eloquence making complex ideas accessible Positioned within the Enlightenment tradition this work grapples with the tension between human reason and religious belief challenging contemporary thought and laying the groundwork for future philosophical discourse Hume a central figure of the Scottish Enlightenment was profoundly influenced by the empirical methods of observation and skepticism toward established norms His own experiences and the intellectual climate of 18th century Scotland marked by burgeoning ideas of personal liberty and human rationality inspired his critical stance on religion Straddling the delicate interplay of faith and reason Hume's inquiries reflect both a personal and philosophical struggle with the nature of belief *David Hume On Religion* is a must read for anyone interested in philosophy theology or the historical context of religious thought Hume's incisive reasoning and engaging prose invite readers to ponder their convictions while cultivating a deeper understanding of the human condition      *The Natural History of Religion* David Hume, 2016-08-29 *The Natural History of Religion* David Hume With an introduction by John M Robertson David Hume 7 May 1711 25 August 1776 born David Home was a Scottish philosopher historian economist and essayist who is best known today for his highly influential system of radical philosophical empiricism skepticism and naturalism Hume's empiricist approach to philosophy places him with John Locke George Berkeley Francis Bacon and Thomas Hobbes as a British Empiricist Beginning with his *A Treatise of Human Nature* 1739 Hume strove to create a total naturalistic science of man that examined the psychological basis of human nature *The Natural History of Religion* was published by Hume at the beginning of 1757 after his reputation had been established by his earlier *Essays* and the first two volumes of his *History of England* It is the one of his works which most explicitly asserts his Deism but on account of its rationalistic treatment of concrete religion in general which only nominally spared Christianity it was that which first brought upon him much theological odium in England The pugnacious Warburton saw a copy before publication and wrote to Millar who was Hume's publisher as well as his own urging its suppression Sir he characteristically

begins I suppose you would be glad to know what sort of book it is which you are to publish with Hume's name and yours to it. He is establishing Atheism and in one single line of a long essay professes to believe Christianity. You have often told me of this man's moral virtues. He may have many for aught I know but let me observe to you there are vices of the mind as well as of the body and I think a wicked mind and more obstinately bent on public mischief I never knew. 1. The establishing Atheism was perhaps truer in a way than the Christian critic supposed though nothing could be more distinct than Hume's preliminary and repeated profession of Theism and nothing more unscrupulous than Warburton's statement. **David**

**Hume's Natural History of Religion** Anton Thomsen, 1909      **The Natural History of Religion** David Hume, 1967

*The Natural History of Religion* David Hume, Anthony Wayne Colver, John Valdimir Price, 1757      *A Dissertation on the Passions* David Hume, 2007 Tom Beauchamp presents the definitive scholarly edition of two famous works by David Hume both originally published in 1757. In *A Dissertation on the Passions* Hume sets out his original view of the nature and central role of passion and emotion. *The Natural History of Religion* is a landmark work in the study of religion as a natural phenomenon. Projection and Realism in Hume's Philosophy P. J. E. Kail, 2007-07-26 In his writings Hume talks of our gilding and staining natural objects and of the mind's propensity to spread itself on the world. This has led commentators to use the metaphor of projection in connection with his philosophy. Hume is held to have taught that causal power and self are projections that God is a projection of our fear and that value is a projection of sentiment. By considering what it is about Hume's writing that occasions this metaphor P. J. E. Kail spells out its meaning, the role it plays in Hume's work and examines how if at all what sounds projective in Hume can be reconciled with what sounds realist. In addition to offering some highly original readings of Hume's central ideas *Projection and Realism in Hume's Philosophy* offers a detailed examination of the notion of projection and the problems it faces. **The Natural History of Religion. Edited with an Introduction by H.E.**

**Root** David Hume, 1956      **'Religion' and the Religions in the English Enlightenment** Peter Harrison, 2002-05-02 This study examines the changes which took place in the understanding of religion and the religions during the Enlightenment in England, the period when the decisive break with Patristic, Medieval and Renaissance notions of religion occurred. Dr Harrison's view is that the principles of the English Enlightenment not only made a special contribution to our modern understanding of what religion is but they pioneered in addition the scientific or non-religious approach to religious phenomena. During this period a crisis of authority in the Church necessitated a rational enquiry into the various forms of Christianity and in addition into the claims of all religions. This led to a concept of religion based on natural theology which could link together the apparently disparate religious beliefs and practices found in the empirical religions. **The Natural History of Religion** David Hume, Infomotions, Inc, Virginia Polytechnic Institute and State University, 1757      *The Everlasting Check* Alexander George, 2016-01-05 Alexander George's lucid interpretation of Hume's *Of Miracles* provides fresh insights into this provocative text explaining the concepts and claims involved. He also shows why Hume's argument

fails to engage with committed religious thought and why philosophical argumentation so often proves ineffective in shaking people's deeply held beliefs

### Natural History Of Religion Introduction

In the digital age, access to information has become easier than ever before. The ability to download Natural History Of Religion has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Natural History Of Religion has opened up a world of possibilities. Downloading Natural History Of Religion provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Natural History Of Religion has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Natural History Of Religion. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Natural History Of Religion. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Natural History Of Religion, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Natural History Of Religion has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Natural History Of Religion Books

1. Where can I buy Natural History Of Religion books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
