## Natural Philosophy Of Love:

*The Natural Philosophy of Love* Remy de Gourmont, 2019-11-25 Remy de Gourmont's *The Natural Philosophy of Love* delves into the complexities and nuances of human emotions particularly focusing on the concept of love. This philosophical treatise combines elements of psychology, sociology, and literature to explore the various forms, motivations, and consequences of love in a thought-provoking manner. Gourmont's writing style is both lyrical and analytical, drawing on his vast knowledge of literature and philosophy to present a comprehensive study of the subject. His unique approach to dissecting the nature of love offers readers a deep insight into the human experience and relationships. The book is a significant contribution to the field of philosophical inquiry into matters of the heart. Gourmont's intellectual curiosity and keen observations make this work a valuable resource for anyone interested in exploring the complexities of love and its impact on individuals and society. *The Natural Philosophy of Love* is recommended for readers seeking a thoughtful exploration of the emotional landscape and the role of love in shaping human interactions. **Natural Philosophy of Love** Remy De Gourmont, 2005 **The Natural**

**Philosophy of Love** Remy De Gourmont, 2020-02-07 Remy De Gourmont was a French novelist, critic, and symbolist poet.

*The Natural Philosophy of Love* Remy De Gourmont, Ezra Pound, 2017-09-15 *The Natural Philosophy of Love* is an exploration of the prodigious sexual mores of Nature's creations. Translated with a postscript by Ezra Pound, Remy de Gourmont's essay on sexual instinct surveys the entire animal kingdom, describing the hermaphroditism of oysters, the cannibalistic amours of spiders, and many more curious natural phenomena. Blending zoology, poetry, and philosophy, the author's subversive erudition casts a dubious glance at anthropocentric morality, finding there is no lewdness which has not its normal type in nature. **The Natural Philosophy of Love** Remy de Gourmont, 2015-05-09 This book, which is only an essay because its subject matter is so immense, represents nevertheless an ambition: one wanted to enlarge the general psychology of love, starting it in the very beginning of male and female activity and giving man's sexual life its place in the one plan of universal sexuality. *The Natural Philosophy of Love* Remy de Gourmont, 1926 *Natural Philosophy of Love*,

*on Love, Knowledge, and Sight* Norman Klassen,1995 The author argues that Chaucer is unorthodox in exploiting the

**Descent of Love** Bert Bender,2015-11-16 Upon its publication in 1871 Charles Darwin's *The Descent of Man and Selection*  
*in Relation to Sex* sent shock waves through the scientific community and the public at large In an original and persuasive  
 study Bert Bender demonstrates that it is this treatise on sexual selection rather than any of Darwin's earlier works on  
 evolution that provoked the most immediate and vigorous response from American fiction writers These authors embraced  
 and incorporated Darwin's theories insights and language creating an increasingly dark and violent view of sexual love in  
 American realist literature In *The Descent of Love* Bender carefully rereads the works of William Dean Howells Henry James  
 Elizabeth Stuart Phelps Sarah Orne Jewett Kate Chopin Harold Frederic Charles W Chesnutt Edith Wharton and Ernest  
 Hemingway teasing from them a startling but utterly convincing preoccupation with questions of sexual selection Competing  
 for readership as novelists who best grasped the real nature of human love these writers also participated in a heated social  
 debate over racial and sexual differences and the nature of sex itself Influenced more by *The Descent of Man* than by the  
*Origin of Species* Bender's novelists built upon Darwin's anthropological and zoological materials to anatomize their  
 characters' courtship behavior returning consistently to concerns with physical beauty natural dominance and the power to  
 select a mate Bringing the resources of the history of science and intellectual history to this the first full length study of the  
 impact of Darwin's theories in American literature Bender revises accepted views of social Darwinism American literary  
 realism and modernism in American literature forever changing our perceptions of courtship and sexual interaction in  
 American fiction from 1871 to 1926 and beyond      *Lest We Lose Love* Scherto Gill,2023-04-18 Few are aware that since  
 antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life  
 meaningful and worthwhile and how we can live a good life together through an ethic of love This book fills this significant  
 gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic  
 institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived  
 experiences By re-discovering the gifts of love we may challenge the existing systemic dehumanisation and draw from  
 knowledge and understanding already present in our culture This is timely because the global crises we are facing are  
 catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear

Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet s well ness This book highlights a clear pathway forward to ensure collective healing and co flourishing with nature we must practise the art of loving Light, Love, Light, Shalom Steven Steinberg,2011-11-11

**Love in a Time of Climate Change** Sharon Delgado,2017-06-30 Love in a Time of Climate Change challenges readers to develop a loving response to climate change which disproportionately harms the poor threatens future generations and damages God s creation This book creatively adapts John Wesley s theological method by using scripture tradition reason and experience to explore the themes of creation and justice in the context of the earth s changing climate By consciously employing these four sources of authority readers discover a unique way to reflect on planetary warming theologically and to discern a faithful response The book s premise is that love of God and neighbor in this time of climate change requires us to honor creation and establish justice for our human family for future generations and for all creation From the introduction As we entrust our lives to God we are enabled to join with others in the movement for climate justice and to carry a unified message of healing love and solidarity as we live into God s future offering hope in the midst of the climate crisis that another world is possible God is ever present always with us Love never ends
