Euler, Frank Tikalsky, 2016-05-26 Your personal tour of the Grand Canyon by the folks who know it best Geology and biology Indians and explorers rafting and hiking it s all here in this one handy guide written by five people whose years of hiking river running studying and simply contemplating the Canyon have given them an intimate knowledge of its wonders that few others can match Contents Foreword by Ann H Zwinger 1 The Geologic Record by Stanley S Beus 2 The Living Canyon by Steven W Carothers 3 Grand Canyon Indians by Robert C Euler 4 Historical Explorations by Robert C Euler 5 The Canyon by River by Kim Crumbo 6 Hiking the Canyon by Frank Tikalsky *Canyon Hiking Guide to the Colorado Plateau* Michael R. Kelsey, 1986 **The Hiker's Guide to Arizona** Stewart W. Aitchison, 1987 *Downcanyon* Ann Zwinger, 2015-11-01 Every writer comes to the Colorado River in the Grand Canyon with a unique point of view Ann Zwinger s is that of a naturalist an observer at the river s brim Teamed with scientists and other volunteer naturalists Zwinger was part of an ongoing study of change along the Colorado In all seasons and all weathers in almost every kind of craft that goes down the waves she returned to the Grand Canyon again and again to explore look and listen From the thrill of running the rapids to the wonder in a grain of sand her words take the reader down 280 miles of the ever flowing energetic whooping and hollering galloping river Zwinger s book begins with a bald eagle count at Nankoweap Creek in January and ends with a subzero snowy walk out of the canyon at winter solstice Between are the delights of spring in side canyons the benediction of rain on a summer beach and the chill that comes off limestone walls in November Her eye for detail catches the enchantment of small things played against the immensity of the river the gatling gun love song of tree frogs the fragile beauty of an evening primrose ravens always in close attendance like lugubrious sharp eyed nineteenth century undertakers and a golden eagle chasing a trout with wings akimbo like a cleaning lady after a cockroach As she travels downstream Zwinger follows others in history who have risked and occasionally lost their lives on the Colorado Hiking in narrow canyons she finds cliff dwellings and broken pottery of prehistoric Indians Rounding a bend or running a rapid she remembers the triumphs and tragedies of early explorers and pioneers She describes the changes that have come with putting a big dam on a big river and how the dam has affected the riverine flora and fauna as well as the rapids and their future Science in the hands of a poet this captivating book is for armchair travelers who may never see the grandiose Colorado and for those who have run it wisely and well Like the author readers will find themselves bewitched by the color and flow of the river and enticed by what s around the next bend With her they will find its rhythms still in the mind long after the splash and spray and pound are gone A Walk in the Park Kevin Fedarko, 2024-05-28 A New York Times Bestseller Winner of the 2024 National Outdoor Book Award in Outdoor Literature Winner of the 2025 Andrew Carnegie Medal for Excellence in Nonfiction Named a Best Book of the Year by the New York Times Air Mail Smithsonian Magazine and Financial Times A triumph Fedarko doesn t describe awe he induces it

The New York Times Book Review Passionate memorable life affirming The Wall Street Journal From the author of the beloved bestseller The Emerald Mile a rollicking and poignant account of an epic 750 mile odyssey on foot through the heart of America s most magnificent national park and the grandest wilderness on earth Two friends zero preparation one dream A few years after quitting his job to follow an ill advised dream of becoming a guide on the Colorado River Kevin Fedarko was approached by his best friend National Geographic photographer Pete McBride with a vision as bold as it was harebrained Together they would embark on an end to end traverse of the Grand Canyon a journey that McBride promised would be a walk in the park Against his better judgment Fedarko agreed unaware that the small cluster of experts who had completed the crossing billed it as the toughest hike in the world The ensuing ordeal which lasted more than a year revealed a place that was deeper richer and far more complex than anything the two men had imagined and came within a hair s breadth of killing them both They struggled to make their way through a vertical labyrinth of thousand foot cliffs and crumbling ledges where water is measured out by the teaspoon and every step is fraught with peril and where even today there is still no trail along the length of the country s best known and most iconic park Along the way veteran long distance hikers ushered them into secret pockets invisible to the millions of tourists gathered on the rim where only a handful of humans have ever laid eyes Members of the canyon s eleven Native American tribes brought them face to face with layers of history that forced them to reconsider myths at the center of our national parks and exposed them to the threats of commercial tourism Even Fedarko s dying father who had first pointed him toward the canyon more than forty years earlier but had never set foot there himself opened him to a new way of seeing the landscape And always there was the great gorge itself austere and unforgiving but suffused with magic drenched in wonder and redeemed by its own transcendent beauty A singular portrait of a sublime place A Walk in the Park is a deeply moving plea for the preservation of America s greatest natural treasure

Canyon Michael P. Ghiglieri, 2016-12-15 Fasten your life jackets for a ride you ll never forget Now the excitement of a raft trip through the Grand Canyon has been re created by a seasoned whitewater guide with a passion to share one of the world s most fantastic journeys Michael Ghiglieri a professional river guide for more than 17 years has written the first book to describe that trip from the modern boatman s point of view From Lee s Ferry to Diamond Creek Ghiglieri leads you down 226 miles of wild river and through some of the most breathtaking scenery on earth Along the way he navigates the Colorado River s dozens of notorious rapids many of which drop fifteen feet or more and shares the excitement of waves and boulders thunder and foam Recounting a real journey through this geological wonder Canyon interweaves heart pounding adventure with factual insights into the world of Grand Canyon Between the rapids Ghiglieri relates tales of river runners past and present lessons in geology and wildlife observations on the impact of Glen Canyon Dam and stories of Native inhabitants from Anasazi ancestors to Havasupai Rastafarians This trip also offers more than its share of human drama for the passengers aboard leaving them with tales of their own to tell Running the Colorado River in the Grand Canyon is to me the

Nye,2021-04-27 How conflicting ideas of nature threaten to fracture America s identity Amber waves of grain purple mountain majesties American invest much of their national identity in sites of natural beauty And yet American lands today are torn by conflicts over science religion identity and politics Creationists believe that the Biblical flood carved landscapes less than 10 000 years ago environmentalists protest pipelines Western states argue that the federal government s land policies throttle free enterprise Native Americans demand protection for sacred sites In this book David Nye looks at Americans irreconcilably conflicting ideas about nature A landscape is conflicted when different groups have different uses for the same location for example when some want to open mining sites that others want to preserve or when suburban development impinges on agriculture Some landscapes are so degraded from careless use that they become toxic anti landscapes Nye traces these conflicts to clashing conceptions of nature ranging from pastoral to Native American to military industrial that cannot be averaged into a compromise Nye argues that today s environmental crisis is rooted in these conflicting ideas about land Depending on your politics global warming is either an inconvenient truth or fake news America s contradictory conceptions of nature are at the heart of a broken national consensus

Picturing Place Joan Schwartz,James Ryan,2021-10-30 The advent of photography opened up new worlds to 19th century viewers who were able to visualize themselves and the world beyond in unprecedented detail But the emphasis on the photography s objectivity masked the subjectivity inherent in deciding what to record from what angle and when This text examines this inherent subjectivity Drawing on photographs that come from personal albums corporate archives commercial photographers government reports and which were produced as art as record as data the work shows how the photography shaped and was shaped by geographical concerns **Hiking Arizona** Stewart W.
